WORKER SHOT AS HE WENT TO HIS DUTY

Mine Employe Killed by Strikers in West Virginia.

ATTEMPT TO KILL COMPANY OFFICIAL

National Guard of Mountain State Takes Turn at Strike Service.

SITUATION CRITICAL ALONG THE NEW RIVER

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Bluefield, W. Va., Aug. 28.—There is considerable excitement on Crane creek and Simmons creek over the recent shootings. This morning John Ruble, a blacksmith employed by the Sagamore Coal & Coke Company, was shot by striking miners and killed.

Reports were current during the day that a number of guards had been killed and wounded by the strikers, but investigation proved that Ruble was the only man killed.

Ruble, in company with Barney Shumate of this city, who had been employed as a guard, left the company store to go to a point on the works to stand guard, as the company feared a visit from a mob. En route they were fired on and Ruble fell. Shumate was armed with a Winchester and opened fire on the miners who, after their first volley, ran. None of them have been arrested. The non-union men who took the strikers' places are terrorized and a good many of them are leaving.

Attempt to Kill Company Officials.

W. H. McQuail, president of the Turkey Gap Coal Company, was fired at through a window, but was not hurt. A number of guards have been engaged and are being rushed into the field to give protection to the men who want to work tomorrow.

PARKERSBURG, W. VA., Aug. 28.—(Special.)—Nearly a thousand troops are encamping at various places along the Chesapeake & Ohio railroad in the New river valley. The Second regiment of the West Virginia National Guard is scattered along at intervals for the entire fifty miles of the New river coal field.

Peace hovers tonight over the whole country, but it is difficult to state how long it will continue. There may be a clash at any moment between the military and the striking miners.

The riot at Red Ash, a mine on the New river, where a hundred persons were killed in an explosion a year ago, in Fayette county, caused the troops to be ordered out. Constables who were evicting striking miners claim they were fired upon from the mountain side across the river, but it is now asserted by the railroad authorities that the firing was not directed at the officers, but was done by parties hunting squirrels in the woods.

Foreign Miners Restless.

No other firing has been heard and no attempt has been made in that section to destroy property. But the mine and railroad officials joined with Sheriff Daniels in asking the governor to order out the troops. The order was given about 3 o'clock this morning, and before noon the entire regiment was maving toward the scene of threatened trouble.

There is no doubt that the miners who have struck are getting very restless. There are many foreigners among them, and they, as well as the Americans and negroes, dislike to see the men at work in some of the mines while they are idle and eating only what the United Mine Workers furnish them. Only coal heads can prevent an outbreak among them, especially since the troops have been sent out. They have acted like a red flag in a bull's face and as long as they are in the field there is liable to be trouble at any moment.

Guarded by the troops, the rival authorities will continue to make evictions of the miners' families at Red Ash, Rush Run, Rend and other places.

Much Shooting Took Place.

THURMOND, W. VA., Aug. 28.—Everything is quiet in the New river coal fields tonight, and has been quiet throughout the day, save a little skirmish at Caperton, in which 20 or more shots were fired, but no one injured. The entire Second regiment arrived tonight and is being distributed about various coal operations where trouble occurred yesterday.

Three companies of militia will be stationed at Rush run, two miles west of here, where yesterday probably 500 shots were fired across the New river between strikers and guards. The strikers opened fire on non-union men going to work, and the guards returned the fire. None of the guards was injured, and so far as known no strikers were seriously hurt. The strikers gathered in the woodlands and rocky cliffs on the opposite side of the New river from Rush run mines and kept up a continual fire throughout the day.

Sheriff Daniel says the strikers are becoming more determined and that it was absolutely impossible for him to cope with the situation. Almost every mine on the Kanawha and New rivers is being operated on a small scale. In these fields probably 2,000 miners are at work and six or eight thousand idle. Considerable property already has been destroyed. The operators state emphatically that they have no intention of conceding a single demand made by the strikers.

TROOPS ORDERED OUT TO AID THE SHERIFF

Gov. White Gives His Reasons For Sending Soldiers to Fayette County.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CHARLESTON, W. VA., Aug. 28.—The Second regiment West Virginia National Guard, embracing two companies from Parkersburg, three from Huntington, one from Milton, one from Ronceverte and one from Charleston, the latter including a signal corps, are now at Thurmond, having been ordered out early this morning by Gov. White for the purpose of preventing disorder in the New River mining region.

Gov. White gives his reasons for ordering out troops as follows:

"I ordered the troops sent because the sheriff of Fayette county made a formal demand in

IN AUTOMOBILE SCHWAB MAKES TRIP TO PARIS

Met at Havre by M. Charley and Reports Glorious Voyage.

HE IS NOW STAYING AT THE HOTEL RITZ

(Copyright Cable To The Pittsburgh Gazette.)

Paris, Aug. 28.—Between 3:30 and 3:45 this afternoon there dashed down the Champs Elysees a large 45-horsepower Mercedes driven by M. Charley, beside whom sat Charles M. Schwab. Behind them were Mme. Charley and Mr. Schwab's chauffeur, M. Charley's chauffeur occupying a stepboard beside the driver.

M. Charley, who has been staying with his wife at Deauville during the kilometer tests, learned that his client, Mr. Schwab, was expected at Havre by the Lorraine, and drove there to meet him. The Lorraine was sighted at 5:45 this morning, but owing to a low tide, the tug Titan took off the passengers, who landed at 7:50.

Mr. Schwab was greeted on the quay by M. and Mme. Charley and M. Faquet, traffic manager of the Compagnie Generale Trans-Atlantique.

The Lorraine made very good time and enjoyed ideal weather, not one passenger being seasick. In fact, to quote Mr. Schwab's own words, "We had a glorious trip."

When he learned that M. Charley's automobile was waiting to take him to Paris, Mr. Schwab sent off some cable messages, took a hasty leave of a party of friends who came on by train, and was soon off toward Paris, where he has put up at the Hotel Ritz.

Mr. Schwab's 45 horse power Mercedes, ordered from M. Charley, which crossed him on the ocean, has been ordered to be sent back to Havre by the Gascogne.

LONDON, Aug. 29.—In a dispatch from Havre, the correspondent of the Daily Express declares on the evidence of fellow passengers of Charles M. Schwab, president of the United States Steel Corporation, who sailed from New York, August 21, on the French liner La Lorraine, that Mr. Schwab worked extremely hard during the trip over and never gave himself five minutes leisure.

"I boarded the Lorraine at Cap de la Heve," continues the correspondent, "and found Mr. Schwab looking haggard and careworn. He had been up since 5 o'clock in the morning, pacing the deck and waiting for the mail. At 6 o'clock Mr. Schwab was breakfasting, glancing hastily over a pile of letters and telegrams and talking to his continental agent.

"In an interview," proceeds the correspondent, "Mr. Schwab maintained he had come abroad for a rest and holiday, his physicians having advised him to do so, but he emphatically denied any intention to resign the presidency of the Steel Corporation or to negotiate a new combine in Europe. He insisted that the utmost harmony prevailed in the management of the steel combine. Mr. Schwab said he had no plans beyond indefinite stays at the various continental health resorts and an intention to leave business strictly alone. He is going first to Aix-les-Bains for a month."

GIRLS AS MESSENGERS.

Western Union Telegraph Company Will Employ No More Boys in Chicago.

CHICAGO, Aug. 28.—The Western Union Telegraph Company has definitely decided that it will, in this city, employ no more boys as messengers. The boys have struck three times within the last month, and the company has decided that it will employ them no longer.

Girls will be used to carry messages in the business and residence districts. For the night work men will be used, and men will also be kept in the day time for the purpose of carrying messages into the undesirable parts of the city. The change will be made at once.

TOM JOHNSON WINS HOT FIGHT AGAINST M'LEAN'S COHORTS

Invades Enemy's Country and Steals Delegates from Under Cincinnati Editor's Nose.

NAME CHEERED TO ECHO

[SPECIAL TELEGRAM TO THE GAZETTE.]

Cincinnati, O., Aug. 28.—Lewis C. Bernard, John R. McLean's lieutenant, went down to defeat today at the Democratic county convention. In a desperate fight the Tom L. Johnson faction, led by the Rev. Herbert S. Bigelow, won the majority of delegates to the state convention at Sandusky and, it is believed, will control the reorganization of the Democratic county executive committee. Mr. Bigelow was himself elected a delegate to the state convention.

The convention indorsed Tom L. Johnson for chairman of the Democratic state convention. There were but three dissenting votes. Johnson's name was cheered to the echo.

As the convention drew to a close and Bernard saw he was beaten, he concluded to make no effort to elect his delegates-at-large. The anti-Bernard delegates-at-large, therefore, were elected unanimously, on Bernard's motion.

After the result of the test vote was known, the anti-Bernard leaders abandoned their original plan of attacking Bernard's plan of apportionment of delegates, because the test vote showed them that the apportionment was favorable to their interests.

WILL AGAIN ATTEMPT TO END GLASS WAR

Meeting of Representatives of Three Big Companies Will Open at Columbus This Morning.

[SPECIAL TELEGRAM TO THE GAZETTE.]

COLUMBUS, O., Aug. 28.—The executive committees, composed of 15 members each from the Independent Window Glass Company and the Federation Window Glass Company, are at the Chittenden hotel awaiting the arrival of representatives from the American Window Glass Company, tomorrow morning, when the representatives of the three big companies controlling the entire output of window glass in the United States will try to effect an agreement by which the cutting of prices may be stopped.

The American Glass Company about three years ago bought up 70 per cent of the capacity of the country and was able to keep prices where they put them. Shortly after independent companies started up and an independent window glass company, representing 33½ per cent of the capacity of the country, was organized to compete with the American Glass Company. Later still, companies outside of either of the two first combinations organized what has been known as the Federation Glass Company Co-Operatives, which holds 25 per cent of the capacity. These three rival companies have been carrying on a bitter price war for over a year.

One of the representatives said tonight that no attempt would be made tomorrow to consolidate, that they only wanted to reach an agreement by which each could operate independently, but without a cut price competition.

A telephone message was received in this city about 5 o'clock last evening asking the officials of the American Window Glass Company to come to Columbus and attend a conference with the officers of the Independent and Federation companies today. Vice President William Loeffler and Secretary E. I. Phillips left for Columbus last evening and President James A. Chambers, who was at Atlantic City, also will be present. It was announced here that at this conference the differences would all be settled and an agreement reached by which prices would be sustained.

Virchow Nearing End.

BERLIN, Aug. 28.—Prof. Virchow, the famous scientist, appears to be near his end. The improvement of last week has not been maintained and his strength is unmistakably failing. The professor is at Harzburg, in the Harz mountains and no one except his family and the doctors has been allowed to see him for several weeks.

MR. ROOSEVELT TO SPEAK AGAIN IN PITTSBURGH

Will Come to State in Interest of Election of Pennypacker.

OTHER ORATORS ON QUAY'S LIST

By CHESTER D. POTTER,
Staff Correspondent.

Philadelphia, Pa., Aug. 28.—President Roosevelt will make at least two speeches during the Pennsylvania state campaign, one in Philadelphia and another in Pittsburgh. Chairman Quay made this announcement today.

Leslie M. Shaw, secretary of the treasury, Senator Henry Cabot Lodge of Massachusetts and Robert Burns of Virginia were heard from today and all expressed willingness to speak under the direction of Col. Quay. Senators Fairbanks and Burrows and Congressman Littlefield also are on the list, and there are scores of Pennsylvania speakers who have placed themselves subject to call.

The Democratic efforts to absorb the Union party will result in a most interesting, if not exciting, state convention. An impartial canvass of the situation shows that at least 80 per cent of the bona-fide Union party delegates will favor an indorsement of Judge Pennypacker. He will have nearly 100 delegates in this city to start with, that is, if they are seated.

Organizing New Party.

Col. Guffey and the Democratic managers understand this. They know that Gov. Pattison stands no chance so far as the old Union party is concerned. Therefore they are organizing a new party, which they hope by and through the friendly offices of Chairman Frank Riter and Secretary Mapes to substitute for the real thing at the convention September 3.

Democratic lieutenants have secured, it is said, men in every county who will come to the convention, present bogus credentials and demand that they be seated. If the roll is made up by the secretary of the state committee, as directed by Chairman Riter—who is recognized as a thick-and-thin Wanamaker man—it is quite possible that the Democrats will succeed in controlling the temporary organization, but the Republican and Union party leaders do not believe the Guffey-Wanamaker combine will be able to direct the convention after its permanent organization.

Orders have been issued to throttle every delegate who will not pledge himself to an indorsement of Pattison. The first blow was struck at the Union party city committee of Philadelphia. The city committee was given 188 blank credentials by Secretary Mapes with orders for their distribution. This was done. Then the delegates began to express the opinion that Judge Pennypacker should be indorsed.

Calls for New Pack.

Realizing that the delegates here would be almost a unit for the judge, Chairman Riter annulled his previous order and declared void the previous orders which had been given the city committee for distribution. Substitute blanks were issued, and the announcement made by Chairman Riter that Secretary Mapes would make up the roll, regardless of the legitimate status of the delegates-elect.

Deputy Register Arch Mackrell of Pittsburgh called at state headquarters this morning. He saw Senator Penrose. Mr. Mackrell discussed the indorsement of Judge Pennypacker by the Citizens party of Pittsburgh, and expressed the opinion that the "organization" candidates would consider it a personal favor if the judge should decline the indorsement. Senator Penrose was unable to give Mackrell assurances of this character.

Named After 368 Ballots.

EATON, O., Aug. 28.—Thomas A. Selz was nominated for congress tonight by the Democrats of the Third district. The nomination was made on the 368th ballot.

MULTITUDE SURROUNDS ROOSEVELT

The President Is Nearly Carried Off His Feet by Great Crowd.

BIG OVATION IN NEW HAMPSHIRE

GOVERNOR'S STAFF WAITS ON TABLE

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Newbury, N. H., Aug. 28.—President Roosevelt tonight is the guest of Secretary of State Hay, whose summer home is a few miles from here along the shores of Lake Sunapee. The secretary and his daughters met the president upon his arrival and joined with the assemblage in extending him a hearty welcome.

The president delivered a brief address to the townspeople, in which he thanked them for their greeting. He then entered Secretary Hay's launch, Nomad, and steamed to The Fells.

New Hampshire's arms were open today to receive the president. Long before he was awake a committee representing the governor boarded the train. The welcome they extended on behalf of the state was magnified later in the day in the smaller towns through which the train passed and at Nashua, Manchester, The Weirs and Concord, although the day was replete with the miscarriage of arrangements.

At The Weirs, where the Grand Army reunion was held, in the excess of their desire to accord the president a fitting reception, the people came near causing a crush, which might have resulted disastrously.

President Nearly Off His Feet.

As it was, the president was for a time in the midst of a howling, surging mass, and was all but carried off his feet. So inadequate were the police arrangements that the crowd had entire control of the situation.

At the hotel again, the carefully laid plans for his entertainment went astray, luncheon finally being served through the gallantry of the governor's staff, who turned in and acted as waiters.

The president's speech at the park, where the veterans were gathered, was most favorably received. As in the case of Bangor, he admonished his hearers to remain still and not to shove.

To the Grand Army encampment at The Weirs, the president made a rather long speech. He praised the veterans for their service and for their ready return to the duties of civil life. The responsibilities of peace, he said, are as solemn as those of war. He emphasized the need of brotherhood among the people.

No Handshaking Permitted.

A great crush occurred at Concord as the train was pulling out, and for a time it was feared people would be hurt. The president's special was greeted with a salute of 21 guns. A large crowd had gathered at the station and voiced its welcome in hearty cheers. The party drove to the state fair grounds, which the president entered to the sound of a second presidential salute. A stranger who attempted to shake hands with the president was hustled away by the secret service officials.

Arriving at the stage from which he was to speak, the president received the greatest ovation of the day. At the conclusion of his remarks the president took the train for Newbury.

It was made known today that President Roosevelt, almost immediately after his return to Oyster Bay on September 3, will make a flying trip to Tennessee and North Carolina. He will leave on the 5th for Chattanooga, where he will attend the conference of the locomotive firemen on the 8th. Sunday, the 7th, will be spent in looking over the battlefield of Chickamauga. On the return trip Asheville and perhaps one other place in North Carolina will be visited.

While the president was at Nashua today he received a dispatch announcing that W. A. Larned had defeated Doherty at tennis, and immediately he sent a telegram of congratulation. Larned served with the president in the Cuban campaign.

ATTORNEY EXPLAINS ARREST OF BURT

Charge Against Union Pacific President Said to Be Instigated by Strikers.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

OMAHA, NEB., Aug. 28.—John N. Baldwin, general attorney for the Union Pacific railroad, today gave to the Associated Press a statement relative to the action taken against President Burt by the Indianapolis men who allege they were deprived of their liberty. He declares that the arrest of Mr. Burt was an act of maliciousness, made for the purpose of keeping the public agitated regarding strike difficulties. He continues:

"The facts are that the men arrived Sunday morning, August 24, 18 in number, for work in the Union Pacific shops in Omaha. They had been employed by a labor agency in Indianapolis which had no connection with the railroad company. They were given their breakfast and then said they wanted to go to Denver, but four of them decided to remain in this city. They were without money and the company furnished them food and lodging until Monday.

"Monday morning they went to the company's headquarters and asked for transportation to Denver, which was refused. They then joined the strikers, who induced them to swear out the complaints alleging false imprisonment, and that they were detained on the shop grounds Sunday."

Killed Children and Herself.

LITTLE ROCK, ARK., Aug. 28.—Mrs. Reese Wagoner, wife of a citizen of North Little Rock, and her two children, aged 3 and 6, were found dead in bed today with their throats cut. It is believed Mrs. Wagoner killed the children and then cut her own throat.

MGR. GUIDI,
Apostolic Delegate to Manila.

ROME, Aug. 28.—Mgr. Guidi has been appointed apostolic delegate in the Philippines. Mgr. Guidi is expected to hasten his departure for Manila, in consequence of information received at the vatican of the organization of a schismatic Catholic church in the Philippines. The vatican professes not to attach much importance to the movement, and declares it "cannot develop under the leadership of persons whose sole reason for organizing is because they are excommunicated from the Catholic church."

SHOWALTER REPUDIATES THE ACTION

Butler Congressman Will Not Accept Plan for Nominating.

HE SAYS THAT HE HAS BEEN TRICKED

Congressman Joseph Showalter, who has the Republican indorsement of Butler county for re-election, is ready to carry the war into Westmoreland. He declares that he has been tricked by the committee representing the organizations of the two counties and will refuse to accept the plan of nomination decided upon by them. He admits that the final settlement of the trouble must be left to an umpire appointed by Chairman M. S. Quay of the Republican state committee.

If the agreement entered into by the two counties yesterday is allowed to stand, Col. George F. Huff or some other Westmoreland Republican will represent the Twenty-second district for the next three terms. By the plan unanimously adopted, Westmoreland would have eight votes to the three of Butler in the district conference. It was also declared that one county could not have more than three successive terms without securing the consent of the other county.

Showalter repudiates the whole arrangement and says he will insist upon each county having three conferees.

Surprise Party for Showalter.

During the early spring the Republican organization of each county appointed a committee of three to decide upon a plan of nominating congressmen. Many meetings were held, but Westmoreland insisted that as it was the larger county, it should have the greater number of conferees. Butler refused to agree to this, and long before primaries were held in either county, the conference adjourned without action.

Butler indorsed Showalter and Westmoreland named Huff. This was done in June, but no attempt was made to get together on a system of nominating until yesterday.

Ten days ago Showalter visited Huff at Greensburg and says the colonel then agreed to the old conferee system. Yesterday the committee met at the Hotel Duquesne. Westmoreland was represented by W. C. Peoples, Harry Bovard and D. C. Ogden. The Butler committee was composed of E. W. Lowry, Ira McJunkin and N. B. Duncan. In addition to the committee Butler was represented by Showalter, ex-Representative James Moore, Lewis Wise, Warren McCreary and Representative James Mates.

To the surprise of Showalter, the committee unanimously agreed upon a plan that would put him out of the running.

Said He Was Tricked.

The committees were in session for about an hour and Showalter thought they would agree upon the old conferee system or adjourn without action. When the adjournment came he was astounded when told that it had been decided to give one delegate in the district conference for each 2,000 Republican votes polled in the last preceding presidential election. A bit of figuring showed that at this ratio Westmoreland would have eight votes and Butler three. Then he was informed of the limit of three terms to one county.

The committeemen all had a burning desire to catch trains for their homes, and all got away but Duncan. Showalter had supposed Duncan was his friend. The congressman insisted upon knowing why Duncan had voted for the plan. The committeeman said he did not thoroughly understand, but the excuse did not tend to appease the congressman.

"I have been tricked," said Showalter, "and I do not propose to recognize the action of this conference. The men composing it from Butler, at least, had no authority to act. They were appointed by the county committee that died with the organization of the new one last June. I was not a party to this meeting today and do not propose to be bound by it.

Huff Made a Promise.

"Ten days ago I had a conference with Col. Huff. He then agreed to name three conferees, and I was to select a like number. He suggested that the committees representing the Republican county organization should meet and adopt this method. I told him then that our old committee was legally dead. This meeting was held, however, and the committeemen from my county have tricked me.

"At my convention in June I was empowered by a unanimous vote to appoint three conferees to meet a like number from Westmoreland. I will now do this and pay no attention to the action of today's conference, Col. Huff, in the absence of any other legal rules, is empowered to name three conferees. He will have to do this if he wants to go into a conference with me.

NOLAN WILL NOT BE TAKEN OFF TICKET

Democrats Refuse to Displace Him in Favor of Coray.

LUZERNE MAN HAS PULLED OUT OF RACE

Is Authoritatively Stated He Will Decline a Nomination from Union Party.

DEMOCRATS WILL OPEN FIGHT IN OLD FULTON

Elisha A. Coray, Jr., will not be substituted on the Democratic ticket for James Nolan as a candidate for secretary of internal affairs. It is also authoritatively announced that Coray will not accept the Union party nomination for this office.

The Union party had hoped to get Coray on the Democratic ticket. It was learned yesterday that negotiations looking toward fusion with the Democrats had been under way for some time. The leaders of the latter party have not looked with favor on the plan. From one of them who is in a position to know just what has been done, it was learned that the Democrats have refused to withdraw Nolan. They believe that he is a strong man and will be capable of polling as many votes in the east as Coray. Nolan lives in Berks county and is claimed to have a big following in the anthracite region.

Coray Will Not Accept.

From the same source comes the information that Coray will refuse the nomination of the Union party for secretary of internal affairs. Whether the Luzerne man made up his mind on that matter, after learning that the Democrats would not substitute him for Nolan, is not known here. It is said that the Unionists will urge him to take the nomination, in the hope that a dicker can yet be made with the Democrats. If they carry out that plan, they will be disappointed.

The Unionists naturally have a right to expect something from the Democrats, in return for the indorsement of Pattison and Guthrie. The Democrats have learned, however, that hundreds of members of their party object to trading horses after the campaign has been started. This was demonstrated last fall, when A. J. Palm of Crawford was pulled off in the interest of Coray. The Democrats also have other reasons for sticking to Nolan. He has a barrel and a disposition to knock out the bung. Coray is not the owner of a barrel, his campaign having always been financed by others.

Mapping Out the Itinerary.

John S. Rilling, chairman of the Democratic state campaign committee, spent yesterday in Pittsburgh in company with Col. J. M. Guffey and Western Pennsylvania leaders. The purpose of his visit was to map out an itinerary for Pattison and Guthrie in this end of the state. Capt. John B. Keenan and Henry Ackerman of Westmoreland and Robert Criswell of Johnstown were here. J. Wood Clarke of Indiana had been summoned, but wired that he could not come.

The itinerary was agreed upon, but will not be given out for the present. The campaign will open September 15, and it is quite probable that the first guns will be fired at McConnellsburg, Fulton county. For the next two weeks the Democratic spellbinders will talk their way westward, probably concluding on September 27 with a meeting in Pittsburgh. The next week the orators will start out again and keep going until the close of the campaign. Sixty-seven counties have to be covered in 36 days. It is the desire of Pattison to spend the last week of the fight in Philadelphia.

Will Stick to County Issues.

The speakers' committee of the Citizens party met yesterday. An organization was perfected by the election of Charles S. Crawford as chairman and L. S. Levine as secretary. All of the candidates were present and the question of what issues would be discussed in the campaign was gone into. It was decided that the speakers would confine themselves to matters pertaining to the government of the county and cities. Nothing will be said by the Citizen speakers that can give offense to the Democrats, and the Democratic orators will return the courtesy.

Secretary James W. Clark of the Citizens says that the intention of the Democrats to refuse to indorse the candidacy of Congressman Dalzell is known to the management of his party and is perfectly satisfactory. Dalzell is on both the Citizen and Republican tickets and his election is assured.

It was authoritatively stated yesterday that the machine had given up hope of getting on the Union ticket. This will mean that if another column on the ballot is needed a new party will have to be organized.

DEMOCRATIC SPLIT.

Two Conventions in One Hall Nominate Rival Candidates for Legislature.

SCRANTON, PA., Aug. 28.—Two candidates for the legislature were nominated by the Democrats of the Fourth Lackawanna district today at a convention held in Olyphant. The fight between P. E. Timlin of Carbondale and T. E. Hendricks of Jermyn for the nomination has been very bitter for some weeks, and the convention split over the selection of a temporary chairman.

Both factions organized conventions in the same hall, and amid dire confusion nominated Timlin and Hendricks.

Chicago Believes Proposed Merging of Packing Interests Is Given Up for Time Being.

CHICAGO, Aug. 28.—(Special.)—All the gossip today from authoritative sources confirmed that of Wednesday, that the proposed merger of the big packing interests had, for safe reasons, received a serious "jolt." Auditors brought here from New York have been sent home and given no work to do.

GRIEST DENIES STORY OF DEAL IN AID OF RING

Never Said He Would Not Accept Certificate of Nomination from Citizens.

PAPERS NOT YET FILED

Will Decide Matter of Their Reception When They Reach Harrisburg. Friends Say He Will Comply With Law on Subject.

By CHESTER D. POTTER,
Staff Correspondent.

Philadelphia, Aug. 28.—"The statement that Gov. Stone, Secretary of the Commonwealth Griest and Attorney General Elkin have quietly decided that the state department will accept no certificates of nomination from the Citizens party of Allegheny county is an unqualified falsehood."

This statement was made to your correspondent tonight by Secretary Griest. "So far as I know, no certificates of nomination have been filed, and until they are I shall not pass upon their proper disposition.

"Neither Quay, Penrose, Stone nor Elkin has discussed with me the matter of the Citizens indorsement of Judge Pennypacker, and no representations or requests have been made for the purpose of having me receive or reject such certificate of nomination should one be filed."

While Secretary Griest declined to say whether he would or would not receive the Citizens party certificate, it is the opinion of his close friends who saw him here today that he has decided to file all certificates in the order in which they are received, leaving to the courts the matter of their validity.

It is stated that under the decisions of the Dauphin county court the state department has no discretionary powers, and that Secretary Griest accepts this view of the matter.

NO SURPLUS FUNDS.

Transvaal Will Not Be Able to Contribute from Mine Tax to Pay War Expenses.

LONDON, Aug. 28.—A dispatch from Pretoria to the Times, in which the correspondent voices the popular protest against the attempt to increase the tax on mines with a view of making the new colonies contribute to the cost of the war, says well-founded reports credit Joseph Chamberlain, British colonial secretary, with the idea of getting from $250,000,000 to $500,000,000 from the colonies for this purpose.

"It is well to face the facts," says the Times correspondent, "and the facts are that for many years to come there will be no prospect of the Transvaal having any surplus above what is necessary for the proper development of the country. It is obvious that any attempt to exact even $250,000,000 would permanently hamper the resources for what at best will for years remain a poor country, dependent upon a single industry."

Nominated for Congress.

COSHOCTON, O., Aug. 28.—The Democrats of the Seventeenth district nominated J. W. Carringham for congress here today.

Marietta Goes for Coal.

LA GUIARA, Aug. 28.—The United States gunboat Marietta left here yesterday for Willemstad, Island of Curacoa, where she will coal.

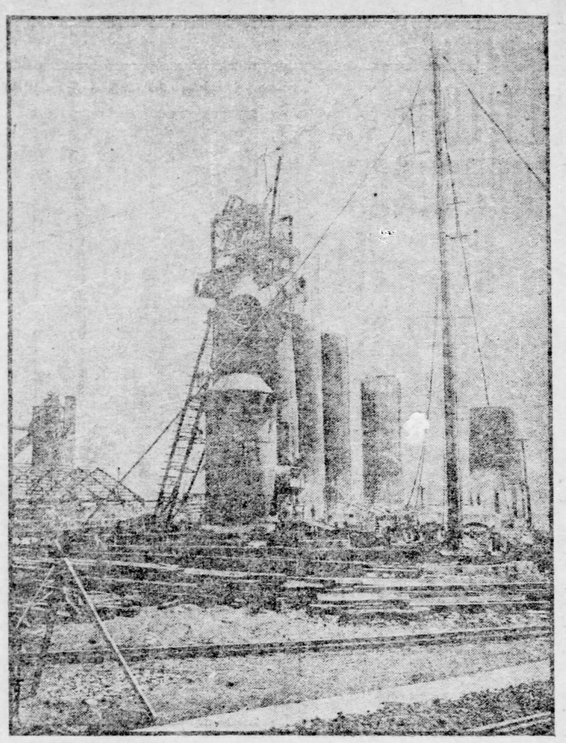
THE CARNEGIE STEEL COMPANY IS ERECTING ITS OWN BLAST FURNACES



Building the Great Furnaces at Edgar Thomson Works.

For the first time in the history of the Carnegie Steel Company the work of erecting its own blast furnaces has been undertaken, and the success of the attempt has been more than was anticipated by the company. The two furnaces being erected at the Edgar Thomson works at Braddock will create a new record in the time of furnace building. They will be ready to make iron not later than January 15, and, as work was only started on them three weeks ago, this is considered remarkable by furnace men. The work on the furnaces was undertaken by the Carnegie Company because it was unable to have them completed as soon as desired, as the large constructing companies were rushed with orders for work.

The new furnaces will have a capacity of 500 tons daily and each will cost $400,000, which is below the average cost of a furnace. The furnaces will be similar in size to the "H" and "I" furnaces of the Edgar Thomson plant, which are smaller than those at Rankin or Duquesne, but are considered larger producers of iron. Every detail for the work on the new stacks was completed at the Edgar Thomson plant, and it is thought that hereafter the company will erect all its own furnaces.

SHOWALTER REPUDIATES THE ACTION

Continued from First Page.

the district will in the end have to go to the state committee. That body will have to name an umpire to decide the question. I believe that I am entitled to the nomination and that I am in a position to do more for the district, by reason of long service in congress, than Col. Huff. We are both eager to get the nomination and will make a determined fight."

Looks a Little Like Huff.

The action yesterday has a surface indication that it is the intention to throw the nomination to Huff. There is no political friendliness between Showalter, Moore and Wise, on the one hand, and McCreary, Porter and McJunkin, on the other. The latter are more closely identified with the state organization than the former, and whether they were acting advisedly yesterday or just giving Showalter a little kick on account remains to be seen.

There has been a persistent rumor for two weeks that if an umpire was named he would be friendly to Huff. If the rule adopted yesterday stands, an umpire will be unnecessary. Showalter appears content, however, to trust his fortunes to an umpire, which is an indication that he does not believe the state organization will help Huff.

The situation in Butler this fall is bad. The friends of Judge John M. Greer are not pleased with his defeat in June by Galbreath. Neither is there satisfaction over the defeat of Representatives Thompson and Mates. Just now there is a disposition in some quarters to put up an independent ticket against the Republican judicial and assembly candidates. It is said that if this is done neither Greer, Mates nor Thompson will be on it.

BANANA TRUST GROWS.

United Fruit Company Obtains Monopoly in Jamaica and Controls Trade in England.

KINGSTON, JAMAICA, Aug. 28.—By the conclusion effected in London between Elder, Dempster & Co. of Liverpool, the Fyfes of Aberdeen, the Imperial Direct West India Mail Service and the United Fruit Company of New Orleans and Boston, the latter concern obtains a monopoly of the Jamaican fruit trade, and controls the British as well as the American fruit markets.

The United Fruit Company will henceforth load every British fruit ship operated by Elder, Dempster & Co. The conclusion of this combination was announced here today, and the plan is creating the utmost dissatisfaction among the fruit growers of the island and the house generally.

Jamaica pays half of the subsidy received yearly by the Imperial Direct West India line.

VOTED AGAINST FUSION.

The Bradford County Republicans Nominate a Ticket.

TOWANDA, PA., Aug. 28.—The Republican convention of Bradford county met here today and the following ticket was placed in nomination: Sheriff, S. F. Robinson; prothonotary, Andrew Wiltz; register and recorder, W. J. McCabe; treasurer, W. K. Marshall; legislature, G. M. Coons, F. F. Lomax and Joseph E. Hamilton; auditors, H. A. Bosworth and R. T. Card.

The vote instructing the legislative candidates on the election of a senator was 4,593 against fusion with the Democrats and 223 for fusion.

Custer Post Holds Banquet.

Custer post No. 38, G. A. R., of Etna, last night gave a banquet to its honorary members at the Hotel Windsor in Bridge street, Etna. Comrade Thomas Sample of post No. 128, Allegheny, acted as toastmaster. Among the speakers were Comrade Campbell Stanton of Allegheny; Comrade Arthur Kirk and the Rev. O. H. P. WORKER SHOT AS HE WENT TO HIS DUTY

Continued from First Page.

writing upon me and came in person to see me, stating that he was powerless with a posse to control the situation and keep the peace and preserve persons and property in Fayette county from violence and destruction; because repeated attempts at assassination had been made, several men assaulted and wounded and conditions exist, owing to the topography of the country and the numerous operations, which made it impossible for him to effectively repress disorder.

He demanded aid to keep peace and order and from investigations made by me and the outbreak yesterday at Red Ash I felt it my duty to respond to the call of the sheriff for aid, believing that he had exhausted every effort and tried to do his full duty.

I have instructed my private secretary, who accompanies the troops to the New River coal fields, to expleitly state to all concerned that the militia is sent only to suppress lawlessness and to protect life and property and not for the purpose of breaking the strike, nor to act in any sense as guards or policemen for any coal operator. My purpose only is to enforce the laws of the state.

In addition to all this I have given verbal and written instructions to the commanding officers to exercise a wise discretion in preserving peace and protecting persons and property from violence and destruction, at the same time requiring that they be firm in maintaining peace and order.

Personally, I regret very much the necessity for taking this step, but when called upon by the chief law officer of the county for aid there is no other alternative but to render such assistance as the military arm of the government can give.

SIR THOMAS READY FOR THIRD TRIAL

Will Send Challenge for America's Cup in September—Preparations Are Well Along.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, Aug. 28.—Discussing Sir Thomas Lipton's forthcoming challenge for the America's cup, which will be dispatched in September, the Yachting World remarks:

"To give the holders of the cup longer warning would be to present them with additional opportunities for preparing their defense."

Then, confirming dispatches regarding the forwardness of Sir Thomas Lipton's preparations, the Yachting World, says:

"When the challenge is officially announced it will surprise most people to find how far forward the arrangements really are.

"Now that he has entered his third year of work for America's cup honors, Sir Thomas may proceed assured that all sportsmen in Great Britain are with him."

OLD HOME CELEBRATION.

Grover Cleveland and Joseph Jefferson Deliver Addresses at Sandwich, Mass.

SANDWICH, MASS., Aug. 28.—This little town, which almost may be said to guard the entrance to Cape Cod, is observing old Home week today. Among the speakers at the town dinner this afternoon, were Joseph Jefferson and former President Cleveland, both summer residents. Mr. Jefferson told stories, while Mr. Cleveland talked in a more serious vein. Among other things he said:

"The stimulation of pride in the welfare of the life of the place from whence we came is the most important adjunct in the make-up of Americanism, and it is a sacred sentiment.

"In this industrial age, in this time of hurry and scurry, in this time when the chase of wealth presents the greatest activity, it is of the utmost importance that the feeling which such an occasion as this engenders should be stimulated. I believe that our safety as a nation, our happiness as a people, depends upon keeping alive forever at the foundation of all other effort and of all other endeavor this kindly sentiment, that heart to heart attachment, that love for the old home, which is here exemplified."

Seminary to Continue.

WARREN, O., Aug. 28.—At a meeting of the trustees of Western Reserve seminary of West Farmington, in Warren county, today, it was decided to continue the seminary, an endowment of $10,000 having been secured by popular subscription. The trustees re-elected the Rev. W. H. Dye president.

Cleveland Taxes Increase.

CLEVELAND, O., Aug. 28—For the past month the board of review has been laboring with the city corporations to compel them to raise their returns. By calculations made today it is estimated that the returns were raised nearly $4,000,000. This will increase the city's tax funds more than $100,000.

CASTRO MOVING AGAINST REBELS NEAR OCUMARE

Telegraph and Telephone Lines Cut and News of Battle Will Be Delayed.

AGUA DULCE HOLDS OUT

Situation in Colombia Almost as Critical as in Venezuela—Foreign Residents of Colon Fear Attack by Revolutionary Forces.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

Willemstad, Island of Curacao, Aug. 28.—A battle between the army commanded by President Castro of Venezuela and the revolutionists of that republic is imminent. The president returned from San Casimiro to Cua and is marching on Ocumare, where the advance guard of the government army is stationed. The revolutionists occupy La Democracia, only a few leagues from Ocumare. All the telegraph and telephone lines are cut.

WASHINGTON, Aug. 28.—Senor Concha, the Colombian minister here, has received a cablegram from Gen. Salavar, governor of the state of Panama, declaring that Gen. Berti, with the Colombian government forces, is still in possession of Agua Dulce, and that the prospects are favorable for a maintenance of that situation.

Gov. Salavar says that the report of an imminent capitulation to the rebels is unfounded. He also says the rebels who are besieging him are in a sore plight because of the untenable condition of the territory which they now occupy.

Advices received from Colombia today say the attacking force at Agua Dulce consists of practically all the revolutionists on the isthmus, about 2,500 in number, and the government troops who are holding out in the town number 2,200.

The government forces are strongly intrenched, and it is claimed that even without outside assistance they can hold Agua Dulce for at least 10 or 12 days, and possibly longer, if food supplies do not give out.

KINGSTON, JAMAICA, Aug. 28.—The steamer Nicaraguan reached here from Colon, Colombia, today, bringing reports that the situation on the isthmus is still critical. The Colombian government is concentrating troops from all quarters at Panama and Colon to meet the expected attacks at these ports by the rebel general, Benjamin Herrera. Considerable anxiety has been caused by the situation at Agua Dulce, especially among the British residents of Colon, who fear that that place may be attacked when no British war ship is in the harbor. It is said, upon reliable authority, that both the Colombian government and the insurgents are nearing the ends of their resources.

BLOOMSBURG OPENS CENTENNIAL FETE

Gov. Stone Makes a Brief Speech. Large Civic Parade, Fireworks and Music.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

BLOOMSBURG, PA., Aug. 28.—The first day of the celebration of Bloomsburg's centennial was a complete success. The exercises of the day began at 8 o'clock, when every whistle and bell in the town sounded for five minutes.

Gov. Stone arrived at 10 o'clock and was met at the station by Mayor Townsend and the reception committee, who escorted him to the Normal school. The large auditorium of the school where the morning exercises were held was crowded. The introductory address was delivered by Mayor Townsend.

Gov. Stone spoke briefly. He said he was agreeably surprised to receive such a welcome in a Democratic stronghold like Columbia county. The Hon. Fred Ikler and the Rev. D. N. Kirby also spoke.

The civic parade at 2 o'clock was a beautiful pageant. The procession was headed by a detail of mounted police, followed by Gov. Stone, Mayor Townsend, members of council and visiting mayors in carriages, and local and visiting Grand Army posts, with G. W. Sterner as marshal.

The day's exercises closed with a number of band concerts, followed by a display of fireworks, the last piece of which was a picture of President Roosevelt, which was heartily cheered by the thousands of spectators.

CORRUPTION RESULTS.

Chinese Officials Use Foreign Indemnity Tax as Plea for Various Kinds of Robbery.

LONDON, Aug. 29.—The Shankhai correspondent of the Times cables that, besides heavily taxing the people, the provincial governors of China are utilizing the indemnity to be paid the foreign powers as a pretext for raising loans and are corruptly appropriating large sums of money to their own purposes.

As an instance of this, the correspondent cites the case of the governor of Che Kiang, who obtained a loan of $140,000 from an American bank at Shanghai on the plea that he was unable to meet the demands of the revenue board.

The governor's application for a loan was accompanied by a particular request that the bank would communicate the governor's difficulties to the American minister to China.

Veterans Elect Officers.

STEUBENVILLE, O., Aug. 28.—(Special.)—Five thousand people attended the reunion of Jefferson county soldiers at Stanton park today. The address was made by the Rev. C. E. Manchester. Officers elected were: President, J. F. Oliver, secretary, George W. McCook; treasurer, Robert McGowan. The Ninety-eighth Ohio volunteer infantry elected these officers at its reunion: President, B. N. Lindsay; secretary, James Lanery; treasurer, Capt. M. J. Urquhart.

Miners' Scale Settled.

PITTSBURG, KAN., Aug. 28.—After a conference lasting 75 days, the union miners and union operators of District No. 14 have reached a settlement. The contract agreed upon is practically the same as that of last year, although the miners secured a few unimportant concessions. It is believed that all danger of a strike has been averted.

Lieut. Mattasch Pardoned.

VIENNA, Aug. 28.—Lieut. Keglevitch Mattasch, the friend of Princess Louise of Coburg, who was sentenced to six years' imprisonment for the alleged forgery of a bill for $60,000 in the name of the Archduchess Stephanie, has been pardoned by Emperor Francis Joseph after serving 44 months of his sentence.

PATIENT FALLS FOUR STORIES

KILLED WHILE BEING TAKEN TO OPERATING TABLE.

Was Under Influence of Ether and Slipped from Wheel Chair in Elevator—Young Woman Nurse Is Under Arrest.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW YORK, Aug. 28.—One arrest has been made, and it is possible that more may follow, as a result of the death of a patient in Mrs. A. L. Alston's private hospital this afternoon under unusual circumstances.

As Miss Victorine Raedell was being carried in an elevator from the fourth to the fifth floor of the hospital, where an operation was about to be performed on her by Dr. Constable, and while she was unconscious following the administration of anaesthetics, her body slipped from the reclining chair in which it had been placed, fell through a small opening between the floor of the elevator and the wall beside which the elevator runs, and fell more than four stories to the bottom of the shaft.

Unconscious as she was, and her injuries being so severe that death must have been almost instantaneous under any circumstances, it is not believed that her death was attended by any suffering.

Miss Beatrice McMillan, a nurse, who was in the elevator with Miss Raedell and who was responsible for bringing her safely to the operating room, was arrested tonight, charged for the time being with being a suspicious person.

At the hospital nothing could be learned as to the nature of the operation about to be performed on Miss Raedell, but information, said to come from Dr. Constable, was that the girl was suffering from pelvic inflammation. It was only by hard work that any information was obtained by the police. Acting Capt. Gehegan, with several of his detectives, and Coroner Goldenkranz are investigating the case.

ALL RECORDS BROKEN IN COKE PRODUCTION

Largest Output in History of Connellsville Region Detained by Car Shortage.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CONNELLSVILLE, PA., Aug. 28.—The Courier will say tomorrow:

Coke production in the Connellsville region last week eclipsed all previous records. It was more than 3,000 tons in excess of the production of the previous week, and is 2,000 tons better than any figure ever before recorded in the district. In the Lower Connellsville region, also, production reached high-water mark, or rather established a record with a production for the week reaching nearly 50,000 tons. In the two districts last week 300,000 tons of coke were made.

Had all this tonnage been promptly shipped out of the region it would have, in a measure, helped to relieve the famished condition of the coke market. Consumers and coke operators now figure that at least 25 per cent of their contraction will remain undelivered at the end of this year.

The detailed report of the operation and output of the region for the week ending Saturday, August 23, shows a total of 21,495 ovens, of which 21,023 were active and 472 were idle. The estimated tonnage was 254,748, an increase of 3,402 tons, compared with the tonnage the previous week.

The shipments from the Connellsville region last week aggregated 11,351 cars, distributed as follows: To Pittsburgh and river tipples, 3,502 cars; to points west of Pittsburgh, 5,321 cars; to points east of Connellsville, 2,027 cars. Compared with the shipments of the previous week, this was a decrease of 500 cars.

In the Lower Connellsville region the total number of ovens increased from 5,706 to 5,956, of which 3,428 were active and 128 were reported out of blast. The latter are new ovens, not yet completed. Edenborn now has 407 of its 500 ovens in blast. At Leckrone, 50 additional ovens are building, 27 of which have lately been fired up. The estimated tonnage in the lower district last week was 44,430 tons, compared with 42,455 tons the week before. Shipments were 893 cars, compared with 957 cars the week of August 10.

Furnace coke is quoted at $2.25 and $2.50; foundry coke at $2.75 and $3 a ton.

LOSES ALL NEWSPAPERS.

Not a Cuban Editor Now Supports President Palma—Spaniard Seems His Only Friend.

HAVANA, Aug. 28.—President Palma finds himself today without the support of a single newspaper controlled by Cubans. The editorials published in the Cuban press are, considered collectively, remarkable for their bitterness and outspoken opposition to the chief executive. The only paper which supports the president is the Diario de la Marina, formerly the organ of the Spanish government, and at present representing the Spanish colony in Cuba.

One of the principal causes of the opposition to President Palma seems to arise from the fact that he granted the castaneda commission for the establishment of an electric light plant at Havana. This concession has been a subject of bitter discussion in the house of representatives, and some members of the house are demanding Senor Palma's impeachment unless the concession is rescinded.

The impeachment matter has been upon the table for the past week. Both houses of congress have become badly disorganized over this question, and the result has been a strong anti-Palma feeling.

DUNKARDS IN SESSION.

Reformed Branch Opens Conference and Elects Officers at Warsaw, Ind.

WARSAW, IND., Aug. 28.—The National Progressive Brethren conference of the Reformed branch of the German Dunkard denomination convened for a three-days' annual session at Winona today. The church has a large membership throughout the country and is particularly strong in Pennsylvania, Maryland, Ohio, Indiana and Illinois. During the session churches, finances, home and foreign missions, educational and publishing interests will be discussed. The conference was permanently organized by electing officers, as follows:

Moderator, E. W. Rench, Goshen, Ind.; vice moderator, the Rev. E. L. Kimmel, Dayton, O.; secretary, the Rev. J. L. Gillen, New York; assistant secretary, Prof. W. D. Furry, Ashland, O.; treasurer, John Kelm, Louisville, O. The opening services were conducted by the Rev. Z. T. Livengood of Lanark, Ill.; and the Rev. J. L. Gillen of New York. J. Allen Miller, president of Ashland (Ohio) University, and the Rev. J. T. Cappell of Philadelphia took part. Four hundred delegates are present.

ARMY AND NAVY GETTING READY FOR MIMIC WAR

Soldiers Are Strengthening Position to Protect the Coast.

SQUADRON TAKES ON COAL

Hostile Ships of Admiral Higginson's Fleet Scanning the Shore With Expectation of Surprising the Troops. Umpires Appointed.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Newport, R. I., Aug. 28.—After months of preparation the final war maneuvers by an army of defense against an enemy made up of a large number of ships of the navy will begin at midnight Sunday. The preliminary work practically ends at midnight Friday and two days will be allowed the attacking fleet and the army of defense to get into possession.

In order to decide which side wins the imaginary contest, which will go through next week, a large number of umpires and observers have been assigned to the different forts and to the different vessels of the fleet, which will be commanded by Admiral Higginson. Each vessel of the fleet will have a navy umpire and an army observer, while each fort will have an army umpire and a navy observer.

The army today established a signal and a searchlight station near the Brenton Cove life saving station. This is the only searchlight station the army will have outside of Newport harbor on the east side of Narragansett bay.

FISHERS ISLAND, N. Y., Aug. 28.—The troops at Fort Wright are gradually making themselves familiar with the armament on the island. Tonight searchlight signals are being exchanged with New London. What is believed to be the largest searchlight in the United States has been mounted at the top of Prospect mount, and the New London shore, five miles away, can be plainly seen when the light is turned in that direction.

ON BOARD BATTLESHIP ALABAMA, OFF MENENSHA LIGHT, MARTHA'S VINEYARD, MASS., Aug. 28.—Rear Admiral Francis T. Higginson's fleet of warships is anchored here today, making final preparations for the second series of war maneuvers.

This fleet, which comprises what will be known as the attacking squadron, is made up of the Kearsarge (flagship), Alabama, Massachusetts (all battleships), the cruiser Brooklyn (flagship of Rear Admiral Coghlan), the cruiser Olympia, the converted yacht Gloucester, the gunboat Scorpion and the tugs Peoria, Leyden and Vina. Since their arrival here on Monday, all the warships have been coaling for the crucial maneuvers.

It is expected that the training ship Puritan will be added to Admiral Higginson's force. The Puritan is now at New Bedford. In the actual war game she will be assumed to be a battleship, being given a battleship's number of points of fighting strength.

As a preparation Admiral Higginson has introduced a new signal code by which he hopes to confuse the shore stations and fleet. He has also issued sets of private rules governing the movements of the squadron.

SEES YELLOW PERIL TAKING BACK SEAT

London Daily Telegraph Says There Is More to Fear in the Negro Problem.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, Aug. 29.—Apparently inspired by the native problem which is looming up in South Africa, the Daily Telegraph this morning publishes a significant editorial article on the negro question, which it insists is for the Anglo-Saxon race a more serious and urgent problem than the yellow danger.

The paper confesses that the ideals which underlaid the emancipation movement have quite failed of realization, that it has been proved throughout the world that the negro is incapable of working out his own salvation, and that the theory of electoral equality is a delusion mischievous to both negroes and whites.

The negro franchise in the southern states of America, says the paper, is already a farce, and its suppression in all but exceptional cases cannot, in all probability, be permanently deferred.

In conclusion, the article asks, "What is to be the ultimate destiny of the vast and multiplying black population in South Africa? That is the problem which looms behind every other."

Capt. Mahan Discusses International Relations on Persian Gulf.

LONDON, Aug. 28.—Discussing, in the National Review, international relations in the Persian gulf, Capt. Alfred T. Mahan U. S. N. (retired) characterizes the problem there presented as second only to the Chinese question, and as one certain to claim world notice as soon as stable equilibrium is established in the farther east. Comparing the various interests bound up in the Persian gulf, Capt. Mahan says:

"While Russia and Great Britain have nominally equal interests, Great Britain's ultimate predominance is probable, owing to the necessity of her safeguarding her trade route by way of Suez to India. Germany's interests coincide so closely with Great Britain's that it is reasonable to expect them to work hand in hand, while Russia will hardly undertake an aggressive move in Southern Persia until she has completed the Siberian railway, which will absorb all her available money and energies for some time to come."

MELLOR'S PIANO BARGAIN SALE STILL GOING ON, AND MANY GOOD BARGAINS YET REMAINING

The extraordinary condition that we are in just now, on account of the immense building operations next door, compels us to get rid quick of a lot of our stock of all kinds. Pianos, Organs, Pianolas, Violins, Mandolins, Guitars, etc., Phonographs, Records, etc., and offers very special reductions to get these off our floors quick. Many have been sold in the last few days, but quite a number still remain to be sold, and as they must be sold, we are prepared to offer such inducements in prices and terms as will close them out at once.

We are making a special drive in a number of Pianos, that have been out on rent, others exchanged for Steinways and other finer makes, some that are a little damaged or shopworn.

Very remarkable prices will be given on these, as they are in our road and must go.

Quite a number of good Organs are in the lot—many standard makes that have been exchanged for Pianos, going from $15 up.

PIANOLAS, the only self-playing instrument worthy the name. We have five of these, some that have been exchanged for more elaborate styles, and others that were rented. These go at $150 to $190. Regular price, which is never varied from, is $250.

Phonographs, Records, Horns, Cabinets, etc., a tremendous lot, and at ridiculous low prices. Come in and look them over.

If not convenient to call, write us for particulars and prices.

Monthly or weekly payments if desired.

HOW TO SELECT A PIANO.

Experience Not Necessary.

Pittsburgh, August 22.—Few people realize the importance in the selection of a piano for their home. It means a companion for a lifetime. If it becomes harsh or "tinpanny" in tone, you will always be dissatisfied. If you select a world-renowned make, like the genuine Chickering or the old reliable Hardman piano, you are sure to have a standard make with a sweet, singing, poetic and mellow tone that will last a lifetime. These pianos are sold only by Frederick's Reliable Music Store, 632 Smithfield street. Also 10 other reliable makes at reasonable prices. Art catalogue free. Largest selection of pianos in Pittsburgh. Entire building. Bargains in used Chickering, Hardman, Steinway Baby Grand and Upright Pianos. G. Schroeder, Mgr.

The Store Is Full of Specials,

among which we mention the following as having a little more of specialty than some of the other items. But all over the store, from the basement, where there are several departments, by floors to the sixth, where the children's Toy Store is, more or less important specials greet one at every turn.

More of Those Cambric Dresser Scarfs and Covers,

25c Each . . . . . Worth 50c.

The first lot was a trial to see whether you wanted them or not. You did—that was evident from the way they disappeared.

The second and larger lot disappeared even faster than the first lot.

And today the third lot is ready—720—arrived yesterday afternoon.

No dresser ever had a neater outer dress than these Scarfs, and no woman ever bought so good a scarf for 25 cts. Fine cambric, handsomely embroidered.

New Crepe de Chine 75c Yard.

$1.00 Quality.

Late colorings for street and evening wear. And important part of the color scheme is the popular black and white.

These Crepes de Chine, just from the looms, were made to sell for $1 a yard. But our buyer ran across a N. Y. manufacturer who had filled all his orders, was satisfied, and let these go to us for a price that enables us to sell them for 75c a yard.

Less than sharing our good fortune with our public would be ingratitude.

New Albatross and Tamise Cloth,

Either 45c Yard.

All wool, that is the first thing to consider. The next is that both are in Autumn weights, and are royally good cloths for house dresses, waists, and above all for children's dresses.

Each full 38 inches wide, and a range of colors comprising red, tan, delft, gray, castor, brown, light blue, reseda, navy, pink, and cream white.

Autumn Waist Cloths.

50c the Yard.

But in paying 50c a yard for these beautiful Waist Cloths you become the owner of goods that sell regularly for 75c a yard. And they are worth the three-quarters-of-a dollar.

Besides please remember they are all wool. We never saw a more harmonious blending of colors.

May we suggest that today, and the half of tomorrow, will be apropos for looking into the new styles of ready-to-wear suits. The second floor Tailor-Made Suit Department has many new ideas, some of them stunning, others of a quiet type, that are worth some moments of your time.

STRIKERS HURL STONES AT HEADS OF MILITIAMEN

Captain Gearhart Struck on Shoulder by Missile and Painfully Injured.

TROLLEY TRACKS GREASED

Attempt to Wreck Car Loaded With Soldiers on Steep Grade—More Troops May Be Sent to Panther Creek District.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Tamaqua, Pa., Aug. 28.—The first clash between the striking miners and the troops occurred this morning and five prisoners were taken to the Twelfth regiment camp. Capt. J. Beaver Gearhart of Company F, Twelfth regiment, is suffering from a wound on his shoulder, made by a stone thrown by a striker.

This morning a report spread that the strikers were gathering in force to march upon No. 4 colliery, where the Lehigh Coal & Navigation Company is mining coal. The Governor's troop was ordered to that point. Companies F and K of the Twelfth regiment were placed on trolley cars and run through the valley. When the cars reached Summit hill they were surrounded by a mob of strikers, who threw stones at the soldiers and called them hard names.

While Jimmy Marteen, an Italian, was in the act of hurling a stone at a car, several soldiers jumped off and attempted to capture him. Marteen resisted, and the soldiers fixed their bayonets. In the melee Marteen was slightly wounded in the left side.

Trolley Tracks Greased.

The troops started back to camp, and as the cars rounded a curve just outside of Summit hill, at a point where the tracks take an abrupt dip, the motorman on the first car discovered that the rails had been greased. The cars were stopped and soldiers were sent ahead to sand the rails. When this had been done it was possible, by moving the cars slowly, to reach Lansford in safety.

A mob had gathered there, and for a time it looked like riot. As the first car was passing through the mob, Capt. Gearhart was struck on the right shoulder by a stone. Several soldiers jumped from the car in pursuit of the stone-thrower. After an exciting scuffle they captured Joseph McCann, a young miner.

The cars proceeded again, but had not gone far when another crowd was encountered, and the soldiers were again taunted and stoned. Half a dozen soldiers jumped off and captured three men, who, it is alleged, were urging the crowd to attack the troops. The men gave their names as John King, Timothy King and John Kelly.

May Need More Troops.

Tonight the officers of the Twelfth regiment said the Second battalion of that command, now stationed at Shenandoah, will be ordered here tomorrow unless the situation is greatly improved. The battalion will be stationed at Summit Hill.

Today Col. Clement, in temporary command of the detachment of the national guard in the field, issued an order to the troops on duty in the Panther Creek valley, calling attention to a recent act of the legislature providing a penalty for the calling of obscene names. He directed that the officers in command rigidly enforce the provisions of the act.

Four of the men captured by the troops this morning were released tonight. Joseph McCann, the fifth prisoner, was taken to Lansford under a heavy guard, where he was arraigned before 'Squire Lewis on a charge of assault and battery, breach of the peace and inciting a riot. He was held in $300 bail for court.

SHENANDOAH, PA., Aug. 28.—After an uneventful journey from Philadelphia the second city troop, numbering about 60 men, arrived here at 7:30 this morning.

Held Council of War.

A council of war, which was participated in by Col. Clement and the brigade staff, was held at headquarters tonight, at which the advisability of sending the Second battalion of the Twelfth regiment to the Panther Creek region was considered. After receiving the report of Maj. Hart that the turbulence had subsided it was decided that the battalion should remain here for the present. If it becomes necessary later on to take the remainder of the Twelfth regiment away, it is understood that the Ninth regiment will succeed it here.

FREESBARRE, PA., Aug. 28.—Officials of miners' strike headquarters here have settled down to the belief that there is no immediate prospect of an early settlement of the strike.

HASKINS GOES TO JAIL.

Arrested for Murder of Ella Dennis Awaits Action of Grand Jury.

Charged with the murder of Ella Dennis on October 5, 1899, Andrew Haskins was committed to the Allegheny county jail last night by Coroner Jesse M. McGeary to await the action of the grand jury. Haskins was arrested in Philadelphia Tuesday afternoon and was brought to this city yesterday by Detective James Hole of Allegheny.

Ella Dennis and Haskins loved each other. On October 3 she was ill and Haskins becoming angry, beat her. She died three days later in the Allegheny County Hospital. Haskins learned the serious condition of his sweetheart and fled from the scene of the murder at Dookers Hollow. He boasted while working on the filtration plant in Philadelphia that he had killed the woman and had evaded the clutches of the law. This information was carried to Supt. Henry Muth of the Allegheny police bureau and Coroner Jesse M. McGeary issued a commitment for the arrest. Ella Dennis and Haskins were both colored.

Negro in the House.

Mr. and Mrs. John Murray of No. 81 Locust street were about to retire last night when they heard footsteps in the kitchen. Mr. Murray started to investigate, and in the dark a negro stumbled over her and knocked her down. She screamed and the negro ran. Patrolman Harry Mitchliff heard her scream and saw the negro run from the house, turn into Wylie avenue and board an inbound car. The officer followed on the next car, overtaking the first. The man was arrested. He says he is Le Roy McGruder, a barber of Washington, D. C.

CANAL TREATY NEARLY READY

COLOMBIA SENDS NEW INSTRUCTIONS TO MINISTER.

Number of Changes Wanted, but None So Serious as to Interfere With Important Details—Answer to Secretary Hay Drawn Up.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, D. C., Aug. 28.—An important communication relating to the Panama canal treaty has been received by Mr. Concha, Colombian minister at Washington. The officials at Bogota have informed the minister that special instructions to govern the reply which Colombia will make to the modifications in the treaty proposed by Secretary Hay, will reach Washington by September 15.

The officials of the Colombian legation here have anticipated the government at Bogota to some extent, and already have set about the task of framing a reply which, to the best of their knowledge, will embody the views of the home government. When the instructions from Bogota are received, the answer which they will have already drawn up will be made to harmonize with the latest sentiment at Bogota, and it then will be presented formally to Secretary Hay.

The modifications which were suggested by Mr. Hay met with general approbation in Colombia, but there are a number of changes which the Colombian government desires to make before the treaty is signed.

The main purpose of the negotiations which have been going on between Bogota and Washington is to conform the spirit of the canal act with that of the canal treaty. Rather important differences in the letter of these two documents have been pointed out, but it is believed here that by virtue of the special legislation provision of the constitution the difficulties encountered can be done away with.

TRACTION EMPLOYES PICNIC AT CALHOUN

President Callery Umpired the Ball Game—An Interesting Program of Sports.

It is estimated that between 5,000 and 6,000 people yesterday attended the picnic at Calhoun park of the employes of the Monongahela and Consolidated systems of the Pittsburgh Railways Company. The proceeds of the affair go to the relief department. A little later the employes of the United, Birmingham and West End systems will hold their picnic.

The leading event yesterday was the ball game between teams representing the transportation and mechanical departments. The former team was captained by H. B. Cross and the latter by Charles Wright. President J. D. Callery of the Pittsburgh Railways Company acted as umpire. None of the players cared to enter into an argument with the president of the company on the question of balls and strikes. Seven innings were played, which resulted in a victory for the transportation department by a score of 10 to 4. Tomorrow eight innings will be played and the winning team of both days will be presented with $100, donated by Mr. Callery.

The results in the other athletic events were as follows:

Sack race, 50 yards—Richard Crocker, first; R. L. English, second. Time, 33 seconds.

Fat men's race, 100 yards—George Young, first; S. P. Fleming, second. Time, 15 4-5 seconds.

One hundred yard dash—A. P. Lamneck, first; R. L. Ingram, second. Time, 11 3-5 seconds.

Potato race—W. W. Watson, first; M. J. O'Neill, second. Time, 1.52.

Greased pig chase—Samuel P. Fleming.

Climbing greased pole—O. Kafer.

To the winner of each of the events a prize of $10 was given. Today the same program will be carried out. General Superintendent John Murphy supervised the sports.

M. J. Clark was on the grounds, accompanied by his family of 12 children, and it is believed that he will capture the prize of one share of Philadelphia Company stock offered by M. K. McMullin for the employe having the largest family present.

MUCH ROUTINE HANDLED.

Common Council Last Night Brought Out More Proposed Salary Advances.

A special meeting of Allegheny common council was held last night, at which much routine business was transacted.

The following ordinances were passed: Authorizing the advertising for bids for the department of public safety supplies for the ensuing year, and the sale of the Lafayette avenue and Kerr street engine house properties; vacating a number of streets on Herrs Island, in the Eighth ward, asked for by the Pittsburgh Provision Company; the widening of East street, from Madison avenue to Royal street, to a width of 50 feet; establishing the grades of Termon and Lawrence avenues and changing the grade of Stayton street.

An ordinance changing the grade of Spruce street, in the Ninth ward, was referred back to the committee on surveys, because an ordinance has been introduced for the vacation of the street. All measures passed by the select branch at its last meeting were approved.

The following measures were introduced and referred: Ordinances for the regrading and repaving of Marion avenue and Monterey street; grading, paving and curbing Fleming avenue and Arthur and Simpson streets; vacating Spruce street; widening the roadway through West Park to a width of 55 feet; authorizing the city recorder and the director of public works to supply electric light to St. John's General hospital at $1 a year and fixing the wages of city employes as follows: Superintendent of the Carnegie Library building, $1,500 a year; engineer at Carnegie library, $1,020 a year; sewer inlet cleaners, $2.50 a day; new linemen in the bureau of water, $3 a day; night watchmen at Carnegie library, $2.50 a day; assistant janitors of the Carnegie Library building, $2.50 a day.

Baby Boy Fatally Injured.

Martin, the 3-year-old son of Mr. and Mrs. John Madden of Calumet street, Swissvale, was struck by a Wilkinsburg and East Pittsburgh car in Woodstock avenue, Swissvale, yesterday afternoon and fatally injured. The child was playing in the street and when the car came down the grade at a high rate of speed the little fellow ran toward the track. Before the motorman could apply the brakes the running board of the car had struck the child, throwing it some distance ahead of the car. The skull was fractured near the base of the brain.

COL. HEARNE'S FRIENDS GIVE HIM A DINNER

Pleasant Farewell to Late President of National Tube Company.

A VERY PATRIOTIC EVENT

National Colors Play an Important Part in the Decorations and Other Accessories—Duquesne Club the Scene of the Gathering.

The business associates of Col Frank J. Hearne of the National Tube Company, who recently resigned his position as president of the organization, tendered him a farewell dinner at the Duquesne club last night.

The decorations were quite elaborate. On the wall immediately back of the banquet table was placed a large American flag, while shields, standards and eagles adorned the walls on the other side of the room. The prevailing color was green. Palms, ferns, immense rubber plants and great bouquets of cut flowers were placed in different parts of the room. An elegant centerpiece of cut flowers, measuring about five feet in length, was placed in the middle of the table. American Beauty roses, carnations and asters were also used.

Twenty-seven guests occupied seats at the table. The menu cards were lavish in design. A small bow of red, white and blue ribbon adorned the outside, while on the first inside page was an excellent picture of Col. Hearne. Everything at the feast was patriotic. Even the back of the menu card bore a fine design of an American eagle perched on a large flag.

With the coffee and cigars came the selection of a toastmaster for the evening and the lot fell to Edward Worcester. Addresses were made by Col. Hearne, the new president of the National Tube Company; William B. Schiller, and almost every guest present was called on and responded to a short toast.

The guests were Taylor Allderdice, Peter Boyd, John D. Culbertson, A. K. Church, George G. Crawford, F. H. Crockard, William Crockard, H. R. Gilbert, Col. Frank J. Hearne, Capt. D. P. Jones, W. L. Kauffman, A. M. Lally, William H. Latshaw, W. N. Martin, J. H. Matheson, B. C. Moise, J. H. Nicholson, C. I. O'Connor, Charles Patterson, Peter Patterson, George N. Riley, William B. Schiller, R. C. Stiefel, A. T. Stewart, J. F. Townsend, George Timmins and Edward Worcester.

GIFT FROM PRINCE HENRY PROVES VERY EXPENSIVE

PORT CHESTER, N. Y., Aug. 28.—(Special.)—The dachshund presented by Prince Henry to Adolph Bender, a wealthy New Yorker, who owns a large villa overlooking the sound, is causing him an unlimited amount of trouble and a large expense in fighting suits. Today he is the defendant in an action brought by J. R. Cleveland. Mr. Cleveland demands heavy damages, because, he alleges, the dachshund attacked him while he was passing the Bender villa and sank his teeth in his leg.

Miss "Kittie" Moore, a young and pretty woman of Rye, also is suing Mr. Bender for $2,000 damages for being attacked by the blue-blooded dog.

Mr. Bender calls the dachshund Roxey, and he was given to him by Prince Henry because he turned over his stateroom to his highness during his recent trip to America.

SENATOR GRADY PLEASED

He Thinks Well of Pittsburgh in General and His Hosts in Particular.

Just before leaving on his return to New York last evening, State Senator Thomas F. Grady of New York city gave a farewell interview to the assembled newspapermen, to show his appreciation of Pittsburgh and Allegheny. His address opening the Irish Fair was the reason for his coming.

"I am particularly impressed with the importance of this city," he said. "Anybody from Pittsburgh or Allegheny can refer to me. I want to return my thanks to all for the courtesies extended and especially to the gentlemen who had me in charge. Father McCabe, Charles Flinn, Joseph Joyce and Tim Hurst. They can get me for any place or any time they say. I was especially glad to meet Judge Brennen during my stay here.

"I notice that some slighting reference has been made to my offer of prizes amounting to $1,000 for the baseball players. That offer goes, and in gold at that. You can print it in black and white that the winners will get the coin."

The party of local men who have been Senator Grady's entertainers escorted him from his headquarters at the Hotel Henry to the Union station, and he left at 10 o'clock on the Pittsburgh limited.

JUBILATION AT M'KEES ROCKS.

Victories Achieved by Firemen at Jeannette Convention Celebrated.

The largest celebration McKees Rocks has ever had occurred last night when the volunteer fire department commemorated recent victories at the Jeannette convention. Merchants decorated their buildings in honor of the event.

The procession was headed by a detachment of mounted police under the command of Capt. Thomas Grogan. The firemen, 125 strong, wearing their white uniforms, received an ovation all along the route. A "Darktown" fire brigade and the borough officials in carriages completed the procession. After the parade the firemen marched to Fraternal hall where a ball was given by the racing team of the department.

SAYS HE WAS SWINDLED.

New Castle Man Charges A. C. Cook With Being a Common Gambler.

Charged with being a common gambler and keeping a gambling house, A. C. Cook was committed to the Allegheny county jail last night, by Alderman C. F. Anderson, on the information of John Hughes, a resident of New Castle, for a hearing on Monday.

Hughes says Cook invited him to play poker with him, in his rooms in Market street, and alleges that Cook swindled him out of $600. Hughes reported the case to Roger O'Mara, who upon investigation advised Hughes to make information against Cook.

HOMESTEAD HEADQUARTERS.

Citizens Party Organization Perfected in Three Different Places.

Citizens party headquarters were opened in Homestead yesterday. They are in charge of Charles Hamilton. William Tunstall is the chairman of the organization.

A Citizens party organization was perfected in the Twenty-sixth ward last night. Capt. Thomas R. Williams was elected chairman; M. Greiner, vice chairman; Theodore Smith, secretary and W. U. Willet, treasurer. A resolution was adopted indorsing the Citizens ticket.

The Seventh ward members of the Citizens party organized last night by electing James B. Gross, chairman; Matthew Bell, vice chairman; B. D. Brown, secretary; James Goldton, assistant secretary, and James Kane, treasurer.

SHOWS BIG SAVING.

Nearly Twice as Much Speed Developed With Oil as With Coal.

WASHINGTON, Aug. 28.—The navy department has received unofficial data which are considered very satisfactory by those interested in the question of liquid fuel or ships. The run of the steamer Mariposa from San Francisco to Tahiti, 348 knots, was made at the rate of 13.12 knots per hour, the whole run lasting 11 days, during which a little over 400 tons of oil were consumed.

The number of pounds of oil per knot was 260.9, which is equivalent to 8.58 knots per ton of oil. It required 1.55 pounds of oil per hour to develop one horsepower. Under ordinary seagoing conditions it requires about between 2½ and 3 pounds of coal to develop one horsepower.

WORK TO BEGIN ON A CAR-WHEEL PLANT IN MONTH

Charles T. Schoen Will Let Contracts for the Buildings.

TESTING THE MACHINERY

As Soon as This Is Concluded Work Will Be Rushed at Butler—Four Minutes to Make a Wheel—Large Extensions Later.

Ground will be broken, probably within the next month, for the building of the car wheel plant of Charles T. Schoen at Butler, Pa., and the mills and furnaces will be in full operation by January 1. At their start they will give employment to from 250 to 300 men and will represent an investment of $500,000, to be increased many times over later.

Mr. Schoen, in speaking of the matter, last night said: "I was at Butler today looking over the site for the plant, and am well pleased with it. It consists of about 40 acres and gives ample room for the great extension we hope to make later. The railroad facilities are excellent and we hope, when once started, to run steadily.

"The machinery, which was built by the Bethlehem Steel Company, is already set up in Bethlehem for tests. During the past week or two we have completed a large part of the tests and found the machinery operated beautifully. The remainder will be tested during the coming week, and in case everything moves off smoothly we will turn out a few hundreds of the new wheels there.

"As soon as the tests are completed contracts will be let for the buildings at Butler. We will make our own steel and will have furnaces erected at the same time with the rest of the initial plant. Everything will be pushed to completion by the first of the year.

Large Increases Planned.

"The plant at its beginning will have a capacity of 400 wheels a day, and this will be largely increased later as the demands of the trade require. We have provided room for any necessary extensions.

"I have no doubt of the success of the new wheels. They will be of rolled steel, instead of cast steel, as they are at present. Their tensile strength will be 85,000 instead of 22,000 pounds, the average of the cast wheels. Their durability will be the same as the locomotive wheels with the rolled steel tires, or 350,000 miles, as against 70,000, the present mileage of car wheels.

"The constant source of danger from broken wheels also will be removed. These wheels will not break, either in the flange or anywhere else. A large proportion of railroad wrecks are caused by broken flanges. The loss from flattening also will be reduced. The new wheels will not be worn so easily by the brakes, but, more than that, they can be re-turned, which is an impossibility with the cast steel wheel, because it has a chilled steel tread.

Made in Four Minutes.

"The wheels will be made by continuous process, taking about four minutes from the furnace to the finish. This is my own private plant, but I will not have active charge of the work, and am not ready to announce the man who will, just yet. Our offices will be in Pittsburgh.

"I looked over the plant of the Standard Steel Car Company at Butler, and want to say that it is the finest I ever saw. Many of the young men who learned the business with me will be there, and while I am not interested in the plant in any way I am interested in them and their work."

Mr. Schoen has completed all the arrangements here for building the new mills, and will leave the city this evening for Philadelphia, where his home now is. During the next week or more he will be busy with the tests of the machinery, and after they are completed the bids will be asked and contracts awarded for the buildings.

FAIR HEIRS AGREE.

Distribution of Estates of Millionaire and Wife to Be Made Without Contest.

SAN FRANCISCO, Aug. 28.—Although the heirs of the late Mr. and Mrs. Charles L. Fair have reached an agreement, it will be six months or a year before all the legal arrangements can be perfected. The wills left by the decedents will be filed soon. There are a number of minor heirs whose interests will have to be looked after. There will be no contest, as the Fair children, Mrs. Anna H. Nelson, Abram Nelson, Charles Smith and the other heirs desire to avoid litigation.

The attorneys state that the relatives of Mrs. Fair will receive the full value of her estate, which has been estimated at $300,000. The document by which the Nelsons relinquish all claims on the estate of Charles L. Fair is in the form of a quit claim, the consideration for which is stated to be $10 in gold coin. By it Mrs. Nelson and her two sons convey to Mrs. Oelrichs and Mrs. Vanderbilt all their interest in 90 different pieces of Fair estate property in this city and county, with 13 in San Mateo county, three in Napa, four in Yolo and some holdings in Calavaras county.

This settlement will not affect the application of Public Administrator Farnham to secure administration of the wills, which is being opposed by the heirs.

FLED FROM VACCINATION.

Edward Burns Gave Officer a Lively Chase Before Being Captured.

Edward Burns, 18 years old, a peddler, of No. 55 Fulton street, yesterday met City Physician B. A. Booth, with his assistants, at Dinwiddie street and Center avenue.

When asked if he had been vaccinated Burns became abusive. Policeman P. G. Bailey was called and Burns jumped from his wagon and ran down Dinwiddie street with Bailey after him. Burns turned up Addison street and ran into the first house and slammed the door and locked it. There were no occupants in the house at the time and Bailey had to crawl in a rear window to get Burns.

AGED PERSONS CREMATED.

Two Charred Bodies Found in Barn and Negro Is Arrested.

BRIDGETON, N. J., Aug. 28.—Searchers in the ruins of the barn of John S. Holmes, burned last night, found the charred bodies of Holmes and his housekeeper, Miss Katherine Shute. Holmes was 82 years old and Miss Shute was 65.

Charles Williams, a negro farm hand who had been employed by Holmes, was arrested. He protested his innocence, but was committed to jail.

Stove Foundry Burned.

HUNTINGTON, W. VA., Aug. 28.—(Special.)—The large plant of the Huntington Stove & Foundry Company here burned this evening, entailing a loss of near $50,000. It was insured for $10,000.

CARS CHAINED TO THE RAILS

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW CASTLE, PA., Aug. 28.—Chained securely to the rails, several loaded box cars of the Buffalo, Rochester & Pittsburgh railroad stand on the company's tracks near the Shenango tin mill in this city to prevent encroachments on the right-of-way by the Pennsylvania and the Pittsburgh & Lake Erie railroads. Within easy reach of the chained box cars is a force of Buffalo, Rochester & Pittsburgh men, who are ready to prevent the captive cars from being moved from their position by the opposition roads.

Several months ago the Buffalo, Rochester & Pittsburgh secured the right to lay a siding into the Shenango mill and this gave the company the opportunity of securing much of the freight traffic originating in the plant. The Lake Erie used this siding through a traffic agreement, but this week attempted to lay a new siding, which the Buffalo, Rochester & Pittsburgh thought would jeopardize its interests.

KIDNAPED HIS MIDGET.

Boy Husband of Erie Took His Wife from a Show.

ERIE, PA., Aug. 28.—(Special.)—Chiquita, the midget, and her boy husband, Tony Woeckner, arrived in the city late last night from Elgin, Ill., and are at the home of Tony's parents. They took French leave of the Bostock Ferrari Midway show early Wednesday morning, and Tony declares that they will never more accept an engagement with the show. Bostock tried to separate them, they say.

Tony stole the midget away by lowering her with a rope from a second story window to friends outside. In their haste they left behind the little lady's wardrobe and jewels, which Tony values at $7,500.

Poisoned by Canned Salmon.

ALTOONA, PA., Aug. 28.—(Special.)—Thomas Hardy, aged 55, of South Fork, yesterday ate canned salmon which afterward was found to contain poison. He died last night.

GRAND DUKE DENIES HIGH ROLLER TALES

Arrives in New York and Hangs Up His Hat at Waldorf-Astoria in Democratic Simplicity.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW YORK, Aug. 28.—In most democratic manner the Grand Duke Vladimirwitch Boris of Russia entered New York. As he stepped from his private car attached to the Lake Shore limited, he stood at the foot of the steps and shook hands with each member of the party of official Russians who were there to meet him. With little delay he entered a carriage and went direct to the Waldorf-Astoria, where he occupies the suite used by Prince Henry.

Denial was general among members of the party that the grand duke, first cousin to the czar, has been cutting the capers in Chicago which have been credited to him. R. T. Crane, Jr., of Chicago and his brother, C. R. Crane, who have known the grand duke personally, and who entertained him while he was in Chicago, were in the party.

"There is no truth in the stories that have been printed about the royal visitor," said Mr. Crane. "He is here to see this country and to enjoy himself in every legitimate way, but he has not been treated fairly by those who have purported to report his doings and actions."

SMITH STOLE KISS, GIRL STOLE $1,100

Conversation With Pretty Negress Resulted in Quick Transfer in Which Smith Lost.

A kiss from the lips of a pretty little colored girl cost a man, who says he is Frank Smith, a prominent commission merchant of Wilkinsburg, just $1,100 last night. According to the story he told at Central station he is in the commission business and always deposits his week's receipts on Saturday morning. As he did not intend to go home last night, he was carrying a roll of $1,100 with him.

At the corner of Sixth avenue and Grant street he met a pretty little "yaller" girl and walked with her to Old avenue, where they turned into an alleyway. At this point the conversation became very interesting, and Smith says he put his arms around her and stole a kiss. The girl "touched" him for his roll, he thinks, while the osculation was going on.

Indignant at the theft of a kiss she left him, but not the roll. He discovered his loss a few moments later and told Policeman William Pigeon, who called on the detective bureau for help. Detectives William Elmore and Charles McGovern responded and the three were still looking for the girl at a late hour this morning.

PAYING OUT INDEMNITY.

First Instalment Ready for Those Who Have Claims as Result of Boxer Uprising.

WASHINGTON, D. C., Aug. 28.—The state department has decided to begin at once the distribution of the first instalment of the Chinese indemnity funds, amounting to about $480,000, among the missionary societies and individuals who suffered from the Boxer uprising.

The first report of the claims commissioner, which has been just received, passes upon 60 claims out of a total of about 250. These 60 claims amounted to about $800,000, so the first instalment of indemnity will not be large enough to defray that total. A payment of 25 per cent will be made to each of these claimants immediately. It is expected that the total of the claims allowed will amount to about $2,500,000.

STRUCK BY BALE OF HAY.

Owen McMahon Met With Strange Accident.

While passing the stable of William Robinson in the rear of No. 355 Meyran avenue, about 6 o'clock last night, Owen McMahon, whose home is at No. 346 Atwood street, was struck on the right shoulder by a bale of hay.

He was rendered unconscious and his shoulder blade broken. He was sent to the Mercy hospital where his condition is regarded as rather serious.

GIRL TESTIFIED AGAINST FATHER

Accused Murderer's Daughter Says He Often Threatened Her Mother.

[SPECIAL TELEGRAM TO THE GAZETTE.]

BELLEFONTE, PA., Aug. 28.—The trial of Frank Beckwith for the shooting of his wife last February was begun here today before Judge Love. Witnesses testified to the deliberate shooting of Mrs. Beckwith by her husband, while the prisoner's 19-year-old daughter testified that her father had often threatened both her and her mother, and on one previous occasion had shot twice at his wife, but missed both times.

GOES BACK ON TARIFF.

Ohio Reaper King Believes Duty Should Be Removed from Trust Made Articles.

SPRINGFIELD, O., Aug. 28.—(Special.)—William N. Whitely, the reaper king, has come to the conclusion that the protective tariff, except in sporadic instances, is wrong. Mr. Whitely has for many years been one of the leading advocates and warmest champions of the McKinley policy. Mr. Whitely was formerly one of the leaders of the Republican party, and as often as called upon made large contributions for the success of the principles embodied in its platforms.

Mr. Whitely is convinced that the protective tariff is the mother of trusts.

"There is one way to fight the trusts," said he, "and that is by removing the tariff. With the heavy tariff that is now imposed, Scotch iron and steel is being shipped into this country as far west as Chicago.

"There is only one way to fight these enormous swindling schemes—and that is what I call the trusts—and that is by opening up the way for foreign competition."

TRAIN ORDERS MIXED.

Coroner's Jury Places Responsibility for Death in Wreck.

WASHINGTON, PA., Aug. 28.—(Special.)—As the result of the coroner's inquest into the death of Arthur Ritenour, a fireman on the Baltimore & Ohio railroad who was killed August 22 in a collision near Claysville, Train Dispatcher R. M. Bell of Pittsburgh, his copying clerk, and Night Operator Carr of West Alexander were held accountable.

According to the testimony both trains, through a mix-up of orders, had the right of way.

Young Athlete Drowned.

HOLLIDAYSBURG, PA., Aug. 28.—(Special.)—Hugh Tussey, a young athlete of this place and brother of Henry Tussey of Philadelphia, was drowned in the rapids of the Juniata river today. A searching party headed by Judge Martin Bell worked for hours in the vain effort to find the body.

CAN ACQUIRE TERRITORY.

John G. Carlisle Says Annexation Under the Constitution is Same in Both Hemispheres.

SARATOGA, N. Y., Aug. 28.—John G. Carlisle of New York, former secretary of the treasury, delivered the annual address before the American Bar association today. He spoke upon the power of the United States to acquire and govern territory, which, he said, was a question growing out of the acquisition of territory from Spain.

Unless the constitution is changed, which is hardly probable, said Mr. Carlisle, the law is the same, whether the territory is located in the eastern or western hemisphere. The territory acquired by military occupation, the speaker declared, is held by the same until congress can meet and substitute civil for military government.

"Porto Rico and the Philippines cannot be domestic for one purpose and foreign for another purpose," he said.

WILL HAVE SEARCHLIGHT

Plans for Lighthouse at Falls at Louisville Are Completed—To Be 84 Feet High.

LOUISVILLE, KY., Aug. 28.—(Special.)—Louisville's lighthouse, which Uncle Sam is to erect in the Ohio river on the south side of the entrance into the Indiana chute on the falls, is to be 84 feet high, from the rocky bottom.

A plot 150 feet long and V-shaped will be erected of stone to rise two feet higher than the level of the flood of 1884, and on this the lighthouse will be constructed. It will be a stone cottage, from the yard of which a steel spire will run up the required distance, and at the base of this the machinery necessary in the operation of the light will be located.

Among the furnishings the lighthouse will have is an enormous seachlight to be used in case of an accident on the falls at night.

OLD BOATMEN HOLD REUNION

Those Who Saw Service on the Canal Meet Again at Livermore.

WERE DINED BY CITIZENS

[SPECIAL TELEGRAM TO THE GAZETTE.]

BLAIRSVILLE, PA., Aug. 29.—Livermore, on the Conemaugh river, had a gala day, the occasion being the eighteenth reunion of the old canal boatmen. They and their friends gathered in large numbers this morning. The story of "low bridge" was heard again. Some of these men came from long distances, and the meeting of old friends and relating of memories were greatly enjoyed.

Livermore, during canal days, had a boatyard and some men prominent in boating circles lived there.

The meeting was held in the Methodist Episcopal church, and the Rev. J. N. Bracken, the pastor, led in prayer. Charles H. Moore, an attorney of Blairsville, made the address of welcome, and James Moore, an old canal boatman of Johnstown, responded.

Livermore people and those of the neighborhood gave the boatmen a dinner and supper.

HELD FOR SHOOTING OFFICER.

An Ex-Convict Sent to Jail for Wounding a Policeman.

OIL CITY, PA., Aug. 28.—(Special.)—William Hawathorn, alias Joseph Manning, who shot Police Officer McKibbon early Wednesday morning, was given a preliminary hearing tonight. He waived hearing and was bound over to court. The wounded officer is still in a precarious condition.

Hawathorn has just completed a five-year sentence at the Western penitentiary, having been sent up from Forest county for burglary. Today Sheriff McCollum and 25 deputies scoured the country along the Allegheny river in vain for two alleged accomplices.

STRIKERS MAKE A THREAT.

Withdrawal of Negro Employes at Iron Mill Is Demanded.

LEBANON, PA., Aug. 28.—At a meeting of 300 iron workers of the American Iron & Steel Company, who have been on a strike since May, it was decided to notify the company if the imported negroes, brought here from Reading this week, are not withdrawn within 24 hours all the machinists, bolt and nut workers, carpenters and other employes will also go out on strike.

Sheriff H. B. Coppenhaver has sworn in 15 deputies.

ROOSEVELT INDORSED.

Patriotic Order Approves Effort to Remove Philippine Friars.

WILLIAMSPORT, PA., Aug. 28.—The last day's session of the convention of the Patriotic Order, Sons of America, was occupied by the installation of the new state officers. Among the resolutions adopted was the following:

We heartily indorse the policy of the federal administration in arranging for the removal of the friars from the Philippines, the purchase of their lands, the complete divorce of church and state, and the establishment of free schools for the education of the children of the islands.

Case of Dog Eat Dog.

NEW CASTLE, PA., Aug. 28.—(Special.)—The local police force now has the care of all unlicensed dogs upon its hands, in addition to the regular police duties. Last night a citizen reported to Mayor Jackson that the dogs had become so fierce through hunger that they had attacked and killed some of their number and had eaten the carcasses. Mayor Jackson detailed an officer to feed the dogs.

Wedded to Pittsburgher.

SHARON, PA., Aug. 28.—(Special.)—Miss Mary Taylor, daughter of ex-Councilman Henry Taylor of this city, and James Conley of Pittsburgh were married yesterday at Meadville. Mr. and Mrs. Conley left yesterday for Pittsburgh, where the former holds a responsible position.

Held for Abducting a Girl.

MORGANTOWN, W. VA., Aug. 28.—(Special.)—Harry Moore, aged 18, was arrested here today, charged with the abduction of Dora Jennart of Point Marion, Pa., aged 15. He is held awaiting a requisition for him by the governor of Pennsylvania.

Arrested for Shooting.

NEW CASTLE, PA., Aug. 28.—(Special.)—A shooting affray occurred last night at Burnstown, a suburb of Ellwood. Alexander Yuncie was later arrested on complaint of Miss Della Redman of this city, who charges Yuncie with intent to kill her. Yuncie was sent to jail for trial.

In his efforts to escape Mikulunch rolled over a steep embankment 100 feet to the bottom of a ravine. He recognized both men and yesterday before Justice J. G. Richards of Braddock made information against John McCloskey and Peter Connolly. They have been arrested.

Narrow Escape From Death—Harry Hutzen of Braddock avenue and Eighth street, Braddock, had a close escape from death yesterday afternoon at Wilmerding. The wagon on which he was riding struck a boulder on the turnpike, and horse and wagon fell over an embankment about 75 feet to the creek below. The horse was so badly injured that it will have to be shot. Hutzen jumped as the wagon was sliding down the embankment, and clutched at some rocks to save himself. He was badly cut and bruised about the face and body.

Have Disagreed For Many Years—John McGill of No. 7408 Finance street, Pittsburgh, was held for court by Justice Creelman of Wilkinsburg yesterday on a charge of non-support of three minor children, preferred by his wife. Mr. and Mrs. McGill have not been getting along well together for the past 30 years, according to the testimony, and their grievances have frequently been aired. McGill, who is well-to-do, took a trip to Europe two years ago, on account of his alleged domestic troubles, and upon his return there was no improvement.

Determined to Die—Mary Ann Cahoe of Homestead, arrested and placed in the Oakland police station yesterday morning, was determined to die. Turnkey Hugh Kennedy discovered her hanging from one of the bars of her cell by means of one of her stockings. Shortly afterward the same officer again discovered her suspended with two shoestrings doing duty as a noose. The woman was then placed under the restraint of a strightjacket. After her hearing she was again put in a cell and attempted her life once more, this time with strips of cloth torn from her skirt. Mary Ann was straightjacketed again and left so until she could be conveyed to the workhouse.

SNAKE FELL VICTIM WHEN PUT IN "AULD SOD"

Reserve Township Made Test at Irish Fair—The Big Crowd Had Lots of Fun.

The fourth night of the Irish fair drew a big crowd. It was a jolly throng and there was no lack of fun.

The features of the show were all well patronized, especially Blarney castle. Everybody seemed anxious to climb its moldy stairs and get within kissing distance of the famous stone. But the greatest crush was in "ould Ireland" itself, where, upon a portion of the real old Irish soil, old Irish songs were sung in the rich Irish brogue and jolly Irish feet pattered to the music of the jig.

The athletic program was interesting and claimed lots of attention. It included a half-mile open bicycle race, which was won by Bupp, with Mulseed second; a two-mile pursuit race, in which Charles Reel and C. C. Hartman raced against a big field. Hartman won in 4 minutes 11 seconds, Reel was second and Huffman third. The Irish fair team competed against a team composed of Germans, and was an easy winner in two straight heats.

While the band was playing "The Wearing of the Green" in the Irish village a series of screams caused nearly every person in the grounds to rush to the village.

It was found that a resident of Reserve township had taken a live snake into the Irish village to make a test of the sod, said to have been secured in Ireland. Mrs. Kate Barry of Webster avenue, who says she is 79 years old, was first to see the snake. She screamed. In less than a minute there was not a woman in the enclosure.

When being escorted to the patrol wagon the Reserve township resident said he had heard the sod was the "real thing," and as snakes were sure to die if they happened to touch Irish soil, he wanted to make a test. Superintendent of Police Henry Muth and Recorder Murphy of Allegheny, who heard the explanation, told the officer to return to the Irish village, and if the snake had expired by coming in contact with the soil of Waterford county, the man from Reserve township would be freed.

The snake was found to have expired just two minutes and 47 seconds after touching the soil. The man who caused the trouble was given a pass to all the exhibits by Father McCabe.

Among the distinguished visitors expected to the fair is Archbishop Patrick John Ryan of Philadelphia, the Rev. Father Regis Canevin of the Cathedral, assistant to Bishop Phelan, and a number of leading priests of this district. In honor of the archbishop's presence the children of the Church of the Annunciation will be put through several new Irish songs.

There will be a special matinee on Saturday, for which a special and very promising program has been prepared.

SMASH-UP IN SWISSVALE.

John L. Breggan, Driver of a Candy Wagon, Perhaps Fatally Injured.

A delivery wagon belonging to Hardie Brothers, wholesale candy and cracker men of Pittsburgh, was struck by a westbound passenger train on the Pennsylvania railroad at the Swissvale crossing yesterday afternoon and the driver, John L. Breggan of Oakland, was seriously injured. Fragments of the wagon were scattered in all directions. The impact threw Breggan headlong beneath the horses. He alighted on his head and his scalp was torn and the skull laid bare from one temple to the other. He also suffered a broken jaw.

Breggan was put aboard the same train that caused his injuries and conveyed to the West Penn hospital. His injuries are not necessarily fatal. Breggan is 30 years old and unmarried.

WANTED IN LOCK HAVEN.

Sheriff Myers Came After John Daniels, a Fugitive.

Deputy Sheriff Ellis Myers of Clinton county came to this city last night to take John Daniels, who escaped from the county jail in Lock Haven on June 30, back with him in the morning. Daniels was arrested on the South Side by Police Inspector William McShane on July 28, and was sentenced to the workhouse for 30 days for disorderly conduct. The Pittsburgh police learned that Daniels was a fugitive and notified the Clinton county authorities. Daniels was committed to jail on a charge of larceny.

The warden of Clinton county does not always keep the jail doors locked, and on June 30 Daniels with two other prisoners walked out. The other fugitives have not been recaptured. Daniels would have been liberated today from the workhouse.

HILL RESIDENTS TELL OF THEIR WATER SUPPLY

Fifty Affidavits Were Made Before Alderman Black Last Night.

SAMPLE OF MUDDY FLUID

One Hill Top Man Gives a Schedule of the Days in Three Months During Which the Water Was Shut Off.

The incompetency of the water companies which claim to supply the Hilltop districts with water was never brought out more publicly than last night in the sworn affidavits of scores of heads of families from all parts of the hilltop district. These affidavits were made in the office of Alderman Alexander Black in Washington avenue, where the investigating committee of the Hilltop board of trade met to hear the complaints of residents.

'Squire Black's quarters proved too small for the crowds of enraged citizens who desired to lodge their complaints. At 10 o'clock 50 affidavits had been filed. One man said his wife insisted on coming, claiming that she could tell the story better, as it was she who had to devise ways and means of getting meals cooked and trying to wash clothes in "mud." Attorney C. A. Poth wrote the statements made by the heads of families, after Alderman Black had administered the oath.

A Significant Statement.

John Ewings testified for the families living in Nos. 125, 127, 129 Jocunda street. He brought with him a statement showing the number of days in three months in which not a drop of water could be had. This statement follows.

May—20, 22, 24, 26, 27, 29, 30, 31.

July—2, 5, 18, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31.

August—1 2, 5, 6, 18, 21, 23, 25, 26, 27.

This is but a sample of the numerous complaints made.

Another person brought with him a small vessel full of the water drawn from his hydrant yesterday morning. From all appearances there must be at least 40 per cent mud. The mud settled and was fully an inch and a quarter in depth in a vessel not exceeding three inches in depth. The most astounding thing brought out last night is that the Chartiers and Monongahela Water companies are now making an effort to have the residents pay for this mud-water almost three years in advance.

J. Mausman of No. 117 Zara street, Knoxville, produced a receipt from the Chartiers company showing that he had paid his rent in full to April 1, 1903. The receipt was dated June 30, 1902, and was for $13 70, which amount paid his water bill in advance until next April. The regular rate is $14 50 per annum, but a small allowance is made for advance payment. Only a few days ago Mr. Mausman received his receipt from the company, and with it a bill for $14 50 to cover his water rental, it was intimated, until April 1, 1904.

"Do you propose to pay this bill?" asked the reporter.

Will Not Pay in Advance.

"When the robins nest again," Mausman answered. "This is certainly ridiculous. These companies must imagine one has no means of protection and that the head of a family must toss the coin every time they choose to wag the finger. But men who would exact payment for such beastly water, which chances to be pumped up about four days in every month, are capable of resorting to worse. It is high time the hilltop residents stood for their rights as citizens."

The samples of water procured last night will be analyzed and the result used as testimony against the water companies. The hilltop residents propose to have both these companies disfranchised, and to this end are gathering such evidence as was given last night.

Clergyman Comes for His Bride.

BEAVER, PA., Aug. 28.—(Special.)—Miss Mary Isabell Watterson, daughter of Mr. and Mrs. Alexander Watterson of Brighton township, was married at the home of her parents this evening, to the Rev. David Newton of Davis, Ia. The house was prettily decorated with cut flowers. The ceremony was performed before a large assemblage of friends and relatives, by the Rev. John A. Wilson, D. D., of the Allegheny United Presbyterian seminary. The bride was formerly a school teacher here, and is a graduate of the Slippery Rock Normal school. The groom is a graduate of the Allegheny seminary and formerly was the pastor at the Brighton township church. The Rev. and Mrs. Davis will leave for their western home in the morning.

FLY IN A BOTTLE OF BEER CAUSED RIOT

PORTER AND PASSENGERS OF A PENNSYLVANIA TRAIN MIX UP.

The Conductor Had Just Succeeded in Establishing Peace When the Fight Broke Out Afresh—No Arrests Have Been Made.

A dead fly in a bottle of beer was the cause of a riot on the buffet car of train No. 1 of the Pennsylvania railroad Wednesday night, shortly before the train arrived in Pittsburgh from the east. Two passengers and the colored porter are pretty badly used up. The first passenger and the porter intended the hurts, while the second passenger received his injuries through the attempt of a third passenger to help out the first.

According to one who was on the car the trouble started when passenger No. 1 ordered two bottles of beer. It is said that he had already had "several." In one of these bottles he found a fly, at which his indignation became so great that he swore roundly at the porter who served the beer. The porter came back with a good right to the eye and the irritated passenger measured his length on the floor.

Passenger No. 1 jumped to his feet and grappled with the porter. Both fell, pounding and biting as they wrestled. The porter got two of the passenger's fingers in his mouth and nearly bit them off.

Other passengers came to the rescue of passenger No. 1, and the porter was being beaten to pulp when the conductor entered the car and succeeded in disentangling what had been a maze of arms, legs and torn clothes. Jerking the porter back he was demanding an explanation of the whole affair, when the porter pulled away from his superior and again landed a good one on the other eye of the offending passenger.

At this passenger No. 3 picked up a heavy goblet and hurled it at the porter. The goblet missed its object and instead struck passenger No. 2 in the face, cutting him deeply under an eye.

"I have heard as many reports as I have seen people about the fight," said Superintendent Merrill of the Pullman company at Pittsburgh yesterday. "The porter's name is Cobb. He belongs to another district, so that the matter will not come to this office."

Police and Protection.

Now there is a plea for a larger police force. No doubt residents of many sections of the city will admit the necessity. Either a larger police force or greater efficiency has been needed for some time. It is rather odd, however, that the cry for more policemen should follow so closely the notification of the recorder by the controller that city funds will be exhausted long before the end of the fiscal year, and the recorder's notice to departments to practice rigid economy. The shortage of officers on duty can hardly have been a sudden development.

Two things may explain the demand for an increase in members of the police bureau. First, a desire to make it appear that protection of person and property can only be secured by negotiating temporary loans, that is, by creating a deficit. Secondly, that more places on the pay roll are essential to political plans. Of course, these reasons could not be openly assigned, as neither would enlist popular sympathy, so the discovery is officially made that certain sections are inadequately policed.

It is not a display of great wisdom to bring up the matter at this time. Though citizens have long been aware that some districts have not enough police to make a fair pretense of protection against marauders, they have recently been made aware of the fact that other districts where policemen are numerous are hotbeds of vice. They are, therefore, likely to demand that a better standard of efficiency shall be established with the existing police force before any additions are made to it. When "yellow book" methods and protection of vice are abolished the time will be more opportune for proposing an enlargement of the police bureau's list of employes.

Making New Records.

Some very fast work has been done on the track at Providence during the week. Records have been broken without stint. And it is possible today may see all records put out by the dash of Dan Patch against time. Weather and track have been well-nigh perfect, which may account for the high speed attained by horses that have been little known or unheard of.

In past years the greater part of turf records have been made in September, but this year August has been characterized by moderate temperatures. It may be the generally cool season will bring the equine kings and queens to their highest possible condition. Be that as it may, those who follow racing think it about time for some new records to be established. The really great horses appear about once in five years and there has been a sufficient interval since the two-minute horse was found.

Situation Grows Worse.

Another cavalry troop has been sent to the anthracite coal region and an assault has been made by the disorderly element upon soldiers. These are distinctively unfavorable indications. Several collieries have been opened and it is expected others will attempt to resume work about September 1. That fact explains the ugly temper of strikers and their sympathizers. It does not seem the reasoning of President Mitchell of the mine workers, the warnings of the press, or even the presence of the National Guard have any influence in convincing the miners that disorder is the worst thing that can happen to their cause.

Though the mine operators alienated public sentiment by a refusal to arbitrate at the inception of the strike, law-abiding people cannot sympathize with any effort to keep the mines closed by brute force. There is but one justification for a strike. That is that conditions are so bad that employment under them is not desirable. When such conditions exist there is no need for extraneous influences to keep men out of mines or mills. When intimidation and violence are resorted to for the purpose of keeping workmen out they amount to a confession that matters are not as bad as they might be and that the strike has been ordered to secure more than mere living wages or tolerable hours of work. This is not meant as an assertion that workmen should not have any greater reward, for they should, but greater rewards may be won by less desperate expedients than the strike.

Even in this case, where the mine operators refused to arbitrate, or even to treat for better terms, the strike had better not have been undertaken. Having been declared every illegal means used to sustain it weakens it. Attacks upon the troops, whose only office is to preserve order, will surely destroy whatever small hope of success the strikers may have.

Cholera in the Philippines.

Late advices from Manila respecting the epidemic of cholera in the island of Luzon, which had invaded Manila and threatened to work havoc among our soldiers, are distinctly more encouraging. Most of the victims of the disease, numbering about 400 a day in the entire province, with 50 new cases every day in Manila, are said to be natives. Even with this alarming record the wisdom and good sense of the American health officers have prevented a general spread of the disease among Americans. The Filipinos are notoriously indifferent to sanitary regulations. The natives outside of Manila drink polluted water, while those in the city are more disposed to obstruct than aid the health board.

That the cholera has not made a veritable graveyard of Manila is due to the work of the health officers. These devoted men have gone about cleansing Manila with the same care and wisdom that marked the American occupation of Havana. They are handicapped on every side by the natives, but they are proving every day what the American government can and will do for the safeguarding of life and the betterment of health conditions in the Philippines.

The splendid beneficence of modern civilization is demonstrating its worth afresh in Manila today by standing between a menacing plague and its tens of thousands of helpless victims who without this aid would have been mown down like grass before the scythe.

Far from Monopoly.

Anent the frequent assertion that the United States Steel Corporation is a monopoly, the Bulletin of the American Iron and Steel Association publishes accurate statistics for last year showing enormous independent interests. Of the total production of iron ore but 43.9 per cent is accredited to the big company, though its shipments from the Lake Superior region were 61.6 of the total. Its production of pig iron, including spiegeleisen and ferromanganese, was but 42.9 per cent of the total output. Of Bessemer and open-hearth steel it produced 66.3 per cent of the total, while of all rolled products its share was 50.1 per cent.

The Bulletin gives a list of 25 principal competitors of the United States Steel Corporation, which operate a total of 140 blast furnaces, of which number at least a portion are of the largest, most modern type. Nearly all of these own ore mines, coal lands and coke works. It is an effective summing up. The figures speak for themselves. There is no monopoly in the control of a trifle more than one-half of an industry as great as that of the iron and steel production of the United States.

French Premier's Blunder.

Premier Combes, the working head of the French government, appears to have acted with more energy than discretion or wisdom in closing the French schools conducted by the religious orders. This fact must be admitted by all intelligent advocates of state control of education no matter how opposed they may be to an educational system under the domination of religious or sectarian bodies.

The first intent of the movement against the religious orders in France was to subject them to state control in their educational work. When for one reason or another, as a matter of principle or because of misunderstanding, they refused or failed to meet the requirements of the government it would have been the part of wisdom for the ministry to provide schools for the children of the people before suppressing such schools as they had. That such a course was not followed shows a surprising shortsightedness and the government is feeling the effect of it in the opposition it has stirred up. There is a report that the premier intends to resign on the ground that his work has been accomplished. It is not improbable, if it is true that he is to retire, that he is getting out before the storm he has raised, and now sees, breaks on the assembling of parliament and sweeps him away.

The Place for the Young Man.

The youth of Marse Henry Watterson is beautiful to contemplate. Except in the matter of his political associations he belongs to each generation as it comes up, and refuses to go away back and sit down with it as it retires to the rear. But even politically there is hope for him, in all other things he is "one of us young fellows" year in and year out without an effort, and we may be happy yet in his complete rejuvenation. He dates back, but he looks forward. His eye is on the future and he has fun in the present, and don't you forget it. If there is anything doing he is in the thick of it. The benches are good enough for the old fellows, but they won't do for young blood. There's Grover Cleveland, he's shelved, and ought to stay so, instead of attending harmony banquets. David Bennett Hill—he is also too out-of-date to be of real use. And as for Bryan, why, he is so ancient that even ice won't preserve him. Marse Henry knows it. He says it right out, or in words to that effect, in his paper. He wants these old-timers to go to the rear, and if they won't, he wants them shoved. Their ideas lack freshness. He wants the younger men to lead "the party." The Clevelands, the Hills and the Bryans lag superfluous. They represent things that were or tried to be and couldn't. They want to fight campaigns with epitaphs for platforms. They won't do. Marse Henry is sure of it. In their day they may have been all right, but this is another day. In fact, this is today. The old issues have been crowded out by accomplished facts. The old fellows linger among the tombstones. Marse Henry tells the young fellows to keep out of the graveyard and not let the old fellows drag them into it. He says:

> The party must be safeguarded against the old copperhead hole. They who make no distinction between expansion and accomplished facts, and republican government must be sent to the rear. The constitution must prevail. The flag is its symbol—our flag. God defend it and bless it, and keep it for freedom and freemen the wide world over. May it nowhere come as a terror to those that love liberty. May it never appear as the signal for oppression, rapine and pillage. May triumph, glory, honor live in the hearts and sit upon the helmets of the boys that march beneath it, but may they never be brutalized by service that desecrates it. May they never lose sight of the constitution and the homes behind it—yea, yea and the God above it.

This, it must be admitted, is pretty good. We are with it, all except the safeguarding of the Democratic party against the old copperhead hole. We have no prejudice in favor of that. We are not for it. But the rest of it is good enough and live enough to put in a Republican platform. If the young fellows to whom it is addressed take it to heart they will get into the Republican party right away. They can't help it, and Marse Henry ought to get in with them. As their leader he ought to follow them. He shows age only in not getting in first and calling to them to come along. No use waiting for Cleveland, Hill and Bryan to sit down and remain quiet. They won't do it even when they say they have done it. They keep on calling attention to the epitaphs and singing the same old siren song in the same old cracked voices. Just quit them and their chorus. The Republican party is the place for the young fellows. They have no business tying themselves up with an antiquated, out-of-touch-with-the-times party that exhausts youthful energies in efforts to keep it out of "the old copperhead hole." The Republican party is the party of accomplished facts and the party that is doing things. It keeps the constitution prevailing with the flag as its symbol. It never fired on "our flag," and it has been and is the active instrument for the fulfillment of Marse Henry's prayer. What's the use, Marse Henry, as a young fellow, of counselling the young fellows to save a party that isn't worth saving, when there is a party that just fits your case and theirs doing the nation's business as it ought to be done? Act just as young and up to date as you feel and talk, and get into the party of youthful energy and enterprise with Allison, Spooner, Cullom, Hale, Hoar, Lodge, Hanna, Foraker, Grosvenor, Dick, Grow, Quay, Penrose, Dalzell, Sibley, Knox, Pennypacker, Roosevelt and all the rest of us up-to-date young fellows, who are always for the right thing at the right time and always keeping the flag at the head of the column. Why stay with an aggregation that soon will be as dead as George Fred Williams?

Gambling at Saratoga.

Saratoga's one-time fame as a summer resort for the wealth and fashion of the eastern states is in danger of being tarnished by the gamblers. From all reports the place has been during the past summer a center of gambling operations more extensive and defiant of all restraint and law than any ever known outside the purlieus of Monaco. Of course, many of the stories with reference to big winnings and losings of individual players have been pure imagination, but enough has leaked out to indicate that a wave of extravagant gambling has caught the fashionable resort which threatens to engulf it unless healthy, decent sentiment enough is aroused to stay its course. It is now being given out by the gaming interests that before the commencement of another season a magnificent gambling den, rivaling in furnishings and luxuries the palaces of the old world kings, will be erected at Saratoga. This establishment is being planned in order to secure for the gambling interests the support and countenance of men and women of wealth and character.

It is to be hoped the scheme will fail. Despite the enormous increase of wealth in this country, both individual and corporate, our people have never become addicted to the vice of gambling as it exists in Europe. The petty and broadly dishonest games of chance that are practiced so commonly on the other side of the ocean have failed to work the same fascination for the American in a majority of cases. Gambling is a detestable vice that rapidly undermines character and destroys manhood. If the wealthy persons of Saratoga shall consent to see the scenes of this summer at that resort duplicated and enlarged next year we will be much disappointed in the moral stamina and good sense of the fashionable leaders of the territory included in the Saratoga patronage.

DANCE ENDS LIFE OF SUMMER HOTEL

Weather Man Has Driven Many Purveyors of Hot Weather Luxuries to Wall.

THE PITTSBURGH GAZETTE BUREAU
Herald Building, Herald Square.
NEW YORK, Aug. 28.

With the end of summer nearly here, hotel proprietors in and near New York city who make a specialty of entertaining hot weather guests are lifting up their voices in lamentation. One big summer hotel at Arverne, L. I., close to Broadway, has given up the ghost. The proprietor has the dramatic instinct, so he gave an elaborate dance—or "hop," as summer reporters call hotel affairs of the kind—and at the "hop" announced that, in consequence of the exceptionally cool weather this summer, he would be obliged to close. He said that he had twice as many servants as guests, and that food was abnormally high in price. Under those circumstances he could not afford to keep open any longer. Similar complaints are heard all along the Atlantic coast in this part of the country. The weather has been so cool, not to say chilly, that New Yorkers have decided that their own city was much more comfortable as a residence than the seashore places which expected to enjoy their patronage. The hotel men did not know what the weather would be, and they made their usual wholesale preparations for the accommodation of multitudes of vacationers. The expenses of running the hotels was nearly as great as if the guests had been present, and several of the hotel proprietors have sent letters to creditors here that they cannot settle their bills for two or three years. As a whole, it has been the most disastrous summer seen for a decade. July was cool, but the hotel men thought August would be hot. Now August is over, and there has not been a hot wave since June. It is reported that one great hotel, near Lake Champlain, had a force of 160 waiters, with only 42 guests, thus showing that other places besides those near Greater New York have suffered. Besides the hotels other business men who depend on the summer demand for the sale of their wares have been driven to the verge of bankruptcy by the extraordinary weather. Particularly is this true of hatters, with great stocks of unsold straws on their hands, and haberdashers who cannot get rid of their outing shirts and gossamer underwear. This latter class can hold over their stock till next year, but summer hotel proprietors have not that consolation.

Vaccinationists Win Point.

Smallpox has completely disappeared in Manhattan borough, and there are very few cases in Brooklyn. This is official, for it is reported by the board of health. It is a great vindication of the effectiveness of vaccination for Dr. Lederle, president of the board, says that the stamping out of the disease is attributable almost entirely to general vaccination, with sequestration doing a secondary part. No cases of smallpox have been reported in Manhattan since August 16, and only three cases in Brooklyn. Experts say that when smallpox is driven out in summer it seldom makes headway in winter, and often disappears for years. The death rate from all causes is much less in August this year than for the same period last year. In short, New York is one of the healthiest cities in the country, on the unimpeachable authority of official vital statistics.

Paterson Does Phoenix Act.

Paterson, N. J., which was nearly destroyed by fire last winter, the whole business district being laid waste, is rising from its ashes handsomer than ever. In the principal thoroughfares, Main and Market streets, fine buildings, four and five stories high—the average altitude of important business structures there—are nearing completion by the hundred. Here and there are tottering walls still waiting for the pickax and shovel, but they are generally in the side streets. The main thoroughfares will be entirely built up by the end of the year, and by next summer there will be little to show the stranger that Paterson ever had a fire. When it is remembered that the fire was followed almost immediately by an almost equally destructive flood it will be realized that there must be some plucky, enterprising men in the city, to counterbalance the rather unpleasant reputation the city has suffered as a hotbed of anarchism. As a matter of fact, Paterson has been the victim of much calumny, as cruel as it is baseless.

Prince Forgets Chief Croker.

Prince Henry was much pleased with the attention he received from fire department officials in New York when he was here last winter. Five presents for different people he met here were received today by the mayor's clerk, James R. Reynolds. Two were for Mr. Reynolds himself. They were a handsome and expensive stickpin and a signed photograph in a blue and gold frame, with the royal monogram at the top in gold. The pin was of square design with the royal initial "H" in diamonds and a large ruby underneath. The other three presents were for Commissioners Sturgis and Hawks and Private Secretary Beebe. Commissioner Sturgis' present was a pair of link cuff buttons with the monogram in rubies. The present for Commissioner Hawks was a scarfpin with a ruby, and the one for Mr. Beebe was somewhat similar, with an amethyst.

More Brawn Than Brain.

More policemen are wanted on the force in this city, and 1,200 applicants have been before the examining board in Grand Central palace for several days. The examination is a tough one, in the opinion of most of the victims. Not only must the men be tall and strong, and in perfect physical condition, but they must do things with pen and ink that strike terror to the hearts of many of the candidates. It may be said that, as a rule, the men find it easier to pass the physical examination than to work out the mental problems and write on paper sensible answers to the numerous questions put to them. Civil service examinations are hard on all candidates, but perhaps there is no class of men to whom it is a more terrifying experience than the brawny young fellows whose ambition it is to strut along Broadway in blue and brass.

Cribbers Lose Their Money.

There is a story afloat tonight that some one has made $50,000 in connection with the examination of candidates for the police force by selling in advance the questions to be submitted to the applicants. Who this person is, and how he obtained the questions is not known, but it is said that 1,000 copies were sold at $50 each. The men who bought them were "buncoed," however, as Chief Examiner Willis L. Ogden learned of the trick and transferred the list of questions to the Brooklyn applicants and submitted the Brooklyn questions to the New York men.

Residents Driven Further Back.

Thirty-fourth street from Fifth to Sixth avenue, like Thirty-third street, is rapidly becoming entirely a business block. Since the opening of the Waldorf-Astoria, Thirty-third street has lost its residential character almost entirely. On the block opposite the Waldorf there is a row of stores where a decade ago there were only private houses. Thirty-fourth street is going through a similar transition stage. The latest indication of this is the statement that an 18-story office building is to be erected on part of the famous Stewart plot, at the northwest corner of Thirty-fourth street and Fifth avenue. It will be the most important business edifice so far in the block. It is interesting to surmise what A. T. Stewart would think of all this if he could come to life, for when he erected his mansion there no one supposed that it would be anything but a fashionable residence neighborhood for a hundred years, at least.

Croker Still Behind Throne.

It is stated, on no less an authority than the Post of this city, that Chas. F. Murphy, head of the Tammany advisory committee, has admitted that he has been representing Richard Croker in his conduct of Tammany affairs for the last eight months or so. Murphy denied it hotly today, but the Post calmly retorts: "These are the facts: Murphy did say to a well-known Tammany judge: 'I won't beat around the bush. I will be frank with you. I am here to do what Croker wants. Get his endorsement for your candidate, and I will endorse him.'" It has been supposed that Murphy would like to be the Tammany boss. His remarks quoted by the Post will prove excellent campaign material for "Big Bill" Devery, or anyone else that disputes with him the honor of being the leader of the organization. Murphy has always indignantly denied that Croker had anything to do with New York since his return to Wantage, but it looks now as if "the old man" has not been as much out of politics here as has been supposed. He may turn up again for the next campaign, in spite of all denials.

Sally Day Late in Alley.

In the good old Casino way, "Sally in Our Alley," which was announced for its first presentation this evening at the Broadway theater, has been postponed until tomorrow. This step was found necessary, owing to the fact that Marie Cahill, George W. Lederer says, who plays the title role, is indisposed, and has been for several days. Miss Cahill has been playing all summer in "The Wild Rose" at the Knickerbocker theater, and at the same time rehearsing with "Sally in Our Alley" at the Broadway theater. This, coupled with the tedious trip to Newport to appear at the special performance given at Mrs. Cornelius Vanderbilt's home, has been too much of a tax. All the same, you could not have made Marie stay away from Beaulieu if you had chained a big iron ball to each of her pretty ankles, and insisted on her walking from New York to Newport. Another girl wanted to play her part there.

Slippers Off for Duke Boris.

The Waldorf-Astoria has another distinguished guest. The Grand Duke Vladimirewitch Boris of Russia, first cousin of the czar of all the Russias, is occupying the apartments that not long ago sheltered Prince Henry of Prussia, and in which Li Hung Chang and other foreign dignitaries have spent a few days and nights. The grand duke is a jolly fellow, according to reports from Chicago, and it is expected that he will paint old New York red before he gets away. The Tenderloin has been looking forward eagerly to his coming, and every "show girl" in Broadway theaters is calculating her chance of the noble visitor using her slipper as a wine-cup.

Duss' Theater Is "The Gotham."

"The Gotham" will be the name of John S. Duss' theater in the circle at Fifty-ninth street. This is the latest report on Broadway, and it is said to be official.

THE DEATH ROLL.

Mrs. Sarah Catherine Davis.

Mrs. Sarah Catherine Davis of No. 442 California avenue, Allegheny, is dead at the home of her sister, Mrs. J. S. Gallagher, at Berkeley Springs, W. Va., where she had been visiting for the past five weeks. Mrs. Davis, who was 55 years old on Wednesday, was out shopping with her sister, Mrs. Gallagher. Just before they were ready to start for home they stopped to get some ice cream. Shortly after eating it Mrs. Davis suddenly became ill, and died a few hours later. Mrs. Davis was the mother of E. B. Davis, with whom she lived in Allegheny since her husband's death, 17 months ago, in Martinsburg, where he was a prominent shoe merchant. The death of Mrs. Davis is the third in her family within the past 18 months. She was a member of the North Avenue Methodist Episcopal church, and is survived by two sons, E. B. and J. W. Davis of Allegheny.

George Douglass Brown.

A cable dispatch from London announces the death of George Douglass Brown, author of the novel, "The House With the Green Shutters." Mr. Brown, born in 1869, in the west of Scotland, of Scotch-Irish parents, lived in a farming and mining country, and knew the farmers and workingmen intimately. When 15 years old he was sent to Ayr academy, "to which," he said, "I owe everything that I am." He tramped to London and started in as a man of letters. He began his work as a reporter on a newspaper.

Mrs. Mary Anna Heckmann.

Mrs. Mary Anna Heckmann, widow of Herman H. Heckman, died yesterday at her home in Madison avenue, Allegheny. She was a native of Hanover, Germany, and came to this country in 1852. Mrs. Heckmann was an active worker in religious circles and one of the first members of the First United German Evangelical Protestant church, Pittsburgh. She is survived by two sons, Amos and W. H. Heckmann, and four daughters.

George W. Carr.

George W. Carr, aged 56 years, of Carnegie, died yesterday at his home, No. 93 Lee street. He had lived in Carnegie for the last 18 years. He was a member of the Episcopal church of that place, also a member of the Sons of St. George, who will have charge of the funeral Sunday afternoon. The interment will be in Chartiers cemetery. He is survived by his widow and two children.

George W. B. Cain.

George W. B. Cain, an aged farmer of Sterrett township, died Wednesday evening. He was 72 years old and suffered from a paralytic stroke some time ago, which virtually caused his death. His widow and several grown up sons and daughters survive him.

Obituary Notes.

Mrs. Mary Ellen Black, 41 years old, wife of John W. Black of Turtle Creek, is dead at the home of her parents in Sharpsburg. Two children and her husband survive.

Mrs. Emma Reed, 41 years old, wife of Samuel I. Reed of Zanesville, O., is dead at the home of her father, Herman Thoerner, in Third avenue, Carnegie, where she had been visiting for the past three weeks.

Mrs. Adam Walsmith, 58 years old, is dead at her late home, No. 4822 Penn avenue. She was a member of St. Mary's Roman Catholic church and of branch No. 308, L. C. B. A. Her husband and six children survive.

Mrs. Susannah Scott Dawson, 94 years old, widow of Capt. William Dawson, a riverman, is dead at her late home, No. 5181 Westminster street, Shadyside. She was born on lower Penn avenue and had spent her entire life here. Four sons survive.

KING VICTOR'S NEW POSTAGE STAMPS

Adorned With Eagle, but Not the Old Roman Emblem.

By the MARQUISE DE FONTENOY.

King Victor Emmanuel's new postage stamps, instead of bearing his effigy, are adorned with an eagle with outstretched wings, with the arms of the house of Savoy on its breast. This has led various American newspapers to infer the eagle in question is nothing more nor less than the old Roman eagle, and its adoption is equivalent to an intimation that Italy aspires to extend its rule over all the territory formerly embraced in the old Roman empire, precisely in the same way that the adoption by Russia of the arms of Byzantium in connection with her national escutcheon was equivalent to a proclamation of the Muscovite purpose to revive the old Byzantine empire under the aegis of the czar.

As far as the new Italian stamp is concerned this inference is wrong. The appearance of the single-headed eagle on the new Italian stamps and coins has no such meaning as that ascribed to it. The eagle in question differs in appearance from the eagle of old Rome, holds in its extended talons a serpent, and was in times gone by the armorial device of the senior branch of the house of Savoy—indeed of the founder of the dynasty, namely, the count of Piedmont, prince of Achaja and Morea.

In using the heraldic bird in question for his postage stamps and coins, King Victor Emmanuel has merely revived the most ancient of all the armorial devices of his house. The eagle in question bears on its breast the shield showing the silver cross on the red field familiar to all who have seen Italian flags, while the head of the bird is surmounted by a royal crown, from which depend two streamers bearing the word "fert," the mysterious motto of the reigning house of Italy, concerning the meaning of which so much difference of opinion prevails.

Soldier and Swindler.

Ex-Capt. Edward Lynch Blosse of the British army, who likewise served with credit in the United States army during the war with Spain, and who has just been sentenced to three years penal servitude in London for swindling, comes from one of the oldest and most distinguished families of Connaught, the baronetcy owned by the head of the house, having been created in 1622.

When a mere boy Lynch Blosse, who is almost as well known in this country as in England, enlisted in the British army, rapidly obtained promotion and finally won a commission. Eventually he married Miss Brownrigg, daughter of the vicar of St. Jude, Southsea. But her married life was very unhappy. Her husband behaved in the most shameful way to her, and at last, she came to this country, obtained a divorce from him in Dakota, then married in Chicago a man of the name of Booth, who within a year afterward became insane. She subsequently returned to England, and some eight years ago committed suicide by blowing out her brains, the name of Captain, the Hon. F. C. Howard, brother of the third earl of Effingham, being connected with the tragedy. Indeed, according to the testimony produced at the coroner's inquest she committed suicide owing to her having been cited as a co-respondent in a divorce case brought by Lady Constance Howard against Capt. Howard, and if my memory serves me right, he put an end to himself on the very same day, at any rate, he died on the same day as she.

Capt. Howard's son is heir presumptive to the earldom of Effingham, one of the most illustrious of the British peerage, the first lord having been lord high admiral of England at the time of the Spanish Armada. The London police declare Lynch Blosse has been living the life of a swindler ever since he was mustered out of the United States service at the close of the war with Spain.

Promotion Through Sewing Machine.

Although a most distinguished soldier, decorated for his bravery on the battlefield of Custozza, yet it was by means of an American sewing machine that Gen. Baron Thommel, whose death has just taken place at Goritz, won the most brilliant laurels in the service of Emperor Francis Joseph. Having worked up his way from the ranks and secured a commission he was appointed military attache to the Austrian legation at Cottinje.

The court of the reigning prince of Montenegro, which is even now of a rought and ready nature, was then still more primitive. The princess had never heard of such a thing as a sewing machine and on being informed of the invention by the captain, as he was then, she expressed a great desire to possess one. The gallant officer took note of her wish and at the first opportunity he not only purchased a superb American sewing machine at Trieste, but took the trouble of learning to sew with it, so as to be personally able to instruct the consort of the sovereign, to whose court he was accredited.

Day after day the captain was to be seen at the princely Konak or palace at Cottinje engaged in teaching the beautiful Princess Milena how to work the sewing machine. And even after her highness had become proficient she used to summon the officer from the Austrian legation whenever a needle broke or the machine got out of order.

As long as Capt. Thoemmel remained at the Montenegrin capital Austria's influence, thanks to the sewing machine, was paramount and predominant in the land, and of such value was this to the imperial government at Vienna that the captain was promoted from military attache to the rank of envoy, and in course of time created a baron and advanced to the highest grades of the military service, the foundation of his fortunes having been an American sewing machine.

Popular Duchess Dead.

Austria's heir apparent, Archduke Francis Ferdinand, was so devoted to his sister, Duchess Albert of Wurtemburg, that her death on Monday following an operation for appendicitis must have been a very bitter blow to him. The duchess was his only sister, all the other daughters of his father being his step-sisters. Duchess Albert was one of the most comely members of the house of Hapsburg, having large and brilliant eyes of a bright blue and a profusion of fair hair, which she wore in the nature of a coronet.

About a year before her marriage to Duke Albert of Wurtemburg, the heir presumptive to the throne of Wurtemburg, she was stricken down with a severe attack of typhoid fever, and when she recovered she presented to the Church of St. Mary of Perpetual Assistance the chain, cross and ring she had worn as lady abbess of the Convent of Noble Ladies of the Hradschn at Prague. She likewise gave the large golden heart, with a star of diamonds on it which she had worn at her first ball.

All these jewels, extremely valuable, now figure on the image of the virgin on the high altar of this church, where her brothers and half-sisters were wont to pray for her recovery during her sickness.

The duchess leaves five children, all under 9 years of age, the eldest, Duke Philip of Wurtemburg, being destined to become king of Wurtemburg. Duke Albert, the bereaved husband, who is a very nice young fellow, is a devout Catholic, and there have been several moves made, though without result so far, to eliminate him from the succession to the throne on the ground of his creed, nine-tenths of his future subjects being Lutherans.

Found at Last.

From the New York Times.

George Bartlett, the Concord historian, is the hero of this little tale:

One day, when on a picnic, he offered his arm to a young lady to help her down a hill. She, being of rather an independent nature, told him she could support herself, whereupon he fell on his knees, saying:

"Madam, I have been looking all my life for a woman who could do that."

PERSONALS.

Joseph A. Langfitt of Pittsburgh was yesterday elected president of the National fraternal congress of the Royal Arcanum at Denver, Col. Mr. Langfitt is a well-known attorney of Pittsburgh, being a member of the firm of McIntosh & Langfitt. He has been past supreme regent of the Royal Arcanum, and his election to the higher office is considered quite an honor.

F. T. Hyndman, master mechanic of the Buffalo, Rochester & Pittsburgh's new shops at DuBois, and formerly of the Allegheny shops of the Pittsburgh & Western, spent yesterday in Pittsburgh. The trip here was on business connected with his position.

A. J. Pitcairn, superintendent of the bureau of health, and Mr. and Mrs. John P. Bryar of this city were passengers last evening for Atlantic City.

H. R. Dering, assistant general passenger agent of the Pennsylvania lines at Chicago, spent yesterday in Pittsburgh visiting personal friends.

William Montgomery, cashier of the Allegheny National bank, went to Chicago last evening on the Pennsylvania limited.

A. L. Carlisle, a prominent Democratic politician of Salem, O., was in Pittsburgh yesterday on business.

"The silver issue is as live as ever, but W. J. Bryan is a dead issue in Idaho," said Joseph H. Hutchinson, ex-lieutenant governor of that state, last evening at the Hotel Henry. Mr. Hutchinson stopped over in Pittsburgh for the day on his way home, after a visit to New York. He is heavily interested in silver mining in his state. "Idaho was never so prosperous as now," he said. "The mines are found more and more valuable, and the country is rapidly losing the wildness which, of course, characterizes new mining territory. Idaho now is as peaceful and lawabiding a state as any in the Union."

"Why is Sheffield tool-steel considered the finest in the world? Largely because of the inherited ability of the workmen employed there to make the steel," said E. Poole, member of one of the large Sheffield (England) tool-steel manufacturing firms last evening at the Union station. He was a passenger on the Pennsylvania limited, en route to Chicago to visit the western office of his firm. "Credit for the famous qualities has been given many times to some peculiar characteristics of the water used in tempering, but I do not think this the real cause. It seems to be native to the men, whose fathers for many generations have worked in the steel industries of Sheffield to turn out the material with the characteristic temper."

"I find the extensive use of heavy machinery and automatic tools the most remarkable characteristics of the American shipyard," said Walter Mentz, a ship construction engineer in the employ of the German government at Kiel, Germany, the great naval station of that country. Mr. Mentz is at the Duquesne. "I have been in this country for six weeks, on the orders of the German government, studying American methods. I have visited the yards and stations at Brooklyn, Philadelphia, Newport and Washington. I find also that the 'ways' used in launching vessels here are far superior to the German."

A party of Baltimore & Ohio railroad officials spent yesterday in this city, on their return to Baltimore & Ohio headquarters, after a trip over the lines west of Pittsburgh. In the party were General Manager G. L. Potter, T. J. Foley, assistant to the general manager, and J. H. Maddy, chief clerk to the general manager. The day was spent here with General Superintendent L. G. Haas, who accompanied them on the trip west. They went east at 9 o'clock.

Dr. William W. Kelly and son and Van A. Barrickman, all of Morgantown, W. Va., were at the Griswold yesterday, after a trip of several weeks in California.

An Unexpected Repir.

From the New York Times.

When speaking "In Praise of Books" at the commencement exercises of Bryn Mawr college Richard Watson Gilder told of a good friend of his who found in almost every new book taken up something to surprise her. "Something so very much in the nature of a discovery," he said, "that it became a sort of joke among us—these 'discoveries' of hers.

"A party of us were making that ever wonderful Hudson river trip once," he went on, "and this woman, whom I regard as one of the ablest of an able sex, had a great deal to tell us of the workings and appearance of the devil idea in literature, both sacred and profane. It was obviously her latest discovery, and her enthusiasm was such that at Peekskill one of the party went ashore and wired a mutual friend in New York:

"'Emma has discovered the devil!'

"The telegram did not reach its destination until quite late that night, and the recipient was feeling a b

LAW TOO PLAIN TO THROW OUT INDORSEMENT

Stone Can Find No Way to Keep Pennypacker's Name from Citizens Ticket.

PAPERS NOT YET FILED

Officials of State Department Decline to Cross Bridge Till It Is Reached—Ruling of Judge McPherson a Strong Precedent.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Harrisburg, Pa., Aug. 28.—The nomination papers of Judge Pennypacker and his associates on the Republican party ticket as the candidates of the Citizens party have not yet been presented to the state department for filing, and until they are the officials of the department will not disclose what action will be taken on them.

Secretary Griest will violate the plain mandates of the ballot law and precedents of the department if he should refuse to file these papers, assuming that they are regular upon their face and that they contain the requisite number of signatures to entitle the Citizens party to nominate a state ticket.

Should Griest turn down these papers the Citizens party undoubtedly would take the matter into the Dauphin county court and secure a mandamus proceeding to compel him to file them. This court has decided in several cases that where a certificate of nomination or nomination paper is regular on its face and contains the required number of signers, the secretary of the commonwealth must file the papers.

Federal Judge McPherson, formerly additional law judge of the Dauphin county court, held, in an opinion rendered in 1896, that the duty of the secretary was very clear in this matter, and that he had no right to reject any paper that was regular. This opinion was rendered in case of the objections to the certificate of nomination of ex-Representative Reeves of the Fifth Philadelphia district, who filed a certificate claiming to be the regular Republican nominee.

Judge McPherson held that the paper appearing to be valid on its face, the secretary was justified in filing it, although it was proven at trial that it was a forgery. He sustained the objections to the certificate and suggested that the district attorney of Philadelphia, George S. Graham prosecute Reeves for forgery. Acting on the court's suggestion, Graham brought suit against Reeves, who was convicted and fined heavily.

Gov. Stone is eager to keep the names of Judge Pennypacker and his associates out of the Citizens party column on the official ballot, because he believes that if their names appear in the same column with the Citizens party local ticket in Allegheny county it will materially help the latter ticket.

The governor's friends, however, do not see how it is possible to turn down the Citizens nomination of Judge Pennypacker and the two Browns. Should Griest file the papers, he will be required by the ballot law to certify them to the Allegheny county commissioners for printing on the official ballot. The only remedy for the Flinn-Stone machine, after the filing of the papers, would be to file objections to them in the Dauphin county court, and unless these objections be sustained the papers would have to be certified.

Secretary Griest has not been at his office since Monday, and his subordinates decline to discuss the matter in his absence. Griest is not likely to place himself in the position of being taken into court in a mandamus proceeding by turning down these papers if the Citizens party complies with the law in preparing them.

STONE SCHEME DOES NOT SCARE CITIZENS

They Are Confident that the Names of Republican State Candidates Will Go on Ballot.

Citizens party managers are not the least concerned over the revival of the fight that Gov. W. A. Stone will try to prevent the printing of the Republican ticket in the Citizens column. They say they cannot be done, law and court decisions all being unfavorable to the action of the state government. The organization of the Citizens party has been apparent that it was acting on good legal advice. In every case of appearance carried into the courts the decision of the Citizens has been sustained. The petition before the Citizens indorsed the name of S. W. Pennypacker and the names, the question of getting their names on the official ballot was carefully gone into. Today the management is certain that not a flaw can be found in anything done in connection with the nomination. It is also believed by those interested in the movement that Secretary of the Commonwealth W. W. Griest will lend assistance to the scheme Gov. Stone is said to have in mind. If he refuses to accept the papers or certify them the Allegheny county commissioners he would be dragged into the Dauphin county courts, and he knows that he has not have a legal leg to stand upon. The alleged intention of Stone to keep Pennypacker off the Citizens ticket is not causing us the slightest worry," said Chairman S. Crawford, who has charge of the preparation and filing of the nomination papers. "The law is extremely plain," he continued, "and the secretary of the commonwealth cannot refuse to accept papers or certify them, unless he does so arbitrarily and without regard to the statutes. If he should refuse to do his duty we will take him into the courts on a mandamus proceeding. I do not expect there will be a bit of trouble. The papers will be filed some time in September. There is no particular hurry."

Adam B. Hays, chairman of the executive committee of the Citizens, had this to say: "I do not expect any trouble from this source. From what I know of Griest he will not be disposed to enter into any scheme of the kind alleged to have been planned by Stone. It is really a matter of indifference to the Citizens, however. If Griest and Stone want to defeat Pennypacker of thousands of votes, they can get along. Our ticket will be elected whether or not Pennypacker is at the head."

James W. Clark, secretary of the Citizens party, considers the report of Stone's intended interference as trifling. He is positive that the courts will sustain the printing of the Republican state candidates in the Citizens column. The same view is held by all of the Citizens party leaders and candidates who were asked to express an opinion.

GOOD TURN-OUT OF SCHOOL DIRECTORS

INTERESTING SESSION OF THE ALLEGHENY COUNTY INSTITUTE.

A Departure from Usual Program Which Directors Seemed to Appreciate—The Institute Will Close Today After One of the Best Sessions in Its History.

In accordance with the rule devoting the Thursday afternoon session of the annual gatherings of the Allegheny County Teachers' institute to the school directors yesterday afternoon's session was designated as "directors' session." This significant footnote appeared on the program:

"There is no address on the duties of directors. In its place we will have a bright talk on history and a popular lecture. Both will be worth hearing. The change is made in the hope that most directors will be induced to attend. All are invited."

The change had the desired effect, for there was a larger turnout of "school fathers" of the county than has been known for several years.

Dr. S. D. Fess gave a talk on "Turning Points in History." He said the principal turning points in the history of our republic were the close of the French and Indian wars, the battle of Gettysburg, the declaration of war in 1898, and the death of President William McKinley. He said the death of President McKinley was the key which locked together the north and south forever.

The session closed with the lecture of Dr. Stuart MacArthur on "The Empire of the Czar." Dr. MacArthur combined three of his lectures on Russia in one and took up the history of the empire from its infancy to the present time, picturing vividly its horrors and its triumphs.

At the morning session Dr. Fess gave an address dealing with "The Reconstruction Period," and the problems that have grown out of it, chief among them that of the negro. He heartily approved Booker T. Washington's work for the intellectual and industrial advancement of the race. Incidentally Dr. Fess touched on the trust question. This problem, he believes, is in process of solution through the evolution of civilization. He thought President Roosevelt was throwing out some suggestions which may prove valuable in meeting a complex and difficult issue.

Dr. Lincoln Hulley had for his theme at the morning session "Child Study and Drawing." It was a practical talk on the importance of studying the character and personal characteristics of the very young pupils.

The institute will close at noon today.

ATLANTIC CITY.

Colored Baby Show With Managerial Kiss as an Added Feature for Prize Winner.

ATLANTIC CITY, N. J., Aug. 28.—(Special.)—The first colored baby show of the season was held today on the ocean pier. Manager Willard scored a hit, after the votes had been counted, by taking the prizewinner in his arms and kissing it. This was taken good-naturedly by all but the winner of the fattest baby prize and it immediately began to cry, not ceasing until it had been restored to its mother.

Another Kind of Show.

The entries thus far for the poultry, pigeon and pet stock show to be held next week on the ocean pier number 1,063. On Thursday and Saturday carrier pigeons will be liberated from the pier with messages for Philadelphia and New York and the time of their arrival will be wired to the scene of the exhibition.

MARINE HOSPITAL SITE.

Bids for One Will Be Opened at Washington Next Tuesday.

Bids for a site for the proposed marine hospital at Pittsburgh will be opened at Washington next Tuesday. There will be a number of bidders. It is known that the William McConway homestead on Herron hill will be offered to the government. The grounds are large and there are several buildings on them. The old residence is large enough to accommodate a number of patients. The Western university site in Allegheny has also been suggested as suitable.

It is known that Surgeon General Walter Wyman of the hospital service is opposed to going far from the river. He has repeatedly made known his wishes regarding this matter and has expressed a desire that a site be selected as close to the river as is possible. The government has appropriated $125,000 for a site and buildings, but it is the opinion of those best informed on the subject that this amount will not purchase a suitable plot of ground and erect buildings. The McConway property is on high ground, and is in every way adapted for hospital purposes.

ADA GRAY DEAD.

Once Famous Actress Buried by the Actors' Fund.

NEW YORK, Aug. 28.—(Special)—Ada Gray, who for years played the leading role in "East Lynne," died in the Fordham Home for Incurables, on Wednesday, and was buried today by the Actors' Fund of America, which has practically supported her for the last seven years. She was about 60 years old.

She first attracted attention in a stock company in Albany, where she married Charles Watkins, a hotel keeper, who subsequently managed her tours for several years. He died in 1891.

FATHER CANEVIN IS THE CHOICE OF THE DIOCESE

His Selection Would Be a Compliment to the Native-Born Priests.

FATHER LAMBING'S POINT

He Has Discovered That in 59 Years There Has Been but One Native-Born Priest in the Bishop's Council.

Catholic priests in every section of the city and the diocese are elated over the prospects of the Rev. Father J. F. Regis Canevin being named to the coadjutorship of this diocese. There are many reasons for this, but chief of all is that, in the event of Father Canevin being named, it will be the first time in the history of Catholicity in these parts that a native-born priest has been given such high honors.

This "native-born" idea has been the subject of much friendly, but at the same time spirited, discussion among the priests. The general sentiment is that an American-born priest, and one reared in the diocese, is the proper person to be elevated to the purple. The Rev. Father Lambing, historian of the diocese, and admittedly one of the profoundest scholars among the clergy in these parts, brought this "native-born" thought to the minds of the clergy only a few weeks ago in his "Necrology," in which he said:

Only One Native-Born.

"What will the Catholic world think now, and the readers of our diocesan history in future times, when they meet with the stubborn fact that from the date of the foundation of the diocese when it had but 12 priests, to the erection of the see of Altoona, when it had 232, and even till now—and not a few of these priests have been men of ability, and some have gone out into other fields of usefulness whilst still cultivating their own—yet in all this time only a single native-born priest of the diocese, Father Regis Canevin, has been on the bishop's council or board of consultors. Fifty-nine years, and but one member on the bishop's council, not to speak of higher positions. And yet Pittsburgh has always been a leading diocese, and one in which priests and people did their duty. These are facts, and they do not constitute the whole."

Advanced Age a Bar.

Father Canevin, in fact, is the only American-born priest on the board of diocesan consultors, though every member of the board is thoroughly imbued with the American spirit. This board consists of Very Rev. E. A. Bush, a Canadian by birth; Very Rev. F. L. Tobin, a native of Ireland; Father P. Kaufman, a German by birth; Father Joseph Suehr, also a German by birth, and Very Rev. C. A. McDermott, a native of Ireland. Despite their nativity each of the priests are earnest workers, good men, who have no ambitions other than to perform their duty.

"Were it not for the advanced age of both Father Tobin and Father Bush," a prominent priest said yesterday, "the ticket named by the irremovable rectors would have been adopted. Had Father Tobin been 15 years younger he would undoubtedly have been the next bishop of Pittsburgh. Evidently, however, the choice of the bishops is Father Canevin, though there will be a strong plea made for Dr. Garvey. The priests of this diocese would welcome such a man as Father Canevin. At the meeting of the priests he received 63 of the 127 votes."

Not a Philadelphian.

The Rev. Father Price, rector of St. James' church, West End, is of the opinion that no Philadelphian will be chosen, because nearly all the bishops who were at the meeting are Philadelphians and would not come here to discard efficient priests in the diocese, in preference to one from their home city.

"As to the possibility of Father Canevin's being named, it is a thing to be hoped for," he said. "Father Canevin is an excellent priest in every sense of the word. Either he or Father William Kittell would be acceptable."

THE ROUTE CHANGED.

Labor Day Parade Will Go Out Forbes Street to Schenley.

The route of the Labor Day parade was changed at a meeting of the Labor Day executive committee held yesterday afternoon. This was done at the request of Superintendent John McAleese of the police bureau, who advised the action because the route, as at first laid out, would block all of the street cars to Schenley park.

A committee consisting of Chief Marshal Alexander Hunter and the executive committee of five waited upon Superintendent McAleese at his request yesterday morning. The superintendent pointed out that the Fifth avenue route, which had been adopted, would not only block all the cars of that street, but also that the parade would have to cross Forbes street to gain entrance to the park and thus block that street also. As the parade will last three or four hours, the people from the downtown district who wanted to reach the park, would be unable to do so until late in the afternoon.

The executive committee met at 1 o'clock yesterday afternoon and decided to change the route so that the parade will pass out Forbes street, instead of Fifth avenue. The route will be from Market street, up Fifth avenue to Ross street, thence to Diamond street and out Diamond to Forbes and thus to the park. Fifth avenue will be roped off during the parade.

Recorder J. O. Brown sent a communication to the committee saying that he would be out of the city on Labor Day and requesting that some other person be selected to represent the city at the speechmaking in the park. The committee then decided to ask Director J. Guy McCandless to officiate in this capacity, and this change will be made. The committee also sent a request to Attorney J. H. Stevenson to be present and make an address.

The official program and souvenir for Labor Day was issued today. It is quite a large book, and contains, besides a program of the events, many interesting features.

CHAUTAUQUA.

Closing Day of Season's Program Has Good Features.

CHAUTAUQUA, N. Y., Aug. 28.—(Special.)—This is the closing day of the Chautauqua program. Exercises were held at 10 o'clock at night in the hall of philosophy. Bishop Vincent, the founder and idol of Chautauqua, was present and an impressive service, lighted by the athenaeum with fires in the old hall, which may be replaced by a more permanent structure of marble before another session of the assembly opens, formally concluded the 29th assembly.

It has been the greatest year in Chautauqua's history, with but a single exception, and it but a third of the plans for next year materialize, it is but the beginning of a new era in this era making institution.

The last lecture in the hall was given for this year. It was a description of the causes that have led up to and the progress that has been made by the Zionistic movement among the Jews. In this course of lectures on the Jewish world Dr. Steiner has put the whole Jewish question in a new light. Dr. Steiner predicts a Jewish exclusion act in this land of the free before many years have passed.

"We call this a country open to them. It will not be 10 years before the gates of Ellis island will be closed against the Russian and Polish Jews," he said, "for there are from 5,000,000 to 7,000,000 of them waiting to come over; people who are steeped in ignorance and poverty. They were driven from their Palestine and went to Africa and Spain; from Spain the wealthiest, even, had to take their bundles and make another journey. They settled in Germany and built schools and synagogues, and again they were driven to the vast, dark, unhospitable east of Russia and Poland, and there has not been a year of the last 25 when they were not driven from their fancied resting place.

"They are a people pleading for a resting place, and this they must have. There is no other solution to this Jewish problem. There are many things which seem to make it impossible that they will ever return to Palestine, but remember that Israel has always done the impossible."

Gold Beaters' Strike Ended.

BOSTON, MASS. Aug. 28.—The general strike of the gold beaters of the United States, which began about five weeks ago, was declared off today by President Lambert of the Gold Beaters' International union. The strikers will return to work tomorrow in all the cities affected. The strike was ended by a compromise.

EMPEROR GIVES VICTOR OF ITALY HARD CAMPAIGN

Has Him Up With the Birds at Potsdam After Late Night Session.

BERLIN'S WARM WELCOME

Great Crowds in Streets Receive Kaiser's Guest With Hearty Cheers — Generals Corbin and Young View Royal Pageant.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

Berlin, Aug. 28.—The entry of King Victor Emmanuel into the city today and his drive through Unter den Linden was advanced purposely half an hour earlier than the published time as a precaution against possible disorder.

Consequently the great crowds which were packed into place an hour before by the police at the Brandenburg gate were astonished by the arrival at a brisk trot of a gorgeous cavalcade surrounding a six-horse carriage, in which sat Emperor William and a small man, in a dark uniform, pulling at a blonde moustache.

The carriage stopped and the crowds ceased cheering to see what would happen. The chief burgomaster, Herr Kirschner, advanced and read an address of welcome from a parchment scroll. Behind the burgomaster stood, bareheaded, 100 representatives of the city in evening dress. The reading was over in less than a minute.

The Italian king then turned to the German emperor and asked him if he would reply. The emperor shook his head negatively, and the king thereupon shook hands with Herr Kirschner and thanked him.

Smiles at the Girls.

Then a deputation of young women advanced on the other side of the carriage and gave the Italian king a bunch of roses. He smiled, bowed, buried his face in the blossoms, handed the bouquet to a lackey, and the cavalcade and carriage swept through the gate and down Unter den Linden to the castle, three-quarters of a mile away.

On one side of the thoroughfare cuirassiers, dragoons and lancers lined up two deep and made a glittering barrier of color, while on the other side the people's view was unmolested except by extraordinary numbers of police standing with their faces toward the spectators.

The cheers of the people were spontaneous and really cordial. They seemed so to Gens. Corbin and Young and their party, who had a row of good windows. The American officers admired the cavalry more than anything else. The show was over in a few seconds.

Receive Foreign Diplomats.

Their majesties later drove to the Italian embassy for breakfast and then again to the castle to receive the diplomatic corps. The secretary of the United States embassy, John B. Jackson, represented the United States in the absence of the American ambassador, Andrew D. White, who is on a visit to Switzerland.

Emperor William kept King Victor Emmanuel up late last night at Potsdam and had him out of bed at 6 o'clock this morning.

The visit of the king, Victor Emmanuel, has been marked by the conferring of many orders, including the order of the Annunciata, which was personally handed by the king to Count von Buelow. The order of the Black Eagle was bestowed upon Signor Zanardelli, the Italian premier, and the German ambassador to Italy, Count von Wedell; the order of the Prussian Crown upon Signor Prinetti; the grand cross of Sts. Maurice and Lazarus upon the German secretary for foreign affairs, Baron von Richthofen, and the grand cross of the Italian crown upon the German under-secretary for foreign affairs, Dr. Von Muhlberg. Count Lanza di Busca received a bust of Emperor William.

Nothing tones up the system after overwork and worry like Dr. D. Jayne's Tonic Vermifuge. It is a sure strength-giver.

10,000 PLANTS FOR CARNEGIE MUSEUM

EXCHANGE TO BE MADE WITH NEW YORK BOTANICAL GARDENS.

Custodian Shaffer Will Go to New York on Monday to Make the Selection. May Also Get Some Plants from Harvard.

The botanical department of the Carnegie museum will be enriched by a collection of about 10,000 specimens of plants and flowers from almost every section of the world. The new collection will be secured from the New York botanical gardens at Bronx park, New York, and will probably be received and placed in the local botanical rooms about the middle of November.

J. A. Shafer, custodian of the botanical department of the Carnegie museum, leaves for New York Monday morning to select the new collection. The securing of this valuable addition of specimens is one result of the meeting of the American Association for the Advancement of Science, which was held in Pittsburgh the latter part of last June and the first few days of July.

Arranged to Exchange.

Dr. M. L. Britton, director general of the New York botanical gardens, which are the largest in the world, was an attendant at the meeting and thoroughly inspected the botanical collection here. He inquired of Custodian Shafer especially as to his duplicate specimens and an arrangement was made at once for an exchange.

The New York botanical gardens have been established for several years. Every year many collectors are sent out from the institution to different parts of the United States and the institution has representatives all over the continent. With the great number of specimens received each year are always a number of duplicates. These are preserved and used for exchange purposes.

In the botanical department of the Carnegie museum at the present time are over 75,000 mounted specimens of plants and flowers. Custodian Shafer believes there are at least 10,000 duplicates. These have also been saved and will be shipped to the New York botanical gardens.

Will Have More Room.

When the new addition to the Carnegie institute is completed, in it will be found a special apartment for the botanical specimens. This has been worked out in the plans for the new addition, and when more room is obtained the department will be run on more extensive lines than heretofore.

When Dr. Britton was here last July he stated that the botanical collection in the New York botanical gardens embraced over 1,000,000 specimens. He said there were at least 50,000 duplicates. All the specimens are mounted on separate sheets, listed and filed away, with the exception of those on exhibition.

After he has selected the specimens for the Carnegie botanical department from the New York botanical gardens' collection, Custodian Shafer will go to Cambridge, Mass., to inspect the collection of Dr. Asa Gray, herbarium at Harvard college. Custodian Shafer will try to make an arrangement with the college authorities to exchange some duplicates with the herbarium.

Great Money Makers Continue to Roll In to
WEST PARK LOT OWNERS!

The new million dollar Lake Erie machine shop will be built virtually "next door" to this wonderful property! It means WEST PARK as the natural home of the vast army of mechanics who will keep this mammoth industry in motion.

The Pressed Steel Car Company's new $60,000 modern office building is on the verge of erection in close proximity to WEST PARK. The enormous forces of this concern will migrate here immediately upon completion of building. And their place of abode? Where more convenient than WEST PARK, with its beautiful surroundings, healthful locality and easy accessibility!

The time to put yourself in position to reap the fruits of these great money makers is now. Investors who delve into the wonderful substantialities of WEST PARK will lose no time getting in, while ground floor prices rule. Cars marked "West Park" leave the corner of Fifth avenue and Market street every few minutes, carrying you directly through the property and within three minutes of any lot on the plan.

YOU CAN BUY LOTS IN THE NEW PLAN NOW AT $50, $100, $150 to $500

If you desire you can pay cash and secure a discount of 10 per cent, any time within 60 days, or you can take advantage of our easy credit terms of only

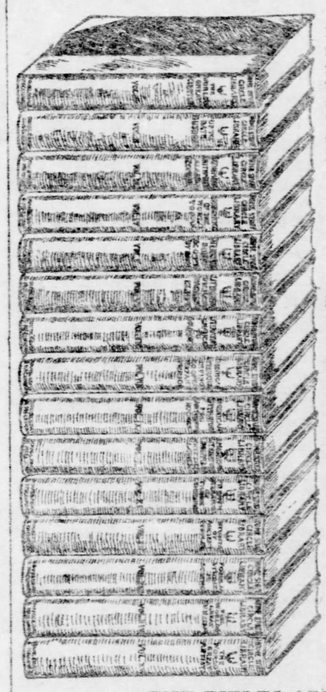
School Teachers

Have expressed themselves as follows concerning the Home Circle Library:



"We have become purchasers of the Home Study Circle Library and are more than pleased. While the literary features are most delightful, the practical value to us in our school work of some of the other subjects, notably 'Up-to-Date Business,' 'Popular Science' and 'Governments of the World,' is almost beyond estimation.

[Signed]
"ADELIA E. ROBINSON,
"ELIZABETH MONROE,
"WILHELMINA HOSKINS,
"KATHERINE R. TAYLOR."

It is not surprising that this great work is peculiarly helpful to teachers in view of the fact that no less than fifty-seven of the most eminent educators of America's greatest universities and colleges co-operated to produce it.

Purchasers commonly express themselves like this:

"The volumes on literature alone are worth many times the price of the entire set."

"I wouldn't part with my set for many times the purchase price if unable to replace it."

"The books have far surpassed my expectations."

"They are of incalculable value," etc.

A booklet of testimonials will be supplied on request.

THE TITLES ARE AS FOLLOWS:

Vol. I.—The World's Great Scientists.
Vol. II.—Up-to-Date Business: Banking, Transportation, Trade.
Vol. III.—Mathematics for Mechanics and Beginners: Arithmetic, Algebra, Geometry.
Vol. IV.—Governments of the World Today.
Vol. V.—Literature: Burns, Scott, Byron.
Vol. VI.—Literature: Johnson to Dickens.
Vol. VII.—Literature: Chaucer to Goldsmith.

League Games Today.

Chicago at Exposition Park.
Brooklyn at Boston.
New York at Philadelphia.

Another of those pitchers who have been making merry at the expense of the champions all season got what was coming to him yesterday. The latest victim of Piratical wrath was Jack Taylor, who has won every game he pitched against Clarke's crew this season, including the record-breaking 19-inning contest at Chicago. When yesterday's game ended the tally list showed 11 for Pittsburgh and 3 for Chicago, so that the 1,750 spectators were happy.

The champions have been lying for Mr. Taylor and saved up a few things to hand to him on the occasion of his first appearance here. The opportunity came yesterday, when Manager Selee foolishly counted on taking the opening contest and sent Jack to the slab to turn the trick. This same Jack is the premier twirler of the Chicago staff, and when it was announced that he was to do the pitching the boys who risk their cash on baseball results put a crimp in the betting odds, much to the disquest of the short enders, who had smelled a good thing.

Was a Case of Get Even.

Manager Clarke whispered to his crew: "Here's where we get even. Now, boys, get at him." That bit of advice was followed to the letter. They "got at him" from the very first inning, and there was no let-up until the last man was retired in the Pirates' last inning. It was a case of biff-bang, away you go, from the jump-off, and if Selee's out gardeners were lacking in exercise before, they got plenty of it yesterday.

The chief offenders in the batting line, so far as the Pirates were concerned, were Beaumont, who tore off four hits, three singles and a double; Leach, with three singles and Conroy, with a home run and a single. That home run of Conroy's was a thing of beauty, being the prettiest and cleanest of the season, the ball going almost on a line to the flag pole. To make it interesting, there were three runners on the bases at the time it was made.

Deacon Phil was on the firing line for the champions, and for seven innings he held the enemy blanked. In the eighth, seeing that his side had all the runs needed for a victory, the deacon let up a little and this allowed the visitors to save themselves the disgrace of a shut-out. The work of the Pirates back of the pitcher was all that could be reasonably asked, the fielding being fast and clever. In this line Leach was the leader, making some plays that were pretty to look at. The visitors also fielded well in spots, Tinker doing excellent work at short, making some stops that cut off base hits.

Deacon Turned the Steam on.

The champions started their scoring in the first inning, when, after Clarke had been retired, Beaumont doubled to left and scored on Leach's nice single to the same field. There was nothing doing in the second, but in the third Deacon Phil turned on the steam which set the merry-go-round in motion. The deacon led off with a single to right and Clarke followed with a safety to left. Beau bunted and beat it out, filling the bases. Leach's timely single to left brought in Phil and Clarke, Beau going to third and Tommy reaching second on Taylor's wild throw. On Wagner's rap to Lowe, Beau was out at the plate. Wagner stole second and Ritchey drew a base on balls, filling the bases again.

This was the way matters stood when Conroy appeared at bat. Wid waited until Taylor bent one over the plate and then it was all off. He laced that ball right on the nose and Dobbs, in middle, made a wild chase for it. The ball went sailing peacefully over Dobbs' head and never did stop until it reached the fence back of the pennant pole. The fielding in was a fast piece of work, but not fast enough to keep Conroy from securing his home run, with a little to spare. The spectators cheered until they were tired.

In the fourth two more were scored. After Clarke had struck out, Beau singled and so did Leach and Wagner, and the first two scored, aided by an error on the part of Menefee. In the fifth Conroy led off with a single, went to third on Crollus' double to right and scored on Phillippe's infield hit. In the eighth, with one out, Beau singled, stole second, went to third on Wagner's single and scored while Wagner was being run down between first and second.

The Cubs Managed to Score.

The visitors did not score until the eighth, when Tinker beat out a pretty bunt, took second on Menefee's bunt and scored on Lowe's single. Menefee reached third on this hit and scored on Lowe's out at second. In the ninth Slagle singled, took second on a wild pitch and scored on Kling's single to center. This, by the way, was Kling's fourth hit of the game. The score:

NOTES OF THE GAME.

In the seventh inning Harry Smith was at bat and he batted the ball down toward first and ran slowly toward the initial corner. Clark, the Chicago first baseman, was a bit slow in going after the ball, and Smith, seeing a chance, broke into a sprint and beat the first baseman to the bag, much to his surprise and to the amusement of the crowd.

In the fourth inning with Leach on third and Wagner on first and two out, the tip went out for the double steal, and Honus started well-nigh for second. Kling's throw was fast enough to head off Wagner, who dodged about just long enough for Leach to cross the plate, then Tinker put the ball on Honus and he was called out, but Leach's score counted just the same.

Kling's three-bagger in the third inning was secured off a ball that came pretty close to being a wild pitch. The Deacon whizzed the ball in far above Kling's head, but the latter smashed away and happened to catch it and drove it far down into left field. When Kling settled on third he gave the Deacon the laugh.

The home run made by Conroy in the third inning was the prettiest hit seen on the local grounds in years. The ball was never higher than ten feet from the ground and kept to the air until it almost reached the pennant pole, then rolled to the fence back of the pole. It was a vicious smash and Wid had no trouble in circling the bases, driving three runs in ahead of him.

Beaumont's catch of Dobbs' liner in the third inning was a pretty bit of fielding. The ball was a low liner and Beau went after it post haste, and while bending over picked it right off his shoe tops. Had the ball been allowed to get away it would have come pretty close to being a home run, as it was hit hard and Dobbs is one fast-footed man.

Tommy Leach, by his display in the first inning yesterday, is entitled to the name of "Artful Dodger." Tommy got caught between second and third on Wagner's drive at Menefee, and the little fellow gave the Chicago infield a whole lot of running to before he was touched out. It was a clever display of baserunning and was fully appreciated by the crowd.

The champions have now pretty well evened up with pitchers who have proved stumbling blocks to them in the early season. Kitson got his bumps during the last Brooklyn series, and Jack Taylor got a long delayed drubbing yesterday. Both these men had handed out to Pittinger earlier in the week. The Pirates are fellows who don't forget little things like that.

Arthur Irwin will never make a good umpire because he allows the players entirely too much latitude and does not attempt to control them. This is one of Joe Cantillon's strong points, and it's this that makes him a favorite wherever he goes. Another of Irwin's weak points is that he insists upon jumping from back of the pitcher and seldom moves from his tracks. This is a bad position for an umpire, who is bound to get mixed on foul balls as well as on base decisions.

John Kling, the Chicago catcher, had Deacon Phil's benders sized up good and proper yesterday, and he sliced off two singles and two three-baggers. Both of the long hits were wasted, as there were two out and none on when they were made, and both times Kling died on the third cushion, which caused his comrades as well as the spectators to shout: "Tough luck, old man."

The Chicago club is in a pretty badly demoralized state just at present, as is shown by the fact that Frank Selee is compelled to play one of his pitchers, Jock Menefee, at third base. The Cubs started off the season with a harrah, and threatened to take second place in a walk, but sickness and accidents have handicapped the team sadly. Still at that the Cubs can put up a fast game and keep the best teams hustling to beat them out.

THE TENNIS EXPERTS.

Many Matches Were Played in the International Tourney at Niagara.

NIAGARA-ON-THE-HUDSON, ONT., Aug. 28.—In the international tennis tournament today Kreigh Collins, Beals Wright and Leroy won with great case against less expert players. In the handicap John Neely, to whom Harold Hackett owed half a point, ran through the Yalesman in straight sets.

A very hard match in this event was between two well-known Canadian players, Suckling of Montreal and Patterson of Toronto, Patterson winning by a close margin.

The most exciting match was that in which Miss Parker of Chicago defeated Miss Wimer of Washington. The ladies left in the semi-finals are Miss Closterman, Cincinnati, and Misses Parker, Champlin and Neely, Chicago. Summary:

International championship, first round—Kreigh Collins, Chicago, beat G. N. MacDonald, Toronto, 6-0, 6-1. Beals Wright, Boston, beat Suckling, Montreal, 6-1, 6-1. E. R. Patterson, Toronto, beat H. E. MacDonald, Buffalo, 6-0, 6-1. H. Leroy, Columbia university, beat R. H. Shaffer, Cincinnati, 6-3, 6-3.

Ladies' singles, first round—Miss Neely, Chicago, beat Miss Taylor, Toronto, 6-0, 6-1. Miss Hague, Montreal, beat Mrs. Stikeman, Toronto, 6-0, 6-1.

Second round—Miss Closterman, Cincinnati, beat Miss Stever, Chicago, 6-3, 6-1. Miss Parker, Chicago, beat Miss Wimer, Washington, 6-4, 6-3. Miss Neely, Chicago, beat Miss Hague, Montreal, 2-6, 6-2, 6-2.

Open handicap—John Neely, Chicago, owe 30, beat H. H. Hackett, Yale, owe half, 40, 6-2, 6-2. C. B. Hackett, Toronto, owe 15, beat R. Bissell, Buffalo, scratch, 6-3, 6-1. N. MacDonald, owe half, 15, Toronto, beat Paul Gardner, Chicago, owe half, 30, 2-6, 6-4, 8-6. E. Fenn Emerson, Toronto, owe, 15, beat H. W. Suckling, Montreal owe half, 15, 2-6, 8-6, 7-5.

Ladies' doubles — Misses Closterman and Neely beat Misses Wimer and Stever, 6-4, 6-3. Misses Parker and Champlin beat Misses Hague and Summer Hayes, 7-5, 7-5.

TO SEE THE FUTURITY.

Capt. Brown Thinks Blue Ribbon the Winner.

Capt. Sam Brown of this city left last night for New York to attend the Futurity to be run at the Sheepshead Bay track tomorrow afternoon.

Among the entries in this great race is Capt. Brown's Blue Ribbon, and the Pittsburgher feels sure he has the winner. River Pirate, formerly owned by Capt. Brown, but sold last week to "Mr. Rossilyn" for $8,000, also will be a contestant, "Mr. Rosslyn," by the way, is the racing name for the stable of Mrs. Harry Payne Whitney and Mrs. Duryea.

FAILED TO SWIM CHANNEL.

Montagu Holbein Had to Be Taken from the Water.

DOVER, ENGLAND, Aug. 28.—Montagu Holbein, the English swimmer, who started from Cape Gris-Nez, France, at 3:30 o'clock yesterday afternoon on his third attempt to swim the English channel, failed in his attempt. He was taken out of the water when a mile from Dover. Holbein had to be helped out of the water, being too exhausted to struggle any longer against the westward tide. He stayed in the water 22 hours and 21 minutes.

Notwithstanding his weakened condition, Holbein, after landing, walked up the pier with the assistance of friends. The crowd present gave the swimmer an ovation. Holbein says he will not again attempt to swim the channel.

NOW FOR FOOTBALL.

Pennsy's Squad Starts for a Month's Practice.

PHILADELPHIA, Aug. 28.—The University of Pennsylvania football squad, numbering about 25 men, left here tonight for Eaglesmere, Pa., where the candidates for the 'Varsity team will practice for the next four weeks. The squad will return here September 24, two days before the opening game of the season.

The players are accompanied by Head Coach Carl Williams, Assistant Coach John Hedges and Capt. Will Gardiner.

Cricket Club Makes a Trip.

The Pittsburgh club cricketers leave tonight for Detroit, where they play their old rivals Saturday, resting there over Sunday and journeying to Chatham, Canada, Monday, Labor day, to play the strong team of that city.

CANADA'S GREAT FAIR,

Toronto, Ontario, Sept. 1st to 12th.

The Pennsylvania railroad will sell, each Tuesday during September, 15-day excursion tickets, Pittsburgh to Niagara Falls and return, at rate of $7.45, and to Toronto and return, at rate of $8.45.

Trains leave Union station at 9 a. m. and 10:45 p. m., eastern standard time. Pullman service on all through trains.

Chicago, Aug. 28.—Philadelphia and Chicago each won and lost today. Both teams appeared nervous, and seemed to play under a high tension, as nearly all the errors made were on apparently easy chances. Patterson held the visitors down to four singles in the first game, and but for an error would have blanked them. The leaders hit Platt hard in the second game, and won in the eighth, on four singles, a balk and Daly's muff. Attendance 7,269. Scores:

BUNCHED THE HITS.

Cleveland Was Lucky Yesterday Against Carrick.

CLEVELAND, O., Aug. 28.—Cleveland bunched its hits off Carrick in the third and seventh innings and won easily. Joss was invincible except in the fourth, when Washington made three runs on four hits, three of which were scratches. Score:

SENATOR GRADY WAS NOT JOKING

THE IRISH ORATOR DETERMINED TO MAKE HIS WORD GOOD.

Called on Secretary Pulliam and Assured Him He Would Produce the Gold Prize Money—Baseball Air Still Full of Rumors.

The official publication in this paper on Wednesday morning of the offer made by Senator Thomas F. Grady of New York to distribute as prizes among the champion Pirates $1,000 in gold was in a measure sneered at in a morning paper of yesterday and Senator Grady was referred to as a joker.

This little fling met the eyes of the senator yesterday, who became indignant at the charge of joking in a matter of that kind, and he straight way called on Secretary Pulliam of the club and not only renewed the offer, but made the positive statement that he would by the first of September place the prize money in the hands of the Pirates' secretary to be divided as he originally dictated.

Later in the afternoon the senator, who was still indignant that his motives should have been questioned, said: "I don't know who it was that wrote the item, but I do now that his knowledge of baseball is very limited. I gave double the sum I named this week to the New York and Baltimore teams when they had no chance of winning the pennant, and it don't stand that after having made the offer I am going to flunk now. It may be that I am becoming a joker as I grow older, but there are some matters I don't joke on and this is one of them." The senator left for New York last night, but not without assuring Secretary Pulliam the second time that he would make his promise good.

The baseball air was still filled with rumors of all kinds yesterday, but it was impossible to find any foundation for reports. Jim McGuire of the Detroit team remained in the city and Tom Loftus, manager of the Washington team, dropped in to try and do a little missionary work among the players of the Chicago team. The Pirates mixed up in these rumors are Tannehill, Chesbro, Leach and Conroy, who have not yet signed contracts with the local club for next season. That these players have been dickering with or have been worked on by American league agents is a certainty, but of course none of them will admit it.

Just at present anything relative to their future is nothing more than a guess as to what rumor may assert. This quartet of players have been given until tomorrow to hand in their terms to the Pittsburgh club, and President Dreyfuss has not approached them on the matter since their first conference some weeks ago. Tomorrow will tell the tale as to the intention of the players named, and until that time nothing definite will be known. In the meantime the owner of the local club is not idle, but is preparing for any emergency that may arise, but in what manner or by what players he will not say now.

WON IN SEVEN INNINGS.

Carnegie Steel Defeated the Plate Glass Team.

In an interesting game of seven innings yesterday evening on the Shadyside Academy grounds, the Carnegie Steel team easily defeated the Pittsburgh Plate Glass team and demonstrated their ability to hold the title of champions of the office teams. The battery work of the winners was the most remarkable feature of the game, Ecker allowing but two hits and striking out 10 men:

Proud Day for Crestline.

CRESTLINE, O., Aug. 28.—(Special.)—More excitement prevailed here today in the Crystal Rock-Sidney game than ever occurred before. Umpire Brack, who caused ill feeling yesterday by a poor decision, almost caused a riot by repeating it. Brack was finally allowed to umpire bases and Dr. Eastman, a stranger from Bellevue, was made umpire of strikes. His work was square and the Crystal Rocks won the hardest fought game of the series. Had it not been for poor umpiring Crestline would have won two out of three and been champions of the state. At the close of the game Moore, the Crestline pitcher, was carried on shoulders of the team, while the second spectators marched the streets shouting for joy.

MILE MADE IN 2:02 FLAT

Race Was Won in Straight Heats. Roger Williams Stake Was Won by Nutbearer—Dan Patch Goes for World's Record Today.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Providence, R. I., Aug. 28.—Records continue to be smashed at the Grand Circuit races at Narragansett park. The free-for-all pace was today's special feature and the second heat in 2:02 flat was the fastest mile in a race this year. The last half was in one minute. Anaconda (2:01¾) beat Prince Alert (2:00¾) in two straight heats, both in wonderfully fast time. This is the first free-for-all of the year and its presence on the card was responsible for a large attendance, approximating 12,000 persons. Dan Patch, 2:00¼, will start tomorrow afternoon, in an effort to beat the world's record, and Myron McHenry thinks he can drive the fastest mile ever made in harness.

The Roger Williams $10,000 stake postponed from yesterday made eight heats. Scott Hudson's bling horse, Rhythmic, the early favorite, was distanced in the seventh heat and Nutbearer won the race.

The 2:14 pacing stake was a hot race that required six heats to decide. Anadrosia, 2:07, the fastest horse bred in Maine, was backed by quite a following, especially when Myron McHenry drove. Carl Wilkes won the first heat with a new record of 2:05¾, and then the third, after Anadrosis took the second, but neither could land the race. Locanda, the Boston horse, owned and driven by James W. Brodhine, won the last three heats. The 2:22 trot was won by William Tell in three straight heats, the fastest in 2:11½. Major Delmar got the 2:10 trot just as easily. Summaries:

YOUNG CORBETT ANGRY.

Threatens to Call McGovern Fight Off Because of the Circulation of Fake Stories.

CINCINNATI, O., Aug. 28.—(Special.)—Champion "Young" Corbett today made a threat that he will declare the fight with Terry McGovern off if the talk of the coming contest being pre-arranged is not stopped.

"I don't see where these knockers get their information," said "Young" Corbett. "I'm getting tired of reading these stories about me laying down to McGovern. That the contest did not take place in the east is not my fault, and it is just these people who killed the game in that part of the country."

Corbett did a little indoor work this afternoon for the first time since his camp was pitched on Price hill last Saturday. It consisted of bag punching, tackling the dummy and working the rowing machine. Corbett wished to put on the gloves but could not find any. Trainer Tuthill, knowing the kid's strong desire to box, hid the gloves. Tuthill will not allow him to put on a glove until his injured thumb heals.

Terry McGovern spent the day about the house.

RED-HOT FINISH IN THE HANDICAP

HERMIS AND WHISKEY KING FIGHT IT OUT TO THE WIRE.

Hermis Wins the Event and the Owner Is $50,000 to the Good—Red Knight Proves Himself to Be a Very Fast Youngster.

[BY ASSOCIATED PRESS TO THE GAZETTE.]
SARATOGA, N. Y., Aug. 28.—The Saratoga handicap for 3-year-olds, the feature event of the get-away-day card, resulted in one of the most keenly contested races of the meeting. Hermis, the recently acquired Hermance colt in the stable of L. V. Bell, won after a long head and head drive with Whisky King, from the three eighths post to the wire. The first two outfooted their company, Cunard, the heavily-played favorite, ran into third place. Owner Bell backed the winner from 20 to 1 to 10 to 1 at post call, cleaning up, it is said, $50,000 on the race.

Red Knight proved himself one of the fastest youngsters in the east by beating Meltonian and a fair field in the second race with extreme ease. Red Knight ran the six furlongs with lots to spare in 1:13. Meltonian, the 11-to-10 favorite, was a comfortable second over Auriesville.

In the first race, after Satire had made all the running, Shea stole up with Moor, winning on the post. Wild Pirate just nosed out Peninsula for show money. The fourth race, for 2-year-old maidens, went to Cloche d'Or in a drive with Ithan, Belvino caught and passed Rough Rider and The Amazon in the final strides of the fifth race. The track was fast and the attendance light.

The scene shifts to Sheepshead Bay on Saturday, where the Futurity is the feature event of the opening day of the Coney Island Jockey club's autumn meeting. Summaries:

First race, for 3-year-olds and up, selling, 1 mile—Moor, 103; Shea, 4 to 1 and 8 to 5, won; Satire, 100, Smith, 6 to 1 and 2 to 1, second; Wild Pirate, 108, O'Connor, 3 to 1 and even, third. Time, 1:39 3-5. Red Path, Prince Richard, Peninsula and I Know also ran.

Second race, handicap, for 2-year-olds, 6 furlongs—Red Knight, 114, Smith, 6 to 1 and 2 to 1, won; Meltonian, 118, McCue, 11 to 10 and 1 to 2, second; Auriesville, 115, Burns, 4 to 1 and even, third. Time, 1:13. Americano, Briticsmaid II., Scoffer and Dr. Saylor ran.

Third race, the Saratoga, $5,000, handicap, for 3-year-olds, 1¼ miles—Hermis, 122, Rice, 10 to 1 and 3 to 1, won; Whiskey King, 104, Redfern, 10 to 1 and 3 to 1, second; Cunard, 115, Jackson, 4 to 1 and 8 to 5, third. Time, 1:51 2-5. Gay Boy, Smart Set, Gold Cure, Caughnawaga, Francesco, Hemo and Arsenal also ran.

Fourth race, maiden 2-year-olds, selling, 5½ furlongs—Cloche d'Or, 107, O'Connor, 4 to 1 and even, won; Ithan, 107, Smith, 7 to 5 and 3 to 5, second; Latrobe, 110, Jackson, 4 to 1 and even, third. Time, 1:08 1-5. Scottish Blue, Snowdrift, Wheeler B., Full Back, Dismente and Merry Royal also ran.

Fifth race, handicap, for all ages, 1⅛ miles—Belvino, 110, McCue, 16 to 5 and 6 to 5, won; Rough Rider, 109, Brennan, 8 to 1 and 2 to 1, second; The Amazon, 110, Smith, 4 to 5 and out, third. Time, 1:53. Janica and Loone also ran.

Sixth race, 3-year-olds and up, selling, 6 furlongs—Cornwall, 97, Redfern, 2 to 1 and 3 to 5, won; Mary Worth, 106, Burns, 8 to 1 and 2 to 1, second; Sadducee, 120, Smith, 7 to 10 and out, third. Time, 1:13 1-5. Rappenecker, Optional, Rose and Midnight Chimes also ran.

MATCH FOURSOME CONCLUDED TODAY

Hutchinson and Way Will Meet Nevin and Keddie in the Second Contest.

This afternoon in the Schenley park course of the Pittsburgh Golf club the second match in the contest between Prof. Way and F. M. Hutchinson, as opposed to E. P. Nevin, Jr., and Prof. Keddie of Edgeworth, will be decided. The first 18 holes were played on the Edgeworth course Tuesday, Hutchinson and Way winning by 1 up. Nevin, Hutchinson and Keddie are all of the Edgeworth club of Sewickley, while Way is the coach of the Pittsburgh Golf club.

J. B. Speer played some brilliant golf on the Schenley course this week, returning a score of 70 strokes for the 18 holes, which equals the record of the season made by W. C. Fownes, Jr. He was playing with Prof. Way and his card was as follows:

Out	4	5	3	3	4	3	3	5	4—34
In	4	5	4	5	4	2	4	4	4—36, 70

Way's scores were 32 and 36 or 68 for the 18 holes against his record of 65.

ORMISTON WON CUPS.

Both Handicap and Lowest Score Trophies in Hermitage Tournament Came to Pittsburgh.

LIGONIER, PA., Aug. 28.—(Special.)—The open golf tournament of the Hermitage Golf club of Ligonier was concluded this afternoon with the semi-final and final play for the cups of the first and second eights and the play of an 18 hole handicap. George Ormiston of Highland won the handicap cup, having also won the cup for lowest gross qualifying score the first day. W. C. Fownes, Jr., defeated C. B. Fownes 1 up in 20 holes for the first cup, while F. H. Denny of Ligonier defeated T. L. Ashcom 1 up in 21 holes for the first prize of the second eight. There were consolation trophies in both eights.

AFTER TRACK RECORD.

Two Attempts Will Be Made at Brunots Island Races Tomorrow.

Another fine program has been prepared by the race committee for Saturday afternoon at Brunots Island. The big track is in first-class condition now and the horses are in better form than at any time this season. A fine feature of the afternoon will be the attempt of Joe Watts and Josephine Dixon to beat 2:12¾, the track record. The program follows:

Event No. 1, trotting—Wilkes Bourbon, b. g.; Sybaris, b. m.; Griffith Bell, b. g.
Event No. 2—Werl, b. g.; John Webb, s. g.; Westwood, br. g.; Wood Boy, b. g.

GAS CAUSE OF EXPLOSION.

Naval Board Reports on Accident on Submarine Boat Holland.

WASHINGTON, D. C., Aug. 28.—The naval board appointed to investigate the explosion aboard the submarine boat Holland on July 30 has made its report. The board failed to ascertain the exact cause of the explosion as between gasoline or gases evolved from the storage battery, but inclines to the theory of an explosion of battery gases.

The board recommends that the Holland be thoroughly overhauled as regards the structure of the gasoline and battery tank, and that the ventilating system of the ship, particularly of the battery tank, be improved.

Capt. Stern Says He Is Becoming Weary of Whole Affair—Bourke Cockran and Mr. Cleveland Are Dragged Into Testimony.

[BY ASSOCIATED PRESS TO THE GAZETTE.]
New York, Aug. 28.—Hearing in the suit of Peter Power to prevent the turning over of Northern Pacific stock to the Northern Securities Company was continued today by Special Examiner Mabey.

H. Dubois, bookkeeper for E. R. Thomas and lately for the firm of Thomas & Post, was called to testify to the purchase by the firm of 400 shares of Northern Pacific preferred stock for Samuel Thomas. Mr. Dubois recognized transcripts of the accounts of Thomas & Post showing the purchase of 400 shares of Northern Pacific preferred stock, which was subsequently transferred to the account of the Monon syndicate for $78,000 and later to the American Tobacco syndicate for the same consideration, and later to the Swipe account for F. R. Thomas in two lots of 200 shares each, one lot subsequently being transferred to Lee Thomas and the other lot being transferred to M. D. Bouden for the account of E. R. Thomas.

A. W. Bulkley, a lawyer of Chicago, was then called by Mr. Guthrie of counsel for the defendants. Mr. Bulkley said his firm had given notice of withdrawal from the Power suit. During one of the interviews between Mr. Lamb and the witness Lamb said Power had owned 100 shares of Northern Pacific stock for six months; that it was in the name of the person from whom he purchased it, and that it was in a safe deposit in New York, as Power was unwilling to carry it about with him.

Had Card Up His Sleeve.

"I asked Mr. Lamb why he did not produce Power and his stock," said Mr. Bulkley, "and he replied he had a card up his sleeve he intended to play at the proper time. Then I said: 'We don't believe he has any stock, and we intend withdrawing from the case,' and later we served notice of withdrawal."

Former Judge J. Rider Cady, who cross-examined Mr. Bulkley, quoted from a letter written by former Judge Lancaster, of Minneapolis, to Mr. Lamb to the effect that Mr. Lamb had told Judge Lancaster that H. Content & Company and Camille Weidenfeld were behind Peter Power, and that Capt. Stern had confirmed the statement. Mr. Bulkley said his recollection of the fact differed from Judge Lancaster's.

"How much compensation has your firm received in the Northern Pacific suit?" asked Mr. Cady.

"About $1,600 or $1,700 in the Power, Chapman and Bouden suits. Part, $500, was paid by Mr. Lamb. The balance came from Bouden and Chapman."

To Mr. Guthrie, who reminded him that Bouden had sworn that he never paid a cent towards the cost of the litigation, Mr. Bulkley said he received the Bouden money from Capt. Stern. Capt. Stern, when on the witness stand, testified that he was not interested in the Bouden suit.

Hot Shot from Stern.

Capt. Stern was called to the stand. He was asked whether he had read the testimony and was ready to sign it. He replied that he had not read it, because he had been too busy.

"What have you been busy about?" was asked by Mr. Guthrie.

"I've been making an investigation," replied Capt. Stern, "to learn, first of all, whether Mr. Lamb really registered in Minneapolis. And I'm on the trail, and I'm going to ferret this thing out."

Capt. Stern then turned to Mr. Lamb and said: "I'm tired of all this; there's a limit to some things. When you turn loose like a mad dog and bite people, there's a way of dealing with mad dogs; some people shoot them."

Mr. Guthrie called Parker C. Chanler, a Boston attorney, who, Lamb said, was one of those desirous of getting Peter Power out of the country. Mr. Chanler testified that he had been retained by Mr. Weidenfeld about July 26 as associate counsel with W. Bourke Cockran and Mr. Cleveland.

Mr. Chanler read his affidavit, which was very long. It concluded as follows:

I deny most positively that I ever conferred with Mr. Cockran or with Mr. Cleveland, or they with me, concerning the validity of the service of the subpoena on Peter Power, or Power absenting himself, or that I paid Lamb any money on the Northern Pacific suit, or "to enable Mr. Power to absent himself," or that I gave my opinion as to the legality of the subpoena served on Power or advised him or any one else that Power might safely absent himself. On the contrary, whenever reference was made by Lamb to the subject I always said that Power should be present in court.

The hearing went over until tomorrow.

ANDERSON SIGNS CONTRACT.

Also Stated That Mathewson Is Cinched for St. Louis Americans.

ST. LOUIS, MO., Aug. 28.—(Special.)—Secretary Hedges, who returned with the St. Louis Browns from their disastrous eastern trip, was all smiles when asked about the future of big John Anderson, first baseman, whom the Boston National league club tried so hard to land. Hedges shows Anderson's contract signed while the team was in Boston, in which the first baseman agrees to play with the St. Louis American league team in 1903.

It was learned today that Mathewson, New York's star twirler, has signed a contract with the Browns to pitch next season. Center Fielder Hemphill, who it was reported was under McGraw's hypnotic influence, is also announced as a certain member of next season's American league team for St. Louis.

MRS. ASTOR OPENS NEW BALL ROOM

ALL NEWPORT INVITED TO DANCE AT BEECHWOOD.

Members of Diplomatic Corps at Washington Also Found Among Guests. Villa Decorated With Profusion of Flowers—Cotillion Follows Supper.

[SPECIAL TELEGRAM TO THE GAZETTE.]
NEWPORT, R. I., Aug. 28.—There was another great assemblage of Newport society tonight, the occasion being Mrs. Astor's ball at Beechwood. Like all entertainments at this noted villa, it was brilliant and beautiful.

Mrs. Astor's invitations were general, nearly all the representatives of the summer colony being included, as well as the members of the diplomatic corps from Washington, who have been here all the summer, and several other foreigners.

The recently added ballroom was used for the first time. This room is of the Louis XV. period and very nearly 50 feet square. There are eight long windows opening on to the verandas, and four large doors that open into other rooms of the main floor. These doors are set with mirrors divided by petits bois, adding greatly to the brilliancy of the room. The general tone is of gold and white, the draperies over the windows and across a deep bow window on the ocean side being a rich crimson brocaded with white.

The mantel of the ballroom is most artistic. It consists of a beautiful piece of breche violette surmounted by two torcheres of porphyry and bronze. In the panels of the room are set large mirrors, in front of which are gilt consoles. The furniture is of gilded wood, handsomely carved and covered with stuff the same as the hangings.

American Beauty roses were massed on the console tables and mantel, being reflected many times by the numerous mirrors. The main hall was a mass of flowers, which were placed on all sides and on the framework of the doors that opened into the ballroom and reception rooms.

In the dining room, where the supper tables were placed, the decorations consisted of American Beauty roses and barley ensea ferns. The tables on the verandas were brilliant with white and pink flowers, with a dash of red. Even the verandas were not overlooked, the lattices of green woodwork being twined with blossoming vines.

Mrs. Astor received her guests in the small reception room, just off the ballroom. This room is of Louis XV. design, the panels being filled with gobelin tapestries.

The ball was rather earlier than others of the week. Shortly after midnight supper was served by Sherry. The cotillion followed the supper, Elisha Dyer, Jr., and Henry S. Lehr leading from either end, with Mrs. Orme Wilson and Mrs. John Jacob Astor.

IOWA'S QUEER LAW.

To Get Around It, a Mother Is Made Constable to Enable Her to Care for Her Baby.

KEOKUK, IA., Aug. 28.—A policeman accidentally found the now celebrated Kellar baby this morning, in the southern part of the city. When the mother was made a special constable and given charge of her infant, 11 months old, under arrest for vagrancy, in order to give her possession, despite the operation of the new sociological law, she took it to her sister's house. This is some distance from her own home and the baby was carefully guarded.

The mother's brother had instructions from her attorney to use necessary force to prevent anybody taking the baby except with court warrant. After finding the baby the attorney for Secretary Park advised him not to use the authority given him by the construction of the law to take the child from the mother, who was found competent by the trial court to keep it.

Excitement here over the discovery of the effect of the new law, which allows babies to be kept from acquitted mothers pending long delayed appeals to the supreme court, has given way to more sober but intense and nearly unanimous indignation at the last act passed by the legislature.

HOOSIER GOVERNOR'S IDEA.

Something Should Be Done to Relieve State of Pennsylvania.

INDIANAPOLIS, IND., Aug. 28.—Asked today if the anthracite coal strike should not be arbitrated or brought to an end by state or federal intervention, Gov. Durbin said:

"The time has come when the operators should listen to the public. Whatever is equitable to settle the strike ought to be done. President Mitchell has acted discreetly in his conduct of the strike.

"The expense of maintaining the militia should not be entailed so long on the state of Pennsylvania, so something ought to be done at once to effect a settlement. Whenever the small purchaser begins to buy his supply for the winter, there will be a greater protest against a continuance of the strike. The large consumers can afford to pay the high prices, but it is different with the small consumers."

MARKET MAN MISSING.

Wife Had Previously Arranged a Meeting of His Creditors.

ATLANTIC CITY, N. J., Aug. 28.—(Special.)—Victor Andre, proprietor of the Washington produce market, is reported missing. Mrs. Andre has arranged a meeting with the creditors on Saturday morning, and in the meantime is carrying on the business. Andre came here about a year ago from New York and established one of the largest enterprises ever attempted here in the market business. Twelve delivery wagons were kept busy daily in supplying the trade he built up. Andre is a native of Germany.

DIED WHILE HE WAITED.

Colored Man Passed Away in an East End Physician's Office.

While awaiting the arrival of Dr. F. J. Walz, George Anderson, colored, 55 years old, died in the physician's office about 9 o'clock last night. When Dr. Walz returned to his office he found Anderson sitting in a chair, dead.

Anderson had lived in Pittsburgh for many years. He had been employed in the family of Alderman E. G. Negley for the past 30 years.

FEUDISTS' HATE BURIED IN LOVE OF COMRADESHIP

Anse Hatfield and Perry McCoy Become Bunkies in Uncle Sam's Service.

FORGET MOUNTAIN WAR

Thrown Together in West Virginia Coal Fields, Each Discovers Good Blood Can Flow in Veins of One-Time Enemy.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Philadelphia, Aug. 28.—Two boys, who at birth became principals in one of the bitterest feuds the lawless mountaineers of the south have ever known—two boys whose families for a decade have been involved in a merciless war—have buried their hereditary hatred to become comrades in Uncle Sam's navy.

These lads, Perry McCoy and "Anse" Hatfield—according to the code their families cherish—should be seeking each other with guns or knives in the mountain fastnesses around the West Virginia and Kentucky boundary—but instead they have hammocks slung side by side on the training ship Minneapolis at League Island.

They are the first of their clans thus to admit the supremacy of the government. For 20 years at least the McCoys and the Hatfields ignored all law in order that they might wipe each other from the earth.

Perry McCoy and "Anse" Hatfield have developed a strong friendship—they are brothers, though they hate bitterly each other's stock.

Were Thrown Together.

They became friends as the result of circumstances which each family would have prevented had they been foreseen.

Each young man was trained for a career as a civil engineer, as best they could be in the semi-civilization of their mountain homes. Then they went to work for a coal and coke company engaged in opening up the mineral resources of the wild region. As fellow workmen they were forced to meet with friendliness. This feeling became sincere instead of artificial.

They soon found they had a mutual love for adventure, and thus they came to enlist together in the navy.

About a week ago they signed for four years' service as sailors at Huntingdon, Ky. On Sunday they became proteges of Gunner Morgan aboard the Minneapolis, at the League Island navy yard. And in the few days they have been there the boys have made remarkable progress. They are inseparable companions when they are not learning some trick of the sailor trade.

Mingled Love and Hate.

"Anse and I are fast friends now," McCoy said yesterday. "I'd do anything for him, and I know I could depend upon him were I in trouble.

"Once in a while—a very great while—these friendships have existed between the families. 'Anse's' mother, for instance, was my father's sister. But at the same time that was not thought of when 'Anse's' uncle wished to kill my father.

"Anse's' uncle, known as 'Cap' Hatfield, ambushed my father and put him out of the road.

"But 'Anse' and I are trying to be just as dear to each other as we can, and I shouldn't mention these old troubles. We never do among ourselves.

"When he goes back to his home in Mingo county, W. Va., and I rejoin my family in Pike county, Ky., events may change our feelings—for he's a Hatfield, you know, and I'm a McCoy."

ROBERT R. REMINGTON PROVIDED FOR WIFE

Will Filed Leaves All Property to Two Sisters, Inasmuch as He Was Unmarried.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW YORK, Aug. 28.—Robert R. Remington, who committed suicide in a fashionable club in Newport a few days ago, left a will, which was filed today and proves that Mr. Remington had confidently expected to be married in a short time.

The suicide is said to have been the result of Mr. Remington's disappointment at the breaking of his engagement to Miss May Van Alen, daughter of James J. Van Alen. In his will he asks that his estate be divided into eight parts, and that seven of the parts be turned over to his wife, in case he leaves a wife, and that the other part go to his oldest sister.

In case there should be no surviving wife, Mr. Remington made provision that the entire estate should be divided between the two sisters, Maria and Myria. The will names the sisters as executors in case he has no surviving wife.

Society

A BEAUTIFUL wedding took place yesterday afternoon at the country home of Mr. and Mrs. Edward A. Kitzmiller, Woodstock and Braddock avenues, Hawkins station. The bride was the eldest daughter of the house, Miss Alice Duff Kitzmiller, and the bridegroom, John B. Reynolds of Pittsburgh. Only the most intimate friends of the bride and bridegroom, besides the relatives of the young people, were included in the wedding company of 60 which witnessed the ceremony, performed by the Rev. William J. Reid, D. D., in the absence of the bride's pastor, the Rev. S. J. Fisher, D. D., pastor of the Swissvale Presbyterian church. The hour was 6:30 o'clock, and the marriage was solemnized in the drawing rooms.

The wedding was simply conducted, and there were no attendants. The bride and her father entered the room together and were met by the bridegroom and the Rev. Dr. Reid. Mr. Kitzmiller gave his daughter away. The bride is a very winsome and attractive young girl. She wore a wedding gown of white mulle over white taffeta silk, fashioned with a full train and trimmed with duchess lace. The veil of tulle, caught with a cluster of orange blossoms, swept in graceful folds to the edge of the wedding gown. Orange blossoms and maiden hair ferns, with clusters of lilies of the valley here and there, formed the bride's bouquet. The ceremony was performed at the end of the large drawing-room, which was filled in with a mass of tall palms, ferns and smilax. In the library and in the hall great clusters of white asters and carnations were employed with the palms and ferns for decoration. In the dining room only green appeared. The bride's table was set in the dining rooms surrounded by small tables where the guests were seated during the wedding supper. Tables were also placed in the hall and the library.

The wedding guests included a large number of relatives from other cities. The bride is a favorite niece of Mrs. John Dalzell, and for several seasons past has spent the greater portion of each winter at the home of Congressman and Mrs. Dalzell in Washington, D. C. Mrs. Dalzell is now traveling in Europe and could not be present at the wedding. Mr. Dalzell is in Canada.

Mr. Reynolds is well known in Pittsburgh. He was for some years identified with newspaper work in this city, and is now a member of the theatrical firm of Shesgreen & Reynolds, which is to star Thomas Ross, a former favorite in the Grand opera house stock company this winter. Mr. Reynolds and his bride left last evening, on the Pennsylvania limited, for New York, where they will remain for about three weeks. Later they may possibly go west for a few weeks, and after the conclusion of their wedding trip they expect to live in New York. They will issue no "at home" cards for a while. Mr. Reynolds, who is a brother of Mrs. Samuel Jefferis of the East End, has made his home in Pittsburgh with his sister. Though Miss Kitzmiller and Mr. Reynols have been sweethearts since they were children, and their engagement has existed for a long time, it was never formally announced until the invitations for the wedding were sent out.

Double Wedding in Braddock.

There was a large and brilliant double wedding yesterday morning in the old St. Thomas' university building, Braddock, which is being used for church purposes by the congregation of St. Thomas' Roman Catholic church, while the new edifice is being erected. The young people were Miss Elizabeth Gorman, daughter of the late John Gorman of Talbot avenue, and Martin McMahon of Braddock, and Miss Mary Jane Price, daughter of Mr. and Mrs. John Price of Talbot avenue, and James Morgan of Frazier street, Braddock. The service was performed at 6:30 o'clock by the aged rector of the parish, the Very Rev. Father John Hickey.

The full choir and soloists rendered Haydn's Nuptial mass, which was in the form of a tribute to Miss Gorman, who for a number of years has been solo contralto in the choir of St. Thomas' church, she is well known in outside musical circles also.

A pretty feature of the service, and a rather unusual one, was that each of the couples stood sponsors for the other, while both stood before the altar and were pronounced man and wife. The large family connections of both couples and their standing in social circles in the Monongahela valley towns, caused an unusually large wedding, almost every guest of 700 bidden, being present.

Both brides wore white silk gowns, trimmed with lace, and each carried white prayerbooks. A wedding breakfast was served at each of the bride's homes after the service, some 30 guests being asked to attend. Last evening the two bridal pairs left for Philadelphia, and will go to Atlantic City to spend two weeks. The grooms are both electricians, being connected with the Edgar Thomson steel works. Mr. and Mrs. Morgan will reside in Sixth street, Braddock, when they return, and Mr. and Mrs. McMahon will make their home in Talbot avenue, that town, in a prettily furnished home.

Addition to Local Musical Circles.

WASHINGTON, D. C., Aug. 28.—(Special.)—Miss Bertha Lucas, the well-known violinist of this city, was married here this morning to Eugene Frost Stoddard, now of Pittsburg, but formerly a resident of this city. The ceremony, at which only a few friends were present, took place at the rectory of the church of the Sacred Heart, Mt. Pleasant, the rector, the Rev. Father McGee, officiating. The couple had no attendants. The bride wore a simple but most becoming and effective toilet of white mull, profusely trimmed with valenciennes lace. A large white hat, with a touch of blue in the trimmings, was worn with it. Mr. and Mrs. Stoddard went to New York later in the day and will spend their honeymoon at Newport. The couple will live in Pittsburgh, where Mr. Stoddard is engaged in business.

The welcome to be given Mrs. Stoddard by the musical circles of Pittsburgh will be a hearty one, as she is already recognized as a talented addition to its prominent leaders and as an artist with a great future. Mr. Stoddard also is closely identified with musical thought, being a son of the late Alonzo E. Stoddard, who died a few years ago after a brilliant operatic career. The elder Stoddard sang in the American opera company and the Emma Juch and Emma Abbott companies. Mrs. Stoddard, in view of her wedding this month was recently obliged to refuse a tempting offer of a 10 weeks' musical engagement.

Miller-Scull.

Mr. and Mrs. Wilson Miller of Lincoln avenue, Allegheny, have sent out cards announcing the marriage of their daughter, Miss Ann Harvy Miller, and Charles Ogle Scull of Baltimore. The wedding took place at the summer home of the Millers in Beaumaris, Muskoka Lake, Canada, on Wednesday morning, August 27, at 9 o'clock. The family has been spending the entire summer at Beaumaris, where there is quite a colony of Pittsburgh families. The wedding was conducted with all the informality characterizing such events of the late summer in the country.

Mrs. Scull is well known in society at home; she is the daughter of the vice president of the Mechanics National bank. Mr. Scull is a member of the Scull family of Somerset county and is a descendant of John Scull, the founder of The Pittsburgh Gazette. Until recently he was general passenger agent of the Baltimore & Ohio railroad, retiring from that position to go into a trust company in Baltimore. He has been making his home in the Monumental City and will probably take his bride to a new home there.

Proposed Club of Center County Boys

On Wednesday evening a number of former residents of Center county met at the home of George C. Blair in Wilkinsburg. The object of the meeting was to form a club of former Center county boys. It was stated that between 300 and 400 former residents of Center county are now living in Allegheny county and invitations have been sent to all whose addresses were obtainable, to meet at Kennywood park on August 30, between 3 and 8 o'clock, for the purpose of organizing a Center county club. The object of the club will be to promote sociability, renew old acquaintances and anything else that may be determined upon. All those who have not been communicated with are earnestly urged to be at Kennywood next Saturday. Among those who are advocating this movement and who will attend are W. T. Speer, Charles Dorworth, W. L. Runkle, C. F. Delninger, Dr. George L. Hays, George C. Blair and J. E. Waite.

Shetler-Stokes.

The wedding of Miss Nellie Walton Shetler of Mendelssohn and Alvin Robert Stokes of Coal Valley, was celebrated last Wednesday evening in the Presbyterian church, Mendelssohn, the Rev. Dr. Chalfant performing the marriage ceremony. The bride wore a gown of white mousseline. She was attended by Miss Helen Patterson as maid of honor. D. J. Patterson was the best man and the ushers were J. Clifford Miller, Harry Yon, D. Y. Wilkinson and Albert T. Spence. In the wedding company were 175 relatives and friends of the bride and bridegroom. Immediately after the ceremony the young couple started for an extended trip to the lakes.

The Briar Club Dance.

The Briar club, composed of some of the well-known young people of the Sewickley valley, has issued invitations for a dance which will be given at the Edgeworth club, Edgeworth, for the younger school and college set, on Tuesday evening, September 16. The patronesses are Mrs. Edward Agnew, Mrs. H. L. H. Blair, Mrs. Walter Lyon, Mrs. Darwin S. Wolcott, Mrs. Edward B. Taylor, Mrs. William B. Neal, Mrs. Joseph T. Nevin, Mrs. W. W. Coulin, Mrs. Frank B. Smith, Mrs. Harry C. Campbell, Mrs. Walter H. Charnley, Mrs. John D. McComb, Mrs. DeWitt B. Nettleton and Mrs. W. H. S. McKelvy.

Robertson-Ferguson.

The marriage of Miss Florence Robertson of New Wilmington, Pa., and the Rev. James M. Ferguson of New Castle, Wednesday evening, was the most interesting social event of the summer at the college town. Both are graduates of the college and the parents of the contracting parties are members of the college faculty. The ceremony was performed by the Rev. Dr. R. G. Ferguson, father of the groom, and president of Westminster college. The guest list was limited to near relatives and a few friends of the bride and groom. They will reside at New Castle, where the groom is pastor of the First United Presbyterian church.

Guest of Mrs. Thaw.

NEWPORT, R. I., Aug. 28.—(Special.)—At James J. Van Alen's musicale at Wakehurst Saturday evening Lilian Blauvelt will sing. Miss Bird Thaw of Allegheny City is the guest of Mrs. Benjamin Thaw.

MIXED PICKLES.

For housewives who prefer to do their own pickling a few general hints may not come amiss. As a rule sweet pickles are the most popular with Americans, who seem to have a sweeter tooth than the people of other nations, and prefer the sub-acids and milder seasonings to the very sour and pungent sauces and pickles which please the palates of our English cousins. Spicing fruits was an art in which our grandmothers excelled and when home properly these condiments are a very appetizing addition to the bill of fare and make especially nice relishes for cold, sliced meats.

The spices used should be the freshest and best of these ginger is the most wholesome. Cloves are the strongest and should be used most sparingly; next comes the dainty mace, then allspice and cinnamon.

Unless you use good, strong vinegar your pickles will not keep well and will be insipid. It should, as a rule, be scalding hot when poured over the vegetables or fruit, unless the pickles or spiced things are to be eaten in a very short time after they are made. The uncooked vinegar does not keep well and is apt to become ropy. Heating vinegar weakens it and therefore it should be used very strong and poured over the vegetables or fruit as soon as it comes to boiling point. Articles to be pickled or spiced will take the vinegar more readily if they are scalded or parboiled, but this takes away their crispness to a great extent. When they are parboiled let them become cold, and perfectly dry before pouring the hot vinegar over them, as this will make them harder. A little alum is often used in pickling to make vegetables crisp, but this is not to be recommended.

For all pickling and spicing no utensil should be used which can be affected by the action of the acid; porcelain-lined kettles, wooden spoons, etc., are the only safe utensils.

PICCALILLI—Chop fine one head of white cabbage, two dozen cucumbers, one dozen green peppers, with seeds and veins removed; one peck of green tomatoes and a dozen small onions. Cover with salt and let stand for two hours; then press out all the moisture. Mix well together, cover with cold vinegar and cover the top with chips of horseradish.

INQUIRIES ANSWERED.

Mrs. C. H. M. writes—Please publish a recipe for pears a la conde.

Pears a la Conde.

Stew a pound of pears tender in a weak syrup of sugar and water. Boil a cup of rice in a pint of milk until quite tender, adding milk a little at a time until it is all absorbed and the rice is dry. Flavor with a teaspoonful of vanilla, then turn the rice out at once into a buttered mold, pressing it down well, and leave it to cool. Then turn out, arrange the fruit around it and pour some of the syrup over the rice.

Stewed Bananas.

Mrs. J. O. D. writes—Can you give a recipe for stewed bananas to be served as a dessert? Skin 12 bananas and cut each down the center lengthwise. Put a layer of them in a well buttered and sugared dish and cover with chopped candied lemon and orange peel and squeeze lemon juice over them. Then add another layer of bananas, more peel, then bananas, and so on until all are used. Pour over all half a cup of water. Place in the oven and stew gently for half an hour and serve either hot or cold with cream.

A FOOD CURE FOR CONSTIPATION.

Constipation is an almost universal disease among civilized nations, due to concentrated and imperfectly cooked food. Mushes, milk, fine flour, bread and condiments, added to sedentary habits, result in constipation, hemmorhoids, piles and other diseases of the rectum requiring surgical operation, intestinal catarrh, headache, bilious attacks, nervous exhaustion, insomnia, sleeplessness, auto-intoxication and paralysis. The remedy is the daily use of Toasted Wheat Flakes, sweetened with Malt Honey. Each flake represents an entire wheat kernel, less the woody fiber, and contains all the life building gluten of wheat. The raw starch found in wheat and cracked wheat mushes is dextrinized by thorough cooking and toasting, making Toasted Wheat Flakes at once digestible and curing constipation and its attendant ills. It is unfailing in its work.

RAG-TIME MUSIC IS OBJECTED TO BY GRAND ARMY

Patrick O'Brien Promises Fifty Suicides If Parade Bands Play "Coon Songs."

EX-PRISONERS' PROGRAM

Governors of Six States Promise Addresses at Their Reunion—Pennsylvania Headquarters at Ebbitt House, Ohio at National.

THE PITTSBURGH GAZETTE BUREAU,
905 Fifteenth St., N. W.,
WASHINGTON, D. C., Aug. 28.

"Col. Hay—Please do not allow rag-time or 'coon music' during the march of the Grand Army. If you do, it will cause the suicide of more than 50 of the old boys who will be in line and compelled to hear it. Give us 'Hail Columbia,' 'Yankee Doodle' and 'Star Spangled Banner.' If you think these not enough, add the 'Wearing of the Green.'"

This, signed by Patrick O'Brien, was among the protests against rag-time music which Chairman E. B. Hay of the committee on music for the G. A. R. encampment found waiting for him when he returned to Washington yesterday from a three weeks' trip across the continent.

"These old soldiers are going very rapidly, and I am the last person in the world to insist on suicides—50 at a time," Mr. Hay remarked. "Our people who are so much interested in this matter should have no fear. Each band will regulate its own music, as it has its own repertoire."

Col. J. D. Walker, of Pittsburgh, national commander Union Ex-Prisoners of War, and Gen. Stephen M. Long of East Orange, N. J., adjutant general, are in the city making arrangements for the coming convention of that organization. The headquarters are located at the Ebbitt. The ex-prisoners of war will have a prominent position in the parade on October 7. The reunion headquarters will be in a large tent at Camp Roosevelt on the White House lot. Tuesday evening they will have a reunion, which will be presided over by Senior Vice Commander-in-Chief John McElroy, who is past president and one of the organizers of the Ex-Prisoners of War association. Col. Walker already has received acceptances from six governors of states who will be present at the reunion and deliver addresses. The ladies of the Ex-Prisoners of War, which organization is auxiliary to the Ex-Prisoners of War association, will hold a national convention in Washington at the same time.

The committee in charge of quarters during the encampment report the following assignments: Pennsylvania department headquarters, Ebbitt house; Hays post, Pittsburgh, The Litchfield; McPherson post, Pittsburgh, Powellton house; Abe Patterson post, Allegheny, Ardmore hotel; Mays post, Franklin, Varnum hotel. Ohio department headquarters, National hotel; Relief corps, No. 135 Carson street; Buckley post, Akron, No. 215 East Capitol street. West Virginia department headquarters, Barton hotel.

Applications for quarters were received today from G. D. Bayard post, No. 178, of Belleverpon, Pa., for 50 men, and the veteran association of the Thirteenth Pennsylvania Volunteer cavalry for an indefinite number.

CARNEGIE LIBRARY ALMOST COMPLETED

Washington Draws Last $50,000 of Sum Given by Philanthropist. Dedication in October.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, Aug. 28.—Within about two weeks the new Carnegie public library in Mt. Vernon square, this city, will be ready for occupancy, and those who are to have charge of the institution, if they desire, may assume their duties at that time. The building is practically completed, about all that remains to make it a finished structure being the erection of the handsome white marble stairway leading from the main entrance hall to the second floor.

All practical purposes the new library will be ready for use by the middle of September, and it is thought that the new staircase will be entirely finished by the first of October.

The committee in charge of the new library has not definitely decided upon the date for the formal dedication of the building, but it is said the ceremony will occur some time during October, when Mr. Carnegie will be present. The library commission received yesterday a draft for $50,000, being the final payment of the $250,000 given by Mr. Carnegie. The fund is handled by the Carnegie steel works at Pittsburgh, and the commission has drawn upon the corporation from time to time as the state of work demanded.

WORK IS DEADLY.

Great Accuracy Shown by Torpedo Flotilla When Being Inspected By Secretary of Navy.

WASHINGTON, D. C., Aug. 28.—The navy department today made public an extract from the report of Lieut. Chandler, U. S. N., commanding the torpedo fleet, of the firing of his vessels during the time they were inspected by the secretary of the navy. The report says:

"I believe that the results have never been exceeded, and I know of no record prior to them. Out of 14 torpedoes presented but one failed to run. Out of the one that did run, 12 hit between the turrets of the battleship target and the other under one of the turrets. Fully three-fourths of the shot would have struck directly under the engine rooms.

"All boats except the Decatur were at full speed when they fired."

Relief for Starving Indians.

WASHINGTON, D. C., Aug. 28.—Commissioner of Indian Affairs Jones today received a telegram from Senator Rawlins of Utah, reporting that 6,000 Indians on the Navajo reservation are starving; that assistance be dispatched them. The destitution is caused by drought. Commissioner Jones has been given authority by the secretary of interior to expend $3,000 at once to relieve the starving Indians.

Following His Father.

NEW YORK, Aug. 28.—Theodore Roosevelt, Jr., left here today, accompanied by H. R. McCullough of Chicago, vice president of the Chicago & Northwestern Railway. He goes west for a three weeks' hunting and fishing trip as the guest of Mr. McCullough.

FREE EXCURSION
TO
RENNERDALE LAND SALE.

The high class residence suburb. As beautiful and convenient as Sewickley, for about one-tenth the price. Great, large lots, 60 to 75 feet front, by 168 to 190 feet deep, will be sold at this sale from $200 to $800 each, only 5 per cent down and 2 per cent per month, with no interest or taxes until 1904.

Rennerdale is situate on main line of Panhandle R. R., 11½ miles from the Union Depot. It is a strictly high class residence suburb, which can be reached in 20 minutes from the Union Depot, Fourth ave. and Birmingham stations, and when the four track system now in course of construction is completed the run can be made in half that time. A large, new station has been erected right on the plan, and 1,400 feet of the main approach thereto is sewered and macadamized, and all other streets graded and trees planted.

A natural gas main is now being laid nearly and the Chartiers Valley Water Co. have made surveys for water main through to McDonald.

The charter and rights of way through Rennerdale for street car line have been secured by the Carnegie & McDonald Street Railway Co., which will connect with Pittsburgh lines.

A school house and a dozen or more fine dwellings have been erected and the owners are enjoying all the advantages of the country and city combined.

Choice Sewickley frontage, 12 miles from Pittsburgh, owned and occupied by city people, is worth $100 per front foot to-day. Rennerdale will some day be worth as much.

Special train will leave Union Depot on Thursday, September 4, at 1:30 p. m., city time. Will stop at Fourth ave. and Birmingham stations. For plans, price lists and tickets, call on or address

ALL STEEL RAILS OF 1903 DELIVERY CONTRACTED FOR

Large Tonnage Booked for This Year Must Also Be Carried Over.

BONDS HELD TOO HIGH

Bankers Do Not Take Kindly to Secretary Shaw's Plan for Helping Money Market--Gates-Osgood Battle Likely to Go to Finish.

[BY PRIVATE WIRE TO THE GAZETTE.]

New York, Aug. 28.—It is estimated that the railroads of the country have already contracted for about 1,500,000 tons of the possible production of steel rails during the year 1903. This is exclusive of the tonnage booked for delivery during the current year but which will have to be carried over into 1903 owing to the inability of the mills to deliver the goods on the dates specified. A representative of one of the largest steel rail companies today said that nearly every mill was three months behind in its deliveries.

A number of steel rail concerns are now bidding on a contract to supply rails for a 26-mile street railway which is to be built in Tokio, Japan. It is unlikely that an American company will secure the contract, owing to the sold-up condition of the mills and the lower prices prevailing abroad. Manufacturers, in fact, are devoting practically no attention to the foreign branch of the business. As is usually the case at this time of the year, the demand for steel rails is less pronounced. All the big roads have placed their orders for 1903. Manufacturers report that rails for immediate delivery are an unknown quantity. Spot rails in brokers' hands command a handsome premium, but $28 is the ruling price for all dates so far as the pool is concerned.

Government Bonds Too High.

The stock market failed to respond to the announcement that Secretary of the Treasury Shaw, as a safeguard against a money stringency arising from the withdrawal of funds for redemption purposes, had invited the large national banks of the country to take out additional circulation. It is generally known that government bonds are selling at too high a figure to induce banks to increase their circulation beyond a few million dollars.

Banks would jump at the opportunity of expanding their circulation if government bonds could be borrowed at a reasonable rate. But holders of bonds demand a return that would not enable a banking house to borrow securities for circulation purposes with any prospect of a profit. The report that the banks of the country would take out $100,000,000 additional circulation within the next few weeks was declared as visionary because of the inability of the banks to secure bonds. Secretary Shaw seems to think that increased crops will necessitate the employment of more money this season than ever before.

Looks Like Finish Fight.

It is probable that Chairman Osgood of Colorado Fuel and Iron will issue a reply to the statement of the Mitchell-Gates-Blair faction tomorrow. It was not until late this afternoon that Mr. Osgood was able to secure a complete copy of the Gates statement.

There were no new developments in the Colorado Fuel and Iron fight today. The stock closed at 83⅜ after advancing to 84⅜. There appears to be no likelihood of a settlement of the Colorado Fuel and Iron matters in the near future. Osgood and Gates seem determined to fight the battle to a finish.

Even Soft Coal Is Scarce.

There was a decided stiffening in the local soft coal market today, particularly among wholesalers. Options on coal at a higher price than has prevailed the past week, which were given some days ago, were all exercised this morning, and the coal was willingly taken by retail dealers at prices which until today were considered too high. Yesterday coal sold at $3.40 alongside, while today sales were made at $3.50, and was scarce at that figure. Operators and dealers predict that the price will cross $4 next week.

Vanderbilts in the Deal.

For years the firm belief has been held in railroad circles that the ultimate destiny of the Toledo, St. Louis & Western would be its inclusion in the Vanderbilt system. Recent developments in Wall street, have strengthened this view. The Toledo, St. Louis & Western is one of the few remaining independent railroad properties in the central west. It could be used to advantage by a number of systems, but apparently to the greatest advantage to the Vanderbilt system of roads. It forms a natural extension of the Michigan Central to St. Louis. It is a matter of common report in Wall street that the recent heavy buying of its securities was on account of the Vanderbilt interests with the object of absorbing the property into their system of roads. The belief in general that a majority of the stock has been acquired. The sale of the Toledo, St. Louis & Western was contemplated and provided for, should a buyer appear, when its affairs were last readjusted. As is the custom the stock was placed in a voting trust, but in this instance the trustees were empowered to sell the property after the consent of a majority of each class of stock had been obtained.

No Good News in Leather.

The movement in United States Leather has been accompanied by no news of a character favorable to the company. Several large houses have considerably more leather stock on hand than they can properly take care of, and are naturally talking of a much higher lever for the shares. It has been reported time and again that United States Leather was to undergo a thorough reorganization, but from no one can be learned any definite step in this direction has yet been taken. The leather pool is very much discouraged over the course of the stock. The public is not well informed concerning the affairs of the leather company, and is reluctant to take the stock the pool is trying to unload.

Verner Expected from Russia.

M. Verner, who has been in Europe in the interests of a syndicate which has been granted franchises involving control of the street railway situation in the city of St. Petersburg, is expected home tomorrow. The deal involves the construction of between 200 and 250 miles of street railways in that city. A company, with a capitalization of $10,000,000 is mentioned. It is generally known that government bonds are selling at too high a figure to induce banks to increase their circulation beyond a few million dollars.

Expect Better Dividends.

Considerable bullish talk is heard on the shares of the American Car and Foundry Company. It was reported that interests identified with the United States Steel Corporation have absorbed considerable Car and Foundry stock the past few months. The common stockholders anticipate an increase in the dividend rate from 2 to 3 per cent per annum in the near future. Many shareholders believe that action in this respect will be taken at the October meeting of the directors.

News from The Mines

[BY LEASED WIRE TO THE GAZETTE.]

NEW YORK, Aug. 28.—New life has recently been infused into Wickes, the old Montana camp, which was deserted in the panic of 1893. Work has been resumed on several properties and ore shipments have begun. The Minah sent out a carload last week which yielded over $2,000. In the Blue Bird an ore chute 10 feet wide, carrying good values in gold, silver and lead, has been encountered.

The Kennedy, on Jackson creek, near Helena, Mont., has been unwatered and the shaft will be sunk from 200 to 300 feet. This mine formerly produced a large quantity of high grade silver ore, some returning over $5,000 to the car. Eight inches of first-class ore now shows in the bottom of the shaft.

Preparations are afoot to develop the Supan sulphur mines in the eastern part of Tehama county, California.

The pay streak of the abandoned Gold Reef, in Placer county, Cal., has been found 30 feet from the main tunnel and is said to yield from $50 to $100 a cubic yard. A free milling gold quartz vein running from $40 to $175 a ton has also been found on the property.

At a depth of 200 feet on the Stray Dog, Meteor Camp, Wash., the ledge is nine feet wide and carries 18 inches of ore, averaging $2,000 a ton in gold and silver. The rock is a light gray quartz speckled with telluride and wire gold and silver.

The Oregon Smelting and Refining Company has ordered machinery for a 60-ton blast copper furnace to be erected at Sumpter.

A two-foot body of ore, eight inches of which is solid copper, has been found in the Hard Cash, near Elko, Col.

Arrangements are being made for the erection of a mill on the Bonanza, in Red Mountain district, near Ouray, Col. Under the present sluicing process about one-third of the metallic gold is lost.

Two feet of lead-silver shipping ore has been struck in a tunnel on the claim of E. Lee at Rimini, Montana, at a depth of 100 feet.

The Metal Market.

A sharp decline in the English price of tin, combined with heavy offerings of the metal in the local market and a full demand, caused a break of 35 points, the market closing weak at the decline. Spot was quoted at $27 50@27 60. Spot at London closed £1 12s 6d lower at £124 5s and futures £2 5s off from previous figures, at £120. Pressure for sales, it is stated, was said to be responsible for the foreign decline. In copper also both the home and foreign markets reported declines under depressing offerings whereas demand continued slack, with only enough copper being taken by the trade to meet their immediate needs. In the local market standard closed at $10 70@11 10; lake, $11 40@11 65; electrolytic, $11 25@11 37½; casting, $11 25@11 37½. English prices eased off 1s 3d, spot closing at £51 8s 9d and futures at £53 12s 6d. Lead remained quiet and steady at 4¼c. London declined 1s 3d, being quoted at £11 2s 6d. Spelter was unchanged here and at London. Locally spot was quoted at $5 50 and at London £19 2s 6d. Supplies of pig iron are small and the market holds firm, with No. 1 foundry northern quoted at $23 00@25 00; No. 2 foundry northern, $22 00@23 00; No. 1 foundry southern, $22 00@23 00, and No. 1 foundry southern, soft, $22 00@23 00. Warrants are lower, Glasgow closing lower at 37s 5d and Middlesboro unchanged at 52s 10½d.

Wednesday's Sharp Losses Caused Pause in Wall Street Stock Market

SHARP LOSSES CAUSE A HALT IN WALL STREET

Disappointments of Wednesday Responsible for the Pause.

CURRENCY MOVES WEST

Undertone of the Market Improved Somewhat After the Early Pressure—Treasury Department to Supply New Bank Notes at Early Date.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, Aug. 28.—There was a considerable further contraction of activity in the stock market today and the animation which has been shown on the previous days of this week was lacking. The speculative disappointment caused by yesterday's reduction of the dividend on Reading first preferred, and the anxiety over continued depletion of banking reserves through the interior demand for currency, were responsible for the pause in the speculative activity.

It was apparent that some sharp losses were incurred by the plunging in Reading yesterday before the dividend reduction was announced and in Atchison on the day before, previous to the report of the shrinkage in July net earnings.

There was some further selling in these stocks today and Illinois Central reacted sharply from yesterday's show of strength. After the pressure to sell by disgusted holders on margin had relaxed, prices were pushed up here and there with a rather sustaining effect on the rest of the market. No stocks of the first grade were concerned in this movement, which was confined to minor railroad stocks and to some rarely active specialties, notably the gas stocks and the express stocks.

Cause for Advances.

Talk of consolidation accompanied the rise in both cases. Sloss-Sheffield Steel's strong rise was unexplained. The upward movement in Canadian Pacific seemed to be due to reports of the redemption of the company's land grant bonds. The Toledo, St. Louis & Western stocks, the Wisconsin Central stocks and the St. Joseph & Grand Island stocks enjoyed the benefit of the revival of old rumors of absorption by stronger interests.

Colorado Fuel's early break on the proclamation of remedial liabilities between the contending interests in the property was followed by a violent recovery and again by reaction.

The undertone of the market was decidedly improved after the early pressure relaxed, but there was no disposition toward the revival of enthusiasm with which stocks have recently been bought. The improved feeling was partly due to the reports current of measures in contemplation for the relief of the financial situation.

A report was formulated that the large banks were concerting measures to secure by purchase or borrowing a sufficient increase in holding of government bonds to enable them to expand their note circulation to a substantial degree. It is hoped that bank notes can be shipped to the interior to meet the demand for circulation and thus afford protection to the reserves of lawful money with the banks.

To Supply Bank Notes.

It was asserted that preparation had been made by the treasury department to supply promptly the demand for new bank notes, which is supplied very slowly, as a rule, owing to the time consumed in engraving and printing notes. It had been supposed that the available supply of government bonds had been pretty well swept off the market, but the belief that the available means for releasing surplus government funds to the market have about been exhausted has stimulated efforts to find other means of relief.

The deposits at the sub-treasury for transfer to the interior today amounted to $400,000, of which $290,000 was for New Orleans and $200,000 for San Francisco. Without counting today's operations the sub-treasury has absorbed from the market since last Friday $5,272,000. The movement of currency through the regular express channels is believed to have been heavily against New York also. It is evident, therefore, that a speedy exhaustion of the margin of surplus reserves of the clearing house banks is threatened.

The bond market was less active today and irregular. Total sales, par value, $2,660,000. United States old 4s advanced ¼ per cent on the last call.

WALL STREET FEATURES.

Total sales for the day were 674,700 shares.

The sharp losses of Wednesday caused a panic in speculation, but the market improved somewhat after the early pressure.

Bank notes are to be used to relieve the stringency in money market caused by shipments of currency to the interior.

Colorado Fuel recovered violently after an early break.

Talked About in Wall Street

[BY LEASED WIRE TO THE GAZETTE.]

NEW YORK, Aug. 29.—The Herald this (Friday) morning says:

Stocks moved very irregularly yesterday in a market which had no definite tendency. At times prices weakened, then hardened on a rather limited quantity of offerings. Business fell off fully one-third, and the efforts of the pools to distribute stocks were not so determined nor successful as they were earlier in the week. To many it was apparent that the stock market manipulators confined their energies to a maintenance of prices rather than anything else, and in this effort the closing quotations indicate that they were more or less successful.

Some time loans were made during the day as high as 5½ per cent. Most of the call loans were arranged on a 4 per cent basis, although the stock exchange quotation usually ran from 3½ to 3¾. Four hundred thousand dollars were deposited at the sub-treasury for transfer to Chicago and New Orleans in connection with the beginning of the crop movement, and the records show that since last Friday the sub-treasury has taken from the banks $5,527,000. With the general understanding that a great deal more funds than what have appeared on the treasury slips have been already moved west and south, it was only logical for stock market traders to pause to take their bearings. Last week's surplus reserve of the associated banks, it was pointed out, was too slim to permit a decrease such as has been threatened by the known movements of funds.

Baltimore & Ohio, Southern Pacific, St. Paul and Illinois Central, all of which have been prominently before the speculative contingent, did not display any aggressive manipulation, and it seemed to be the desire of the pool manipulators to discourage further speculation, pending the money market developments. The closing prices for all of these issues were practically the same as on Wednesday evening.

MORE BANK CURRENCY TO END STRINGENCY

Secretary Shaw Issues Statement on His Plans to Relieve Tight Money Market.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, D. C., Aug. 28.—Secretary Shaw, who is in New York, today authorized the following statement:

The secretary recently invited some of the larger national banks in the principal cities to order additional amounts of circulating notes to be printed. National banks are entitled to issue circulation to the full amount of their capital. The aggregate capital of national banks is $700,000,000, but the banks have outstanding only $358,000,000 of circulation. The secretary has hoped to introduce an element of elasticity into the present system. His suggestions to the various banks in the larger cities that they make preparation for additional circulation have met with very favorable response.

It is not his intention that they should issue this additional circulation at all events, but only in case of actual necessity and emergency. He does not propose to inflate the currency in any way, but to be prepared to meet the actual currency demand should one arise. With this in view those banks which have made arrangements to deposit United States bonds as security for such additional circulation have sent in their orders, and the secretary has had all branches of the treasury service busily engaged in expediting the preparation of the notes pending a possible emergency.

All this work of preparation does not indicate that the secretary will expect the banks to issue additional notes except in response to real necessity. His movement is purely precautionial and precautionary and intended to relieve any possible currency famine.

Big Blaze at York.

YORK, PA., Aug. 28.—Fire supposed to be of incendiary origin started in the Palace of Amusement building, spread to several adjoining buildings today and destroyed property valued at $60,000, including the plant of the Wingate Machine Company, manufacturers of cigar molds, $15,000; Sutter Brothers, tobacco warehouse, $15,000; Palace of Amusement, $10,000. The insurance is $20,000.

Downtown Deal Consummated Yesterday

JOHN F. MAEDER PROPERTY SOLD FOR $75,000

David P. Black Purchases Mercantile Building in Liberty Avenue.

EAST END EXCHANGE DEAL

Block of Buildings at Lincoln Avenue and Lake Street Bring $65,000. Homewood Avenue Frontage Sold. Scarcity of Allegheny Houses.

Through the agency of the Real Estate Trust Company John F. Maeder has sold to David P. Black the property known as 618 Liberty avenue for $75,000. The property consists of a four-story brick business building, standing on a lot fronting 20 feet on the south side of Liberty avenue, with an irregular depth averaging 75 feet. It is in the Third ward, 66 feet east of Virgin alley. The purchase, which has just been closed, was made for investment.

George W. Sparks has sold to a local investor, whose name has not been made public, a block of buildings at the corner of Lincoln avenue and Lake street, in the Twenty-fifth ward, valued at $65,000. The property has a frontage of 67 feet in Lincoln avenue and 205 feet in Lake street, and on it are erected seven two-story buff brick dwellings which face Lake street, and two three-story store and flat buildings fronting Lincoln avenue. In part payment Mr. Sparks received a vacant property at the corner of Shady and Homewood avenues, adjoining the property of Roger O'Mara, and measuring 100x145 feet, which was taken at $200 a front foot, or $20,000, and another vacant lot 100x145 feet in Homewood avenue, near Dallas avenue, valued at $100 a front foot, or $10,000. The latter properties are in the Twenty-second ward. The difference in values of the realty was paid in cash.

Grant Street Block Not Sold.

The report published in a morning paper yesterday to the effect that negotiations were on foot for the purchase of an entire block in the Third ward, bounded by Grant and Ross streets and Third and Fourth avenues, has been denied by good authority. The deal was said to be in the interest of the Baltimore & Ohio railroad. An agent was looking over the ground with a view to purchasing one or two properties in the interest of a private investor, who wished to secure holdings in that vicinity, and

Local Stocks Were Less Active and the Market Somewhat Irregular

WINDOW GLASS ADVANCED ON LARGE BUYING

"Harmony" Prospects Used as Bull Arguments by the Sellers.

COLONIAL TRUST BOOMED

Westinghouse Electric Seconds Reacted—Something "Big" in the Stock Rumored — Airbrake Advanced—Fire Proofing Rallied.

The market on the Pittsburgh stock exchange yesterday was considerably less active than that of the day before, and prices exhibited a good deal of irregularity. Outside of one or two issues the trading was apparently insignificant and the changes in prices unimportant. A great many of the recently active issues were decidedly dull and the final prices unchanged. The bulk of the trading of the day was in American Window Glass common, which sold 2,450 shares out of the nearly 4,600 that changed hands. The price opened at 63¾, and went steadily to 64⅝, the highest in some months. The close was firm at 64¼, a gain of ¾ for the day, and that price was bid for more on the exchange. After the market closed private sales also occurred at that figure. On the floor of the exchange the preferred sold at 92, a gain of ½. The strength and advancing tendency of these stocks, particularly the common, is due to the belief that an adjustment between the company and the other concerns outside of the combine will result from the conferences now being held, and the sellers are using these suggestions of "harmony" in the trade as bull arguments which enable them to more readily market their holdings. While the indications do point toward a settlement of the trouble, yet they are not absolutely certain of success, and a great many traders have been so often caught by such arguments that they are quite skeptical now and are not willing to gamble very largely on the ultimate outcome. Another feature of the market was an advance in Colonial Trust of $25 per share, on sales of 95 shares. The price opened at 420 and went by leaps and bounds to 435, where it closed strong and bid for large blocks, with no offers under 450. The only other trade in the banking group was 50 shares of Keystone bank, which sold at 375, a loss of $5 a share. There was a sale of 50 shares of Natural Gas of West Virginia at 120, an advance of $10 between sales, and a new high record, though that price was bid not long ago for 100 or 1,000 shares. In the general list a feature was the dullness and reaction in Westinghouse Electric seconds, which were so active and strong Wednesday. Only 10 shares sold yesterday and the price was at 112, a loss of $1 a share, the close being a shade firmer at 112¼ bid. It will be recalled that just prior to the boom in this stock some two or three months ago, which carried the price to 115, there was a general tip to the effect that the stock was then on its way to 125 and possibly to 150. With one or two exceptions, probably no "tip" on any local stock was every given such wide circulation in so short a time as that one. Its origin was a peculiar one, and while the advance did not go as high as was then promised, yet it did go from 17 to 20 points. What interrupted the upward movement has never been definitely made known. This is by way of explanation to the announcement that the "tip" was repeated yesterday from exactly the same sources which originated it before the last boom, and which now says that the stock will not stop till it touches 125, and that important announcements will be made within a day or two giving the reason for the upward movement. It must be remembered, however, that while this is an unusual co-incidence and while the source may think it knows whereof it speaks, that "tips" are more or less of an uncertain quantity and frequently go badly astray. Westinghouse Airbrake was quite firm and ¾ higher at 186 with no offers at the close under 186½. Developments are also shortly expected in regard to the corner of the New York Airbrake Company stock, and the tip was out again yesterday to "get aboard" of Westinghouse Airbrake for a good advance. There was but very little of interest in the other sales. Crucible Steels were dull but steady at narrow changes. United States Steels were also quiet and both ¼ lower. Fire Proofing issues were very dull but fractionally higher. The coal stocks and brewing shares were quiet, very narrow and all closed without change in prices as compared with the previous day. Bonds were dull but steady to firm.

PITTSBURGH FEATURES.

Bank exchanges gained $419,026 24.

Sales Pittsburgh stock exchange 4,567 shares and $4,000 bonds.

Colonial Trust jumped $23 to $435, a new high record.

Natural Gas of West Virginia made a new high record at 120.

Bull tips are out on Westinghouse Electric seconds and Airbrake.

Window Glass common advanced ¾ to 62¼. Sales 2,450 shares.

Window Glass preferred sold at 92.

Westinghouse Airbrake advanced ¾ to 186.

Fire Proofing stocks were fractionally higher.

Coal and Brewing stocks closed unchanged.

Crucible Steel closed at 22⅜. Preferred at 87.

United States Steel closed at 40⅞. Preferred at 90.

The following is a complete summary of yesterday's official transactions on the Pittsburgh stock exchange. It shows the change in the closing selling prices, compared with the last preceding sales, the total sales of each security, the opening, high, low and closing prices and final bids and offers.

FINANCIAL DRIFT.

Allegheny Trust was higher, advancing to 156 bid.

Robinson Bros. were sellers of United States Steel preferred.

The last sale of the day was 20 Crucible Steel preferred at 87.

R. J. Stoney, Jr., was almost the exclusive buyer of Westinghouse Airbrake.

Doty & Sutton bid 12⅜ for 1,000 River Coal common and offered 500 at 12½.

Masten & Co. were the buyers of Keystone Bank. Preston, Watt & Schoyer were sellers.

A private sale of a small lot of Second National of Pittsburgh was reported yesterday at 900.

Masten & Co. sold a block of 200 United States Steel preferred at 90¾, a decline of ⅝ between sales.

Hill & Co. were the largest sellers of Pittsburgh Coal Company shares. Harbour Crawford, Speer, Hill and Robinson Bros. bought.

The time for the payment of the $1.25 assessment on Philadelphia Electric stock, which was due September 1 (Labor Day), a legal holiday, has been extended to September 2.

The only seller of bonds was Sproul & Co., who disposed of $4,000 Pittsburgh, McKeesport & Connellsville Street Railway 5s at 90½. More offered.

McFarlane turned seller of Pittsburgh Brewing common. Masten and Lotz sold the preferred, with Hill & Co. operating on both sides of the market.

A. J. Lawrence, representing John B. Barbour, Jr., purchased 1,000 Trade Dollar Mining at $1 50 per share, 500 from Walker and 200 from McFarlane.

Carothers & Gold Crucible Steel preferred and Doty & Sutton the common. The other day Carothers was a large buyer of the common, when Doty was also a big seller.

Doty & Sutton made the first sale of the day of Colonial Trust, 25 shares at 420. Sproul & Co. bought. Later Sproul bought it on up to 435. Hill was a small seller at that price.

H. A. Maulin sold 50 Natural Gas of West Virginia at 120, an advance of 10 between sales and a new high record. Later the same M. A. Marlin bid 120 for 100 or 1,000 shares of the same stock.

The Illinois Central stockholders will vote today to increase the capital stock by $18,000,000. Stockholders of record October 10 will have the privilege of subscribing for new stock at par at the rate of 20 per cent of their holdings at that date.

Application has been made to list $19,500,000 of the new Atchison capital stock on the Canadian Pacific on the New York stock exchange.

The first sale of the day was 100 Window Glass common at 63¾. Miller, Sproul & Co., H. M. Long, Masten & Co. and Morris, Brown & Co. were the principal sellers. Crawford & Eberman, Penney, Lawrence & Co., Hall and Hill & Co. were large buyers.

The Marsden Fire Proofing and Construction Company, which was incorporated in the state of New Jersey Wednesday, with a capital stock of $2,500,000, divided into $750,000 preferred and $1,750,000 common, has no connection with the Marsden Company of Philadelphia, which slaughtered a number of unsecured stockholders. The New Jersey concern is an incorporation of the fire proofing business carried on by M. W. Marsden of Manayunk.

We think it can be accepted that the treasury department has made an arrangement with the national banks by which the banks will take out something like $100,000,000 of circulation within a short time for the purpose of providing money to move the crops. We understand that the necessary amount of bonds has been purchased and that the banks all over the country will participate in the measure and that the notes are now being printed—New York dispatch.

It is stated that the subscription lists for the $1,500,000 capital of the Germania-American Trust Company, a charter for which was secured about three months ago, have been largely over-subscribed. A meeting of those in the concern will probably be held shortly to perfect an organization and the number of those interested in the new company are also interested in the Homewood Savings bank, having acquired the controlling interest by the purchase of the majority of the stock several weeks ago. Among those in the new company are Francis J. Torrance, Peter Hermes, George W. Theis, Charles F. Kirschler, R. J. Gillespie, William Zoller and Dr. Herman W. Hechtman of Allegheny.

Dividends.

The Montana Ore Purchasing Company declared a dividend of $2 per share, payable October 3.

The United States Reduction and Refining Company declared 1¾ per cent on the preferred and 1 per cent on the common, both payable October 1.

The Alabama Consolidated Coal and Iron Company declared its preferred quarterly dividend of 1¾ per cent, payable September 10 to holders of record August 26.

Wall Street Brokers' "Tips."

Stocks should be a purchase right away.

I would rather buy Atchison than anything.

Sentiment on Pennsylvania is rather bullish.

The pool is again trying to work Baltimore & Ohio up.

I think there is steady accumulation going on in Manhattan and that there will be a move in it before long.

The advance in Colorado Fuel and Iron was all engineered by insider operations.

We believe that Erie, Southern Railway and Reading should be bought today.—Lounsberry.

Good judges of the market thought stocks generally acted well and that no material decline should be looked for.

I hear from people close to Keene that the market will be much higher on Tuesday next, as the London market is easier to put up and the New York stock exchange will be closed Saturday and Monday.

Unrecorded Quotations.

Mount Royal Cemetery stock offered at 45

Masten & Co. offered Calumet and Arizona Mining at 66.

Hamilton & Walker Company bonds were offered at 106⅛.

Colonial Trust Company closed at 432 bid, it offered at 450.

McFarlane offered Trade Dollar Mining at $1 50 at the close.

Pittsburgh & Charleroi Street Railway 5s were quoted at 106 bid.

Philadelphia Company new 5s were quoted at 106¾ bid and 107 asked.

United States Fire Proofing Corporation bonds were quoted at 103 bid.

Commonwealth Real Estate and Trust Company was quoted at 226 bid and 235 asked.

Treasury Statement.

WASHINGTON, Aug. 28.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve in the division of redemption, shows: Available cash balance, $296,795,068; gold, $142,468,430; silver dollars, $58,533; United States notes, $6,105,259; treasury notes of 1890, $67,862; national bank notes, $14,502,325; total receipts this day, $1,787,043; total receipts this month, $44,545,530; total receipts this year, $84,155,221; total expenditures this day, $1,200,000; total expenditures this month, $41,350,000; total expenditures this year, $98,203,867; deposits in national banks, $126,202,226.

Drygoods Market.

NEW YORK, Aug. 28.—The demand from the home trade for cotton goods is improving in staple lines and the tone for brown and coarse colored cottons is gradually gathering strength. Print cloths are firm, with sellers disinclined to do business at previous prices. Silks and ribbons are very firm, with a fair demand.

Cool Weather Injures the Pickle Crop

PITTSBURGH PRICES FOR FARM PRODUCTS

Visible Shortage of Fifty Per Cent in the Yield of Pickles.

Hay, Grain and Feed.

The market on the grain exchange yesterday was devoid of interest. No change whatever can be made in the quotations, the prices quoted being the ruling price of the week. Receipts yesterday were fair. Oats are somewhat firmer, but no higher in price. They may, however, work higher within the next few weeks.

Receipts bulletined: Pennsylvania lines, 18 cars oats, 17 cars hay, 1 car corn, 1 car feed, 1 car bran; Baltimore & Ohio railroad, 1 car oats; Pittsburgh & Lake Erie railroad, 4 cars oats, Pittsburgh & Western railroad, 1 car oats, 1 car hay.

Following are the official quotations for hay, milfeed, corn, oats and straw, corrected by the superintendent of the Pittsburgh grain exchange:

Straw—Oat, $6 50@7 00; wheat, $6 50@7 50; rye, $8 00@8 50.

Hay—No. 1, new, $15 50@16 00; No. 2 new, $14 00@14 50; No. 2, old, $14 00@14 50; No. 1 mixed, $11 00@12 50; No. 1 clover, $11 00@12 00; timothy, $14 00@15 00; packing, $8 50@9 00; loose from wagon, $16 50@17 50.

Wheat—No. 2 red winter, 61@62c f. o. b. cars within a radius of 50 miles of Pittsburgh.

Corn—No. 1 yellow, 59@60c; high mixed, 58@59c; No. 2 mixed, 60@60½c; No. 2 yellow ear, 75@76c; high mixed, 74@75c; No. 2 mixed, 73@74c.

Oats—No. 2 white, old, 60@65c; new, white, 37@37½c; extra, No. 3, 35@35½c; No. 3, 34@34½c.

Milfeed—White middlings, per ton, No. 2, $21 00@21 50; brown, $20 50@21 00; bran, $16 00@16 50.

Groceries.

The indications are that the pickle crop will be a failure, well-known authorities predicting that the crop will only be half as large as it was last year. While means higher prices for pickles, the shortage in the season is attributed to the shortage. Salt mackerel yesterday advanced $1.25 a barrel and smaller packages in proportion.

Fidelity & Casualty Company Files Suits Against Local Concern.

HAD INSURED EMPLOYES

Empire Fire Proofing Company Made Defendant in Two Test Suits, the First of Their Kind Filed in the United States.

Two test suits were filed yesterday afternoon against R. W. Allison and others, formerly partners trading as the Empire Fireproofing Company, and against the Empire Fireproofing Company, a corporation, by the Fidelity & Casualty Company of New York, to obtain a certain amount of premiums for policies said to be due the plaintiff.

Attorney J. Charles Sheriff, the local representative of the Fidelity & Casualty Company, filed the suits, the first of which asks for $2,137 and the second for $2,002. These actions are said to be the first of their kind ever brought in the United States and a Pittsburgh court will have the power of deciding the first test cases.

The Fidelity & Casualty Company issued a number of insurance policies to the Empire Fireproofing Company to indemnify them against loss or liability for damages on account of the bodily injuries sustained by any of the employes of the defendant company. It is claimed that an agreement was made by both parties at the time the policies were issued, that the rate of premium to be paid on them should be a certain per cent of the amounts expended by the defendants during the terms the policies were in force.

The plaintiff alleges in the suits that the defendants returned false payrolls for less than the amounts really expended. Early last January the Fidelity & Casualty Company asked for an auditing of the books of the Empire Fireproofing Company, a partial audit being allowed. In this partial audit, so the plaintiff alleges, it was found that the payrolls exceeded those which had been returned. A bill for the remaining amount of the premiums was sent to the Empire Fireproofing Company, on which payment was refused, and suit has been entered to collect the money alleged to be due.

The Empire Fireproofing Company is a component company of the National Fireproofing Company which was organized some time ago. R. W. Allison, who was formerly connected with the Empire Company, is now vice president and sales manager of the National Company.

Mr. Allison said if the suits had been brought they would be fought by counsel of the company. He also stated that it has been six years since the Empire Company had any policies from the Fidelity & Casualty Company, but that previous to that time they had carried quite a number of policies.

SUITS FOLLOW RUNAWAY.

Horse Belonging to Kell & Co. Alleged to Have Injured Many Persons.

Kell & Co., Ltd., livermen, are being made defendants in suits to recover heavy damages for the alleged carelessness and negligence of a driver in permitting a horse to run away on December 25, 1901, while he went into a drug store at Atwood street and Fifth avenue, Oakland. The driver was arrested, but afterward discharged.

Three suits have been entered by Attorney L. S. Levine on behalf of H. Meitlein and Rebecca Meitlein, his wife, asking for $1,000 and $10,000 respectively, and Minnie Lutzk, asking $500 for injuries received near Soho, where the horse ran along the sidewalk for several blocks, dragging a carriage with him. It is said a number of other people were seriously injured.

In the statements filed it is alleged the horse was known to be unsafe, and that when the driver left him standing he should have been tied securely. The horse ran from Oakland to Soho before the carriage was overturned and the animal thrown. Mrs. Meitlein alleges she was knocked down and kicked, causing the premature birth of a child. Miss Lutzk says she was kicked and laid up for four weeks with a severe contusion of the arm and nervous shock.

BLAMED IT ON RELATIVES.

Husband's Objection to Keeping Wife's Family Led to Divorce Suit.

Charles Best blames his domestic troubles upon the interference of his wife's relations. He entered divorce proceedings against Annie Best, his wife, and report of the commissioner was filed yesterday. They were married February 3, 1894, and separated September 16, 1898.

The libellant says that his wife's family repeatedly made visits to his house, and when he suggested that they were as well able to work as he, Mrs. Best would become angry and go to her father's house. The libellant says that when he returned from work upon the last date mentioned he found that his wife had all the furniture and all her belongings taken away in a wagon. He also declares that she is now living with a man named Feder at Mt. Pleasant.

The master in the divorce case of Delia Blakeley against Thomas Blakeley filed his report, recommending that a decree be granted. They were married April 17, 1896, and separated in 1899. They have two children. The libellant charges desertion and infidelity.

Still After the Wabash.

Exceptions were filed to the bonds of the Pittsburgh, Carnegie & Western Railroad Company as indemnity for the appropriation of South Side property, by the Pennsylvania Railroad Company, the Pittsburgh, Virginia & Charleston Railroad Company and the Pittsburgh, Cincinnati, Chicago & St. Louis (Panhandle) Railroad Company. They aver that they were not consulted about damages; that the bonds are inadequate and that the property sought to be taken is in use by the exceptants.

LEGAL BRIEFS.

The will of Jacob Krieling of Pittsburgh was filed. An estate worth $2,500 goes to his two sons.

An inventory and appraisement of the estate of Charles A. Fleming shows a valuation of $8,476.77.

The account of the administrator in the estate of Oscar Wertheimer shows a balance due the accountant of $34,883.

The following executions were issued yesterday: John Sheeran vs. Henry Benner, $26.40; Thos. J. Jenkins vs. Patrick B. Kenny, $775; Bellevue National bank vs. Peter Roeder, $391.75; Thomas F. Breen vs. George Massey et al., $772.

An order restraining the sale of property in the bankruptcy case of Frank D. White was made in the United States district court. The court ordered that the service of a subpoena be made on White by public advertisement, owing to a constable's failure to find him.

Testimony of eastern witnesses in the case of John E. Armstrong, suing the partners of Lathrop R. Bacon & Co., against James H. McCutcheon and others, to recover an alleged balance on transactions, was filed. The testimony covers 88 pages of typewritten copy, and refers to stock quotations.

Suit was entered by Abram O. Peterline for himself and 10-year-old son, Antonio, against B. Newton McCormick for $15,000, for injuries to the boy. The plaintiffs aver that while the defendant was engaged in threshing near Moon Run he employed the boy, who fell into a threshing machine and had an arm taken off.

James Prescott, Jr., began action against Andrew A. Artz, who keeps a saloon at No. 803 Federal street, Allegheny, for $5,000 damages. The plaintiff sets forth that after the defendant had been notified by the plaintiff's wife not to sell her husband any liquor, he furnished him drinks when plaintiff was under the influence of liquor. The plaintiff avers he became grossly drunk and broke his leg as a result.

THE THREE RIVERS.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, Aug. 28.—River 6.5 feet and rising. Weather clear and warm. No towboat movements. There is but one coal gauger on charge at present. Capt. Harry Rigdon, Capt. Scott Carr is laid up at home on account of an accident a few days ago. Carr was on the coal boat at the foot of Lawrence street when some men were trying to shift one of his flatboats on a barge. The log fell and struck Carr in the back. The injuries, while not dangerous, are painful. Commodore I. W. Scobee, the other gauger, is at Glen Springs with his wife, where he will spend the remainder of the summer.

LOUISVILLE—River on a stand. Canal, 3.6 feet; falls, 1.4 feet. Mont of locks, 5.6 feet. Business good. Weather clear and pleasant. Packets in and out on time. The new mail steamer for the St. Louis & Tennessee River Packet Company will be launched at Edward Howard's Saturday. Bookkeeper John Gamahly of the Pittsburgh coal combine, who has been ill from typhoid fever, is improving.

HUNTINGTON—River 5 feet and falling. Weather clear and warm.

WHEELING—River 2 feet 8 inches and falling. Weather clear and warm. Departed, Bessie Smith, Parkersburg, 1 p. m.; Greenwood arrived at 5 p. m. and reshipped and returned for Charleston at 8 p. m.

At 8 o'clock last night the Ohio river at Davis Island dam was 2.6 feet and stationary.

News of the Rivers.

Capt. S. S. Brown has returned home from a brief visit to Kentucky.

The Ohio river has remained stationary for several days below the Davis Island dam.

It is rumored that the steamer Liberty will enter the upper Monongahela river trade.

The crew of the Bonanza was transferred to the Sunshine at Cincinnati. Capt. Peyton will be in command.

Capt. Harry Black, master of the towboat Defender, whose boat is laid up at Middleport, is in Pittsburgh.

The new steamer Columbia is due in port. It will be several weeks before the boat is able to start in her trade.

Capt. S. J. Howard will likely be awarded the contract to build the new government snagboat for use on the Monongahela river.

Engineer Thomas Donavan, a well-known river engineer, has been in the employ of the Wabash railroad for a number of months.

The Nellie Bartlett, a small steamer that draws about one foot of water, has the new government boat Slackwater in tow, coming up the Ohio. She will not be able to come above Rochester.

A public meeting will be held at Rochester, Pa., on September 4, at which leading rivermen will air their opinions of what should be done to keep navigation open the year around on the Ohio river.

Dr. W. F. Mead, the marine hospital surgeon, who has been away for two months on a leave of absence, is expected to return to Pittsburgh early next month. He has been visiting in the New England states.

The committee having charge of the Pittsburgh Marine Engineers association steamboat excursion, is composed of Thomas Donavan, Frank Stevens and James McCloskey, Jr. The date is September 6, at Island Park.

A number of pilots expect to leave next week for the lower Ohio river to make a trip of observation. The party may start from Wheeling on some of the small packets and go down the river as far as Louisville. The river is now exceedingly low.

Congressman Theodore E. Burton, chairman of the congressional rivers and harbors committee, has written to Capt. Preston that he will come to Pittsburgh the first or second week in September. Congressman William Reeves of Illinois will be among the other members of the committee present.

The towboat John C. Fisher, which sank several days ago in the Monongahela river at Braddock, may be afloat today. The wreckers had the hull in condition last night to begin pumping it out. It is thought that her machinery will be taken off and placed on a new boat being built to take the Fisher's place.

Capt. Louis Williams has succeeded C. W. Posey as superintendent of construction of the new sand dredgeboat Progress, being built for the Iron City Sand Company. The Progress is to be a double digger, built after the plans of the old Progress, destroyed by fire a few years ago. The old Progress was one of the most successful diggers ever built. She was designed by Capt. J. B. Keefer.

HURT BY RECKLESS DRIVERS.

George Fearnley and His Daughter Run Down in Riverview Park.

As a result of reckless driving in Riverview park, Allegheny, George D. Fearnley and his little daughter, Edith, were seriously injured. They were out driving Wednesday evening in a small pony cart when they were run into and their vehicle totally demolished by two buggies going at a rapid rate.

Both lamps on the pony cart were lighted, but the drivers coming up behind evidently were too intent upon the speeding of their racing animals to notice them. The little girl was thrown out of the cart, her face and body cut, and it is thought her spine is permanently injured. Mr. Fearnley was cut and his leg badly sprained. A valuable dog which was in the cart was killed outright. The racers offered no assistance whatever, but kept on.

NEW HEAD FOR MUNICIPAL INSTITUTION

John Cashmore Succeeds George Barclay as Superintendent of the Hospital.

CHARGE OF INEFFICIENCY

Expose Made by Rev. Harry S. Lancaster of Awful Conditions About the Place Stir Authorities to Action—Disorganization for Months.

Director A. H. Leslie of the department of public safety has discharged George M. Barclay, who has held the position of superintendent of the Municipal hospital. He was discharged, Director Leslie says, because of his inefficiency and general mismanagement. Barclay got the letter informing him that he had been ousted last night. He is to leave the institution at once. His successor is John Cashmore, who has been employed as one of the city's sanitary officers for over 18 years.

Barclay says he was surprised to learn of his dismissal. At the same time he knew that many complaints were lodged against him, before Director Leslie, by those who were unfortunate enough to have been patients at the Municipal hospital.

Director Leslie says affairs at the hospital have been in a bad state for some time. Acute disorganization began to make itself apparent about the first of the year and at no time since then has there been any apparent improvement, despite Leslie's protests, following the complaints that were made to him. Leslie says Barclay seemed unable to care for the patients in the manner prescribed by the physicians.

The climax was reached when the Rev. Harry S. Lancaster, rector of St. Mark's Protestant Episcopal church, South Side, at a recent gathering of anti-vaccinationists, told of the horrors of the Municipal hospital. The authorities made a half-hearted denial that conditions such as the Rev. Mr. Lancaster described existed, but his statements were too blunt and straightforward to be controverted by such contradiction.

At first Director Leslie paid little or no attention to the complaints. Finally he made a personal investigation. Then came the Lancaster disclosures, and then it was decided to act. Leslie conferred with Superintendent A. J. Pitcairn of the bureau of health and Dr. E. G. Matson, and Cashmore was selected.

Barclay was appointed superintendent by Recorder J. O. Brown when the present recorder was director of the department of public safety. He succeeded Frederick Hagan, who was discharged by Crosby Gray, former superintendent of the bureau of health. It was through the efforts of Gray that Barclay was appointed superintendent. He came from the Thirty-second ward and was an active worker in politics.

John Cashmore lives at No. 1 Mahon street. He thoroughly understands the care and treatment of smallpox patients. He is well known in the Thirteenth ward, and is an active political worker in that district of the city.

When seen yesterday Dr. E. G. Matson said: "The change was needed at the hospital. The patients have not received the care and attention they should have. In addition to the mismanagement there are not enough attendants employed at the hospital. More physicians are needed. There should be a resident physician there."

CONTROLLER WARY.

He Declines to Assume the Responsibility of the Deficit in City Finances.

City Controller John B. Larkin has no intention of being trapped by Recorder J. O. Brown into making suggestions for keeping the prospective deficit in city finances down as low as possible. The attempt of the recorder to put the burden on the controller by asking him to suggest ways of escaping the deficit is transparent. Controller Larkin is willing to help all he can, but he refuses to undertake the responsibility of wiping out the machine-made deficit. Controller Larkin said yesterday:

"No, I have no method to suggest to avert a deficit. All I can do is to see that there are no exorbitant or unauthorized expenditures, and hold up the warrants for such. I can hardly be expected to investigate all the departments of the city and tell their heads how they should be run. That would not be proper."

Councils will have to make some provision to tide the city over until next year. Recorder Brown has queried the legal department on the right of councils to borrow money for this purpose, and a reply is expected next week. City Solicitor T. D. Carnahan, who has been away on his vacation for some time, is expected to return tomorrow.

RESCUED HIS SUPERIOR.

Officer Worstell Prevents Lieut. Bizarth from Being Shot.

Lee Mathews, a saloonkeeper, at No. 33 Millvale avenue, Allegheny, was held in $1,000 bail for court trial yesterday morning by Magistrate Henry Hunneshagen of Allegheny, on a charge of pointing firearms. Anton Lutz, the brewer, furnished the bail.

The arrest of Mathews is the result of his alleged attempt to shoot Police Lieut. Harry Bizarth in McClure avenue, Allegheny, early yesterday morning. He was prevented doing so by Policeman Edward Worstell, who grabbed the revolver from Mathews' hand. Mathews at the hearing stated that Lieut. Bizarth threatened to kill him, and as he wished to get first shot, he went to Bizarth's home, No. 24 McClure avenue, and called him to the door. Lieut. Bizarth said that while pretending not to understand what Mathews was asking him Policeman Worstell crept up behind Mathews and they then placed him under arrest.
